Toronto Live Stock.

There was more snap in the market this morning. The trade seems to be recovering from the usual dullness of the holiday season, and with good quality of offerings the markets in the future should continue to improve. The live stock generally takes a favorable view of the action of the Ottawa Government. Its endeavor this week to set the trade in proper light before the British Government. This action is timely, inasmuch as arrangements will soon begin for the spring trade. It is expected, too, that in view of the possibility of the cattle transportation getting out of beaten tracks that terminal and shipping facilities generally will be so improved as to offer inducements for increased shipments by Canadian ports. The trade this morning showed an improved feeling generally, and while prices did not advance appreciably there was a good demand for choice stock and with the result that the offering good, cleaned up early in the day. Receipts were not at all heavy, the following being the run, 54 cars—667 cattle, 534 sheep and lambs, 1,400 hogs and 19 calves. Export Cattle—The run, as in all other classes, was small; the offerings were, however, fair. Good prices were obtained more by reason of a good demand than of good quality in the stock. Prices remain as quoted, although outside figures were paid for choice.

Butchers' Cattle—The quality of the offerings was rather poor, but what stuff was on the market sold well enough at prices well within quotations.

Stocks and Feeders—Practically none of this class was on the market. Farmers are pretty well supplied and there is no demand.

Hogs—The market was active and receipts were fair to good. A general advance of 12c is noted on all grades. Export hogs are quoted at \$3.25 to \$4.00, bucks at \$2.50 to \$3 and lambs at \$4 to \$4.75. Cattle—Receipts firm. The demand continues good and prices are unchanged.
