

**SUMMER HILL  
OXFORDS**

They Hold an Unbeaten Record for America

We are now offering a number of ram and ewe lambs sired by Lord Milton at very reasonable prices, quality considered. This ram went to the Western Stock Ranches, Ltd., at \$500 immediately after the Chicago show. We also have shearing ewes and rams as well as a few two-shear rams. Can supply ram and ewes not related. We guarantee satisfaction. Follow our exhibit at the shows and get our prices.

**H. E. WILLIAMS, Sunnyside Farm, Knowlton, P.Q.**

**Gossip.**

**Ram and Ewe Lambs.**

In sending us a few particulars regarding his present offering of Oxfords, W. T. Tilt, of Brampton, writes that all of his ram and ewe lambs are sired by the great imported flock ram Heythrop 42. This ram, Mr. Tilt informs us, was imported by Mr. McKerrow for use in his own flock and his sire, Chardwar Heythrop 2nd, sold for \$1,000 in England, and was considered one of the best rams ever used at Heythrop Park. Heythrop 42 was purchased at the dispersal of the G. F. Moore flock and Mr. Moore it is claimed had the reputation of paying the largest prices for Oxfords of any breeder in England up to the beginning of the war in 1914. In advising us that he refused a long-price for Heythrop 42 from the British Columbia Agriculture College, Mr. Tilt states that his get in the way they are developing leaves no doubt in his mind whatever, as to the wisdom of refusing the offer. In closing he states that all orders will be sent out strictly on approval, with a money-back guarantee if they are not as represented.

**Shorthorns at Welland.**

Of the various new herds of pure-bred cattle established in the Niagara Peninsula during the past ten years none have had more rapid growth than has the Welland River Short Horn herd owned by W. H. Crowther of Font Hill, Ont. Until recently Mr. Crowther has combined with his farming interests a bakery business in the city of Welland, but recently he has disposed of the city business and is devoting his entire time to his fast growing herd of Shorthorns. When founding the herd Mr. Crowther was particularly fortunate in his selection of breeding females. Those selected were not only large and of the correct type, but the families represented were also of the best, and to-day the home bred things on the farm show the results of this careful selection. Here it might be of interest to refer to a few of the individual cows upon which the foundation of the herd was made. Beginning with the Sheppard-Rosemary cow, Rosemary 11th (imp.), a fine type of show cow got by Princely Favorite, we find one of the real good cows of this tribe in Ontario to-day. Next in line comes the eight-year-old cow, Scotch Rose 6th, that carries a wealth of nice, smooth fleshing, and also one of the best Rosebud pedigrees to be found in the herd book. Still another of the older ones is Proud Duchess 5th, that has been one of the most profitable breeders of the lot and still has three daughters in the herd. We should also have added that the Rosebud cow mentioned above has two daughters which have been retained and are probably two of the best heifers bred on the farm. Rosie Meadow is a Kilbean Beauty and also has three daughters as well as two granddaughters in the fields. Still another is a good young breeding cow got by Missie Marquis and she has one of the best Missie heifer calves at foot we have seen for some time. These are the cows from which the younger things in the herd have been bred and the sires which have been used include only College Diamond, the former herd sire, and the present sire Sunnyside Model. The former bull it will be remembered, was an Augusta-bred bull bred at the Ontario Agriculture College and got by the noted college herd sire, Proud Diamond. Sunnyside Model the present herd sire is got by a son of Right Sort (imp.) and is out of a Cruickshank-Lovely bred dam and is proving one of the good breeding young sires of this country. Up to the present there are only 9 calves to arrive which are got by him but eight of these have been heifers all of which are still with their dams, and all of which showed exceptional promise. Of the 15 or 20 females which are bred to Sunnyside Model almost a dozen are heifers due this fall and half this number are included in the present sales list. Mr. Crowther informed us that these heifers would be priced exceptionally reasonable if they were taken away before it was necessary for them to be stabled. Welland River farm is only one and a half miles from the city of Welland, but all correspondence regarding the Shorthorns should be addressed to Mr. Crowther at his Font Hill address.

**Ideal "Strikers"**

They strike somewhere every day. They strike readily. And they make no splutter or fuss about it. When they have struck they shew a clear and steady flame. They are reliable before—and steady after their strike. They are safe! They won't explode when trodden on. Their heads are firm and do not fly off. They perform well their mission in life. Theirs is a merry life, tho' a short one. When they are put out, they stay out. They are guaranteed not to burn again in after life.

**They are Eddy's Matches.**
