TENDERS WILL BE CALLED FOR

In This Way Echo Place People Will Know Cost of Proposed Walk.

Last night a special meeting of the Township Council was held in the office of Township Clerk Smith to consider the passing of a by-law for the construction of the Echo Place sidewalk on the north side of the Hamilton Road. The engineer submitted his report which showed that the estimated cost of the proposed work would amount to \$5,000. This paid for on a 20 year debenture plan would be equal to 6c per running foot frontage for 20 years or equal to 30c per square foot of walk.

The members of the council discussed the situation and the rate-payers present who were opposed to the proposed work, contended that the engineer's estimate was not high enough. It was then decided to as far as possible verify the engineer's estimate by calling for tenders for the work. The passing of the construction by-law was postponed until such tenders were received and the parties interested, ascertained the cost to them of the proposed work.

Aberdeen Ave. Walk.
The Township Clerk certified that the petition for the construction of a sidewalk on both sides of Aberdeen Avenue was sufficiently signed. A resolution was passed directing the township engineer to make his report on the petition pursuant to the local improvement act. The council then adjourned to meet Tuesday, September 2.

Local News

Stores Were Open.

On account of Monday being civic holiday, the stores did not observe the mid-week half-holiday this afternoon.

Band at Hamilton.

The Dufferin Rifles band, 35 strong, left for Hamilton this morning, where it will take part in the festivities which are being held there to-day.

Attending Banquet.

His Worship Mayor Hartman is in Hamilton to-day at a banquet in the Royal Hotel given by the committee in charge of the old boys' reunion.

Hydro-Electric Notes.

The lines for the new sub-station for the Hydro-Electric Commission were laid out yesterday, and the contractors, Bennett & Bowden, will commence work on the building at once.

Scouts Go to Hamilton.

The headquarters patrol Boy Scouts go to Hamilton to-morrow to take part in the Scout rally in the afternoon in connection with the centennial week. The patrol will take along the Colborne Street cycle stretcher.

Brantford Pupils.

In the results of the Toronto Conservatory of Music examinations are the following Brantford pupils: Vera Styles, first year piano; Nellie Silverthorn, pass, first year, piano; Gordon Mitchell, second year, pass.

Met With Accident.

Ray Collins, who pitched for the Red Sox in the early part of the season, met with an accident last week while leaving the hall grounds in Worcester, Mass. It appears that he was taking a short cut to a trolley car and tripped and fell, striking his head on a rail. He received a cut on the side of the head and was badly shaken up.

Will Make Merry.

Brantford printers will hold their annual picnic at Mohawk Park on Saturday, and they have kindly invited the editorial and news staffs of both papers. This means trouble, as special events have been arranged for the latter. The executive committee met last night and reported all arrangements complete for a fine outing.

Married.

Rev. A. J. Snyder on Saturday afternoon united in marriage, Wm. H. Rickford and Miss Margaret J. Penn, both of this city. The pleasant event took place at the parsonage, Terrace Hill street. The happy couple will reside on Victoria street. Their many friends will extend hearty congratulations.

Bowling

There are five rinks left in the Telephone City Trophy, viz. T. L. Wood who is playing Frank Read at the Heather Club this afternoon, play starting at 2 o'clock. In this round Mr. D. G. Husband's rink was fortunate enough to draw the bye. Mr. N. Creech, of the Dufferins, is playing the Heather rink skipped by Mr. G. Raymond at the Brantford Club, play commencing at 2 o'clock. The tournament so far has been a great success. Everyone on the committee, the president, Mr. T. L. Wood and the secretary-treasurer, Mr. R. C. Burns, who has acted in that capacity ever since the tournament was inaugurated four years ago, have been indefatigable in their labors. There was a grand feeling of pleasure on the rink skipped by R. Inskater of Paris, carrying away some of the 'jewelry'.

BUILDING HOUSE ALL IN ONE DAY

Unique Performance at Hamilton Centennial--Second Day of Big Week.

HAMILTON, Aug. 13.—Although "A house to be built in a day" was one of the announcements made for the Hamilton Centennial Exposition, most people received the announcement without considering what it meant or else idly speculated as to how it could be done.

Last night Hamiltonians were actually witnessing the operation, and though the first sod was turned only at a quarter to five, the building which seen five hours later was already up to within a few feet of the second storey. The brickwork could be seen to grow steadily under the efforts of a small army of bricklayers. The house is in every respect to be equal to the average eight or nine room residences. It will be of two storeys, and the completion of the house meant that every detail of steamfitting, plumbing, finishing and furnishing is to be ready within exactly twenty four hours after the work of turning the first sod commenced. It will be possible if the work is done on schedule time for a family to walk in to-morrow night and see the house without anything further being required other than getting in provisions.

As the workmen necessarily would be at work all night, powerful arc lights were strung on poles round the building. There were at midnight between 300 and 400 men at work, or ready waiting their opportunity to begin. The carpentering is going on simultaneously with the bricklaying, and as concrete mortar is being used, a concrete mixer is kept constantly at work.

