This Price List

is the forerunner of a fast advancing market in which 80% of the lines of Groceries are effected. We will not attempt to give our Customers reasons for the astonishing advances on the several lines, but will merely state that our next Grocy Price List (which will be issued in about three weeks), will show the most remarkable advances, which the packers and manufacturers have found it necessary to make on nearly every line of everyday food. It will be greatly to your interest to order your winter's supplies now, as a delay of 3 or 4 weeks will cost a considerable amount extra, and you will only regret having missed the last opportunity of buying on the original LOW COST BASIS.

TEA

Some months ago, before the recent advance in the price of Teas, we saw a sample of a special blend of very choice Orange Pekoe, expertly combined by that world-famed tea firm, the Joseph Tetley Company, of London, England, owners of the great Tea gardens in India and Ceylon. We were so favorably impressed by the fragrance and strength of this Tea, that we immediately placed a large order for same, to be shipped to us in the original 10 lb. lead lined caddie. This Tea, we expect to arrive in Winnipeg in less than a week, and if a 25 per cent saving is any inducement to our readers, we will be sold out before the end of the month. Special, per 10 lb. caddie. \$2.90

Salt Sea Herrings

We are just in receipt of a shipment of these famous Holland Herring, which when fried or baked in vinegar form one of the most appetizing dishes which can be desired. These Holland Herrings are put up in kegs holding from 40 to 50 choice plump fish, and at our special price will be found a more economical food than any other meat or fish you can buy. Add a few kegs to your order and they will be sure to please you. Per keg .75c.

ASSORTED ORDER

This list comprises almost all lines used in the average household daily, there being not a single line which you are not continually in need of. You will find on figuring up the prices you usually pay on these goods that the total cost of this order is about \$17.30. Now to demonstrate the high quality of our goods we are going to supply the following order (quantities and lines as noted below) at the low price of \$11.90.

The chances are that your neighbors will take advantage of this special offering and save \$5.40 or more thereby. Are you going to allow it to pass?

YELLOW, per 20 lbs.	2.85
per 100 lbs.	5.45

COAL OIL

This is a line on which we can save you a great many dollars during the coming Oil burning season. Our sales of Coal Oil are enormous and our expense in handling is extremely small, which fact enables us to give you the best grades of Coal Oil at a very low price. Our Sale of Coal Oil last year was tremendous, our customers all finding that they could effect a direct saving in buying direct in barrel lots, even our British Columbia customers finding it profitable to buy from us and pay freight charges from their respective towns. We have not only got the price down to Rock Bottom, but we have also made arrangements whereby we can ship all oil from any of the Western points noted below, to which points it is shipped in carload lots, thus giving you the advantage of the carload freight rates, in addition to saving you time in the delivery of same. If you will stop for a moment and figure up the quantity of Coal Oil that you burn during the season, and the price you pay in your own town, you will readily see the saving you can make by buying direct from us. Now note particularly these prices which we quote on the best grades only, as they will cost you (i.e., Winnipeg, or any of the following Western towns, from which we will ship direct to your station.

BEACON LIGHT.—This Oil was the best grade sold by us last year, we having shipped hundreds of barrels into private homes where it has given every satisfaction. The price of this Oil is:
 F. O. B. Winnipeg, per gal. \$.19 | F. O. B. Saskatoon, per gal.24
 F. O. B. Regina, per gal.23 | F. O. B. Calgary or Edmonton, per gal.26

LIGHTHOUSE.—This brand is one grade higher than Beacon Light and guaranteed to give a fine white light. Price:
 F. O. B. Winnipeg, per gal. \$.21 | F. O. B. Saskatoon, per gal.26
 F. O. B. Regina, per gal.23 | F. O. B. Calgary or Edmonton, per gal.28

NORTH STAR.—A still higher grade which will burn longer and steadier than is possible to obtain from 75 per cent. of the Oils sold. Price:
 F. O. B. Winnipeg, per gal. \$.23 | F. O. B. Saskatoon, per gal.28
 F. O. B. Regina, per gal.23 | F. O. B. Calgary or Edmonton, per gal.30

AURORA is Coal Oil perfection, being absolutely the best Coal Oil possible to obtain, and a quality which is seldom distributed to country points. This Oil, at the price quoted by us will be found very economical burning. Price:
 F. O. B. Winnipeg, per gal. \$.25 | F. O. B. Saskatoon, per gal.31
 F. O. B. Regina, per gal.30 | F. O. B. Calgary or Edmonton, per gal.33

Note.—We are carrying lower priced Oils than any quoted on this page, but our wholesale prices being so low, we think our customers will find it much to their advantage to buy the better grades. All Oils are put up only in 45 gal. barrels, unless quantity being sold at these prices.

We make an extra charge of \$2.00 for the barrel which may be returned to us when empty, when we will allow the same price, but as these barrels are solid oak many of our customers prefer to use them for private purposes.

Barrel taps supplied free.

Order your Coal Oil now and avoid paying the retailer's prices.

To those who might consider that 45 gallons of Oil would be too much for their private use we might mention that last season a number of our customers bought 45 gallon barrels and informed two or three of their nearest neighbors that they would be able to supply them at a slightly lower price than was charged in the town. By doing they easily disposed of the surplus quantity at a profit to themselves as well as a profit to their neighbors.
