ATHENS

M. WHITE & CO'S

Tailoring and Gent's Furnishings

BROCKVILLE.

King Street.

During the past few weeks, Arza Sherman has been busy making repairs and improvements in his machinery and now has a fine mill in first class order. Alex. Compe has charge of the saw mill, which is a sufficient guarantee that the sawing will be done in a first-class manner. Mr. Sherman has also got in a planer and other machines for making beehives of which he makes a specialty. He has a large wood turning lathe for that class of work.

To be sure see the fine stock of Wall Paper at G. W. Beech's, before buying elsewhere.

THE GREAT NORTH WEST.

On Monday evening the lecture on the subject of "Canada for Canadians," and the Great North West" held at the Lecture room of the high school was attended by a very large number of persons who paid keen attention to all of the entertainment.

A Chamber Set worth \$16 will be given to the person guessing the nearest to the number of seeds in a squash on exhibition at T store. Every purchase of one pound of T or coffee entitles the purchaser to one guess. —T. W. Dennis, Brockville.

During the past week Mr. Thos. Moles has drawn to the mill yard of Bullis & Sherman a large quantity of cedar posts. These were fastened on one side and used as stringers for building and repairing the sidewalks in the village during the next season. They are the finest lot of cedars for the purpose we have ever seen.

Special services will be held in the Anglican church this Parish day and Sunday. The services will be delivered by the Rev. Wm. Wright. On Ash-Wednesday (to-morrow) service will be held in Christ Church, Athens, at 11 o'clock a.m., and at Trinity Church, Lansdowne, at 7 o'clock p.m.

The annual report for 1891 of the A. O. U. W. shows that during 1891 the amount of cash was \$851,300.12; the amount paid for death losses, \$302,000. The number of applicants for membership was 3,433, and the amount of insurance written up \$9,666. The number of members in good standing on Dec. 31st, 1891, 25,260.

Your office stationery is your representative to the wholesale houses. It is added to every one with whom you have correspondence, and you are to some extent judged by its appearance. You should therefore have well printed note and letter heads, stationery, envelopes, etc., and no one can give you better work or more reasonable prices than the Reporter printing house. Call and leave your order.

You can never know the zest of hunting or fishing until your dinner depends on your success. You have until you have spitted your fish or meat on a freshly peeled stick, rubbed in the salt with your fingers, and broiled it over a hot fire, you are watching it jealously lest it get ablate, and all the time that meat is browning you grow hungrier and hungrier; and every time it sputters in the glow you catch a gasp of fear, and wonder whether a single haunch of venison can supply your wants.

Origin of the Word Dennis. During the reign of Henry VIII. there lived in Lincoln, England, a famous ballad name in the management of his business, and so detestable in annoying those who refused the payment of an account with him, that he was called "Dan Dennis," because common advice to the owner of a bad debt. To this people is due what to not a few people is the most disagreeable word in the language.—25.

Day after day the evidence accumulates that the "Myrtle News" is the people's favorite tobacco. The demand keeps increasing, and from every new circle of consumers who have been induced to try it the evidence is emphatic in its quality. The friends who have once made these quantities will be kept up to their full standard by the manufacturers of it. It is to these quantities that they re-attribute their marked success. To the quality they will adhere at all cost, and also to the price if that be possible.

The High Standing Committee for Ontario, O. F. M. in Toronto on Saturday Feb. 20th. The affairs of the Order in Ontario were fully considered and found to be highly satisfactory. It was found that over 1,200 new members were received during the past six months. The new courts organized for the same period amount to 42, which is an increase on any former record. The total amount of the fund of January was \$2,500, and the reserve on the 1st February, after paying \$30,000, was \$411,648.39.

People must not recklessly shoot their neighbors' dogs. A case of dog killing came before the magistrates at Peterborough a few days ago. The defendant admitted shooting the dog, but said he had warned the owner that he would shoot the animal if he did not keep it at home. The witness in evidence differed as to the value of the canine. Some of those for the plaintiff said the dog was worth two good cows, or about \$50 or \$60, while the defendant's witnesses stated that the animal was worth nothing or not worth anything. The magistrate found the defendant guilty of shooting the dog, and fined him \$2 and costs. He fixed the value of the dog by taking the average of the different values of the witnesses and ordered defendant to pay \$20 damages.

An Ottawa's Ingenuity. Ottawa's brains will be represented at the World's Fair in Chicago by an ingenious piece of mechanism, the work of a well known jeweller, Mr. Saul Laporte, of Sussex street. It is a perfect model of a passenger steamboat, made out of brass, silver and gold. Even the minutest details are reproduced, such as the rigging and ropes, which are delicate threads of the finest gold. The hull of the vessel is of brass and the dimensions are twenty-four inches in length, and ten inches in breadth. On being wound up, the walking beam, commences its regular motions, continuing for an hour, during which the paddle wheels revolve. At the same time, by a ingenious arrangement inside the hull, the sound of the wash of the waves, as the paddles dip is exactly reproduced, although there is no water. This wonderful curiosity is made of 2,000 different pieces, took two years of patient labor to construct and is valued at two thousand dollars. The whole is kept together by only two simple screws. It is on exhibition at Mr. Laporte's establishment, and is visited by admiring crowds.—Free Press.
