### WINNIPEG GRAIN MARKET.

WINNIPEG, Sept. 2.—Wheat prices opened fairly steady, influenced by American wheat. Afterwards there was good buying in futures and a fair demand for cash wheat. No price change on all months around 1 1/2c to 1 3/4c up to noon, October leading. Unfavorable weather conditions practically all thru Manitoba and in parts of Eastern Saskatchewan, and the spring wheat in districts of the States were factors in causing the advance. Exporters are still going slow. Wheat closed 1/2c to 3/4c higher.

Cash grains closed—Wheat, 1/2c to 3/4c higher; oats, 1/2c to 1c higher; barley, 1/2c to 3/4c higher; flax, 1/2c to 3/4c higher.

## STORIES FROM THE FRONT TO-DAY TELL OF BRITISH BRAVERY AND ENDURANCE

### Germans Show Signs of Wear and Unsteadiness—Ninth Lancers Made a Wonderful Charge Against Artillery.

(By Special Wire to the Courier)

LONDON, Sept. 3.—The Daily Mail's correspondent behind the British lines, describes the charge of the Ninth Lancers, which occurred at an unnamed spot during the recent series of tactical retreats, as a second Balaklava. He says:

"Terrible havoc had been caused in our ranks by shells from a battery of eleven German guns posted inside a forest near the Belgian frontier.

"It seemed impossible to silence their fire until the Ninth Lancers made their attempt, riding straight at the guns after dashing under the open and charging under a hail of melinite and lyddite.

"I have not been able to get reliable figures as to the distance they rode, but they reached their goal. Nothing could stop them. They reached the guns, killed the gunners and put the guns out of action. Then, like their prototypes of Balaklava, they rode back.

"On the return they fell in greater numbers still from the attack of other German batteries posted at advantage points around the valley.

"Notable bayonet charges were made at (name deleted) on Wednesday last. Several British infantry British regiments occupied an exposed position around which the Germans gradually circled, drawing the noose closer and closer.

"The British decided to cut their way through the cordon. So the men went at it yelling and shouting and got through, although the German artillery mowed them down frightfully.

"The German machine guns have been tremendously effective in all engagements thus far. Men saw the South African war say the hottest firing there was childish compared with what the British troops have undergone since their arrival in France. So far as I can learn, thus far the Germans have lost 26 of these guns.

### BRITISH SUPERIORITY

LONDON, Sept. 3.—The Chronicle's correspondent at the front, writing from an unnamed town in the Department of Somme, Tuesday, says:

"The superiority of the British artillery, coupled with the pluck of the British infantry is rapidly telling on the German attackers. A few more days such as Sunday and Monday, and the German army invading northern France will have destroyed itself completely.

"No army that ever existed could endure and survive the terrible losses sustained by the Germans in the last few days. Whole divisions of infantry have been blotted out and shattered, and the German ranks are beginning to show demoralization as a result of the latest assault, the Germans manifested unmistakable signs of unsteadiness, were seen to waver and frequently to break and flee in confusion. As a result of the prolonged battle the German line has advanced a few miles but has not gained any marked or decided advantage."

### CONFIDENT OF SUCCESS

LONDON, Sept. 3.—3:39 a.m.—The Daily News correspondent, writing from Gournay-en-Bray, a small town near Rouen, says:

"The German advance is amazing. A great battle is raging with what result I do not know, but I do know that the French and British armies are intact and still confident of ultimate success.

"Incredible as it seems, the tremendous masses of men that the Germans have hurled at the allies have not overwhelmed them. It seems now that the Germans have the weight, the allies certainly have the wit and science, and these, with reinforcements, will eventually win."

"General von Heintz has been successful, but in the centre and left centre the allies were not so successful, being obliged to retire. As a result of Sunday's battle the German rifle play in the name of town (deleted by censor).

### EFFECTS OF ARTILLERY

LONDON, Sept. 3.—The Daily Chronicle's Haver correspondent, in commenting on the small part which rifle fire play in the German attacks quotes a Red Cross surgeon, who he says declares that out of 500 wounded he has treated only one, who was suffering from a rifle bullet. All the other wounded had been injured by shrapnel or shell fire.

## A Great Victory

LONDON, Sept. 3, 1:15 a.m.—A despatch from Petrograd (St. Petersburg) dated yesterday, the correspondent of The Times quotes the message of Grand Duke Nicholas to the Emperor on the Russian victory in Galicia as follows:

"I am happy to gladden your eyes with the news of the victory won by the army of General Ruzsky. After seven days of uninterrupted fighting the Austrians are retreating in complete disorder. In some cases they are running away and abandoning their guns, rifles, artillery, packs and baggage trains.

"Prior to this decisive battle the General Ruzsky's army captured 24 guns, a multitude of firearms and a great number of machine guns."

### ROAD TO BERLIN.

ROME, Sept. 3, via Paris.—The Russian embassy has received an official report from Petrograd setting forth that Russian troops are triumphantly marching on Lemberg repulsing the Austrians all along the line. The fighting has been on a gigantic scale, 800,000 Russians being engaged against 600,000 Austrians. If all indications do not fail, the report from the Russian continues, the Russians will be definitely victorious and as a result the roads to Vienna and Berlin will be open to the Russian armies.

### SERBIAN VICTORY.

ROME, 8:30 a.m., by way of Paris, 1:45 p.m., Sept. 3.—A telegram from Nish, Serbia, says that in a battle at Jadar between 200,000 Austrians and 180,000 Serbians, the latter put 140,000 Austrians "hors de combat."
