They will leave Halifax on Mondays, Wednesdays and Fridays; and St. John on Tuesdays, Thurs-days and Saturdays. C. J. BRYDGBS, General Supt of Gov't Railways.

FROM

which constitute Health, Blood, Muscle and Nerve and Brain Substance, whilst Life itself is directly dependent upon some of them. By its union with the blood and its effect upon

the muscles, re-establishing the one and toning the other, it is capable of effecting the following results :

It will displace or wash out tuberculous matter, and thus cure Consumption. By increasing Nervous and Muscular Vigoe, it

will cure Dyspepsia, feeble or interrupted action of the Heart and Palpitation, Weakness of Intellect caused by grief, worry, overtax or irregular habits, Bronchitis, Acute and Chronic Congestion of the Lungs, even in the most alarming stages.

It cures Asthma, Loss of Voice, Neuralgia, &c., St. Vitus Dance, Epileptic Fits, Whooping Cough, Nervousness, and is a most wonde.ful adjurct to other remedies in sustaining life during the process of Diphtheria.

An endless chain of good effects is formed by

#### Fellows'

Compound Syrup of Hypophosphites. and we are safe in saying, from a long experience in medicine, its virtues are not possessed by any other combination, as the following will demonstrate.

IT IS ACCEPTABLE to palate and stomach. SUFFICIENTLY POTENT to insure decided benefit, yet harmless, howsoever long its use may be continued. This characteristic is possessed by no other remedy.

IT ASSISTS DIGESTION and assimilation.

IT VITALIZES THE BLOOD, supplying such ingredients as may be required.

IT RESTORES TONE to the nerves. IT GIVES POWER of endurance and of con-

centration to the mind.

IT PROMOTES VIGOR in the organs which depend for health on the involuntary muscular action, viz : the Liver, Lungs, Heart, Stomach, and Genitals.

And unless afflicted with some disease involving ABSOLUTE OBCANIC LOSS, it will sustOin the system until it reaches the age allotted to man by a beneficient Creator.

NO PERSON will be disappointed in the effect of FELLOWS' HYPOPHGSPHITES, who rigidly

ollows the directions. FELLOWS' HYPOPHOSPHITES.

#### INCEPTION.
