Smith Corona presents three products that can help make schoolwork academic.

The Smith Corona PWP 2000 Personal Word Processor is in a class by itself. It's so compact it can fit in the most compact dorm room. Yet, thanks to features like a built-in disk drive, 100,000 character DataDisk capacity, and a crystal clear display, it makes it easy to transform B's into A's.

For those who prefer an electronic typewriter, the Smith Corona XD 4600 is the typewriter of preference. With its 16 character display and

approximately 7,000 characters of editable memory, you can have the convenience of word processing features with the simplicity of a typewriter.

Of course, the Spell-Right™ 200 also comes with impeccable references. In this case, a built-in electronic dictionary, a thesaurus, a calculator, even a collection of challenging word games.

So if you're thinking Magna Cum Laude at the end of this year, don't forget to think Smith Corona at the beginning of this year.

For more information on these products, write to Smith Corona Canada, 440 Tapscott Road, Scarborough, Ontario, Canada M1B 1Y4.
