Harbor Grace Street
Amendment Bill.

The Clerk of Assembly brought up a Bill entitled “An Act to amend an Act of the General Assembly, entitled ‘An Act to regulate the Streets of the Town of Harbor Grace,’ ” for the concurrence of the Council; and requested the Council would confer with the Assembly on the Water Street Bill.

—read 1st time.

On Motion of His Honor the President, the Harbor Grace Street Amendment Bill was read a first time.

A Message was then sent to the House of Assembly, stating that the Council accede to their request for a Conference on the subject of the Water Street Bill, and had appointed two of its Members to meet the Managers of the Assembly in the Committee Room, immediately.

Mr. Crowdy and Mr. Bland were appointed Managers, who reported, on their return from the Conference, that some objections had been made by the Assembly to the Council's amendments.

The objections having been taken into consideration, it was—

Resolved, that the Committee appointed to manage the Conference be instructed to state that the Council agree to withdraw the 1st, 3rd, 5th, and 7th, and that part of the 8th Amendment which expunges the 9th section of the Bill; and they feel themselves called on to state, that in withdrawing these amendments they are influenced by an earnest desire that some measure calculated to protect the Town from the calamitous fires to which it has been subjected, should be adopted, although it does not go to the extent that the Council consider desirable.

Resolved, that the Council cannot agree to withdraw their amendment expunging the 5th section of the Bill.

A Conference was then requested with the Assembly, and the Council's Managers were instructed to present to the Assembly the Resolutions above stated, which on their return they reported they had done.
