

(d) H.M.S. "REVENGE" has been in Halifax Approaches carrying out gunnery practices and special firings.

(e) The situation in regard to the arming of Norwegian and Netherlands ships is still acute, but it is expected to improve in the very near future. In the meantime, Canadian Destroyers have been instructed to land their Lewis guns so that they may be mounted in D.E.M. SHIPS.

(f) Word has been received from the Admiralty that thirty-two (32) 4-inch BL guns are being despatched to Canada during the first week of September.

(g) H.M.C.S. "ALBERNI", a Corvette, was launched August 22nd, on the West Coast.

Chiefs of Staff Committee
