SOCIALISTS

Emancipation of Women" wittily emphasized the importance of women in the building of a socialist movement. "The chains of society are discriminatory concepts and practices" and the only equality for both men and women in in "the uncritical adoption of our way of life". Therefore, Nellie concluded, the socialist objective must be the "real emancipation of women which means the real emancipation of men". Nellie's talk generated a lively discussion and concluded an excellent weekend of cooperation and participation in the true socialist spirit.

The Socialist Studies Meetings are a regional division of the Learned Societies Association of Canada and will be held in Western Canada on a biannual basis.

Garneau fight on

"Look, we're going to fight it." This is the warning sounded by David Rankin, president of the Garneau Community League, in response to the proposal that a bicycle track for the Commonwealth Games be built in North Garneau.

In a letter to the Gateway, Rankin argued "that long-term residents of Garneau do not look with equanimity on any attempt to encroach on the residential area still remaining in the course of the expansion of the University." He offered to cooperate with the North Garneau Tenants Association "to ensure that any development of this area" will "take into account the well-being of its residents."

According to Rankin, the Community League will make representations to the city and to the university. They will argue that bringing crowds into the Garneau area will disrupt normal traffic flows and that the bicycle

track is being planned for an area which is still zoned residential. "Anything they do on campus, we can't do much about, but I don't think they're planning it for the campus area," Rankin said yesterday. "Changes have been made here with callous disregard for the people who live in the area. We always seem to have to fight for our existence; its one struggle after another just to live in our homes," Rankin lamented.