Detail of Construction

The building is approximately 35 by 33 1-2 feet, and will have nine rooms. Its foundations are of concrete blocks, and the brick work will be exceptionally heavy, the walls to be 13 inches thick up to the second storey. An outside tier of handsome buff-colored bricks being laid over the regular way with laths and plaster, the heating is to be done by hot water, and the finishings, including the floors, will be of hardwood. Ald. James Byers, who is in charge of the building, is in charge of the work, and when seen last night declared that although short of laborers, of whom only forty turned up, while 120 were required, the work is only two hours behind schedule and is now going along at an exceptional rate. He said, so that it does not expect any difficulty in having it complete in time. The house is to be given to the winner of a guessing contest open to everyone entering the grounds, and the winner will be announced at the close of the contest. The building is being erected in Brantford Park and it will probably be moved at some future time.

At three o'clock yesterday afternoon there was not a sign or trace of anything on the grounds. Sharp on the hour, however, the progressive band led a procession of over fifty wagons bearing bricks, lumber, cement blocks and other supplies which were at once placed in their allotted positions and the men, after each had donned a new suit of overalls formed a line about the space for the foundations which had been marked out by this time. Mayor Allan then at 4.45 turned the first sod, and at noon the men commenced to dig. In thirty minutes they had three feet of foundations excavated, and the first blocks were being placed into position.

The work progressed steadily and about 8.30 the corner stone was ready to be laid. The Mayor again officiated, and after a brief speech in which he complimented Ald. Byers for the excellence with which he had planned each detail, even a lunch counter for the men being set up on the grounds, laid the corner stone bearing the date.

The Old Boys' Day.

The second day of the Centennial Celebration was devoted to the Hamilton Old Boys, the official title being "Old Boys' and Visitors' Day," and the feature of the celebrations from a spectacular point of view was the Old Boys' procession, in which over 500 people took part. Delegates from the various cities dressed in more or less distinctive manner, and preceded by five bands, paraded around the various streets from Victoria Park to King and Wellington Streets their line of march being crowded with citizens, a large proportion of the city's population turning out to cheer and welcome the visitors.

All the Old Boys were geared in brilliant colors of the Highlander uniform or bright hat bands and

CASTORIA

other regalia in keeping with the brilliant colors of the Highlander and Grenadier bands.

The Toronto delegation—one of the largest—occupied the place of honor at the head of the procession, and its members, dressed in white trousers with blue coats and white hats, presented a very smart appearance. The first line of the procession consisted of seven men each carrying a large letter, the aggregate forming the word "Toronto." These were followed by the 48th Highlanders' band, and then the Old Boys to the number of about 200. At the end of the Toronto. The other consisted of a large "T" one in the shape of a large express wagon carrying the 47 members of the Langlois family from Toronto. The other consisted of a large pigpen, in which was an immense hog, while the sides of the pen bore large banners, one with the words, "Don't be rude to-day," the other "We are Hamiltonians, not hogs."

The Ford band followed, forming the advance guard of the Detroit section, and this was succeeded by a number of motor cars. Then came the 13th Regiment band with the Cleveland Old Boys, and following them in order were the 91st Highlanders' band, and the Chicago delegation; the Niagara Falls contingent and the Royal Grenadiers' band from Toronto; while the Rochester and London sections brought up the rear, with delegates in smaller numbers from other places.

Man Attacked by Rats

A working engineer employed at the Hungerford outfall works of the London sewage system, while making his rounds on Tuesday night, saw a large rat on one of the covers. With a wrench which he was carrying the man struck the rat which squealed. Immediately scores of rats appeared and attacked the man ferociously, tearing at his trousers. Taking to his heels the man was pursued by the animals for several hundred yards, but escaped with no worse damage than badly torn clothing.

With the City Police

John Carey, who was a cook at the E. & N. K. construction camp, had his employers before the magistrate for not keeping their contract. The cook had trouble with his cookee, and also his cookees were not satisfactory. The cook threatened to leave if he didn't get an assistant. The company had to pay \$40 and costs.

The case of A. Henderson and Clarence Betts was dismissed. Betts and Henderson were charged with relieving a companion of a few hundred dollars, but it appears that this fellow makes a business of being relieved of money, having done a similar stunt in Woodstock a few weeks ago. The case was therefore dismissed, the defendants being honorably discharged.

High County Constable Kerr arrested at a late hour last night, at Brantford, a man named Russell Winegardner, for attempting to commit rape upon an 11-year-old girl. The case came up in the police court this morning, but was adjourned until to-morrow.

Three drunks who were first offenders were allowed off.

Union of 20,000 Farmers

Addressing a largely-attended meeting of the North Wiltshire branch of the National Farmers' Union at Swindon, on Monday, Mr. Colin Campbell, of Newark, president of the general union, said it had now become absolutely necessary that farmers should combine in their own interests. The union had 20,000 members, and he attributed its success largely to the fact that it was free from party politics.

For throwing a lighted lamp at his wife John J. Murphy was sentenced to three months' hard labor at the Cork Police Court.

Obituary

Infant Carter

The sympathy of a large circle of friends is extended to Mr. and Mrs. Thomas Carter, 136 Eagle Ave., in the loss of their infant son, James, aged five months, who died yesterday afternoon. The funeral takes place to-morrow to Mt. Hope cemetery.

You Can't Break a Kremetz Cuff Button

If you think you can, come in and try at our expense.

It is obvious that a button so strong as the Kremetz, will never break with use.

If a Kremetz Cuff Button is ever damaged from any cause, any dealer will replace it free.

Made in many beautiful designs in 14K Rolled Gold and only \$2.50 a pair. Buy yours here.
