WOODWARD WATER BASIN

Woodward Water Basins

Will increase the flow of milk from your cows, and at the same time keep them healthier. The water is always uniform in temperature. There is no swilling of cold water once a day and a resultant checking of the natural flow of milk.

They are not expensive to install, and the extra profit will pay for them in a very short time.

Send your name and address to-day for a copy of our free Catalogue.

STEEL STALLS AND STANCHIONS

There never was a time in the history of Canada when the dairymen were paying so much attention to ventilation, sanitation and equipment of their dairy stables.

This is an age for cement and steel. When you are laying your stable floors it is an easy matter to install Steel Stalls and Stanchions.

An increasingly large number of stables are being equipped with

LOUDEN'S STALLS AND STANCHIONS

because they give PERFECT SATISFACTION wherever they are used. They are made of tubular steel, fastened together firmly with malleable coupling, without in any way weakening the stalls. The stanchions will hold the strongest bull, and yet they are so arranged that no weight of any kind rests on the animal's neck. For prices, plans, circulars, etc., write:

When the Bluebirds start a warbling
And the Mocking birds to mock;
When the summers here with roses
And the sun's the farmer's clock;
"When the frost is on the pumpkin
And the fidders in the shock;"
When snow balls come a whizzing
And the paths the snow drifts block.

"BAKER" Wind Engines

The "BAKER" Wind Engine is built for heavy duty. Neat and compact in design. Do perfect work because they are built on principles that are absolutely correct, and the easiest-running mill made.

The wheel is built on a hub revolved on a long stationary steel spindle. As a result there is less friction.

It has a large number of small sails without rivets. The small sails develop the full power of the wind.

The engine is so constructed that the gears cannot wear out of mesh.

Has ball-bearing turntable, and self-regulating device.

All working parts are covered with a cast shield, thus protecting same from ice and sleet.

We make a full line of steel towers, galvanized steel tanks, pumps, etc.

All goods fully guaranteed. Write for catalogue No. 58.
