ST. JAMES' ELECTION

PROCEEDINGS TO DISQUALIFY MR. BRUNET.

Chief Justice of the Supreme Court's Caustic Comment in Dismissing Respondent's Appeal-Evidence Closed in Montreal.

Montreal, Dec. 13.-The hearing of the vidence in the election protest against Mr. Joseph Brunet, M.P. for St. James' division, was closed yesterday. Mr. Bisaillon, K.C., declared that he would not now proceed against the other parties who have been shown to be mixed up in the case. He would rather have Romney, for 1903. Apply, giving re- c iminal proceedings taken, or refer the matter to the Minister of Justice. The argument on the disqualification of the espondent, Brunet, was adjourned until to morrow. The appeal taken to the Supreme Court by the respondent was quashed at Ottawa, in granting the motion presented by Mr. W. H. Barry, on behalf of Mr. Be geron, to quash the appeal from the judgment of Mr. Justice Lavergne, fixing the hear-ing, Chief Justice Sir H. E. Taschereau ing, Chief Justice Sir H. E. Taschereau said the appeal was a contempt of court, and steps should be taken to prevent the also such appeals in the future. He also made the remark that it has been so often decided in reported cases by the court that no appeal in election cases lies under the statute, except from judgments upon preliminary objections or upon the merits after trial; that Brunet's appeal must have been advised either through inexcusable ignorance or in bad faith, and for the simple purpose of obstructing the administration of The record in the case, which had been transmitted to Ottawa, was returned by order of the Chief Justice of the Supreme Court, and was in court here yesterday.

BRITAIN AND ABYSSINIA.

IMPORTANT RAILWAY AGREE-MENT RECENTLY RATIFIED.

Right to Build Line Through Abys-Ugandi Territory.

London, Dec. 13.-The Foreign Office has issued the text of the Anglo-Abyssinian treaty, which was ratified October By this treaty Great Britain obtains the lease of a slice of territory near Itang, on the River Baro, as commercial station, and the right to construct a railroad through Abyssinia, connecting the Soudan with Ugandi ter-

WINTER FAIR CLOSES.

Big Prices Realized For Prize Beef and Poultry.

Guelph,Dec: 13 .- The Winter Fair closed this afternoon after the most successful meeting in its history. To-day's attendance was not so large as on previous days, but it was regarded as quite satisfactory in view of the shortness of the programme. By to-night most of the exhibits had been removed, and the | well, do not have a good keen app city's visitors had nearly all gone home. The sale of the carcasses and the chicken-plucking contest were the notable features of the day. In the former the auctioneer knocked down the sweep-stakes bullock, "Bobs," shown by James Leask of Greenbank, to A. Barber of Guelph, at no less than \$2.10 a pound pounds. Another carcase for 1,200 weighing 814 pounds was bought by T. Allison & Son, Galt, at 60 cents per pound. The beef averaged generally about 81-2 cents. Some fancy prices were also realized in dressed poultry. The first prize pair of ducks sold for \$4.50 each, and the turkeys at \$4.25 each. Chickens sold as high as \$1.50 each. A block of forty turkeys were bought at 20 cents per pound. All the hog carcasses, 62 in number, were good working order or not. bought by J. & H. McHardy, Guelph, Stuart's Catarrh Tablets by 

Mr. George Watson, K.C., to Apply For Early Hearing.

Toronto, Dec. 13.-It is understood that the appeal in the South Oxford petition will be heard very shortly. Notice has been given by Mr. George Watson, K.C., bringing the matter before the Court of Appeal by reason of the disagreement of the Judges, and it was set down to be heard. Application will be made by Mr. Watson at once to fix a date. The hearing will be limited to the two charges in respect to which the Judges disagreed to above 102 the personal disagreed: charge 102, the personal charge against the respondent, Donald Sutherland, and charge 70, that Stephen King had bribed W. C. Collins,
Justices Osler and Maclennan are the
rota Judges appointed for the hearing of the election trials for the coming

year. THE RECOUNT REFUSED.

Judge Morson Rules Against the Application.

Toronto, Dec. 13 .- Mr. Alexander Mills, Chairman of the Temperance Committee of South Toronto, applied to Judge Morson for a re-count of the ballets under section 76 of the Ontario liquor act of 1902. In South Toronto

## BAD BABIES

Are often only hungry babies. They cry and fret because they are ill-fed. The healthy mother is sure to have good babies; babies that coo and sleep and grow. Mothers who use Doctor Pierce's Favorite Prescription.

Prescription, are generally healthy and happy, and have healthy, happy children "Favorite Prerite Presoothes the nerves etite and cau and refreshing. It gives a great physical vigor and muscular elasticity so that the babe's

that the baby's advent is practically painless. It is the best tonic for nursing mothers, restoring

strength and promoting an abundant flow of nutritive secretions. flow of nutritive secretions.

"I can cheerfully recommend Dr. Pierce's Favorite Prescription as one of the best medicines for women," writes Mrs. Mary Murdock, Murdock, of rost Woodard Ave, Topeka, Kan. "I sider it the best medicine made. I know it has no equal. I am the mother of ten children and only one living—the tenth one. She is one year old and is as well and hearty as can be. She is a beauty. Of my other babies, one lived to be one year old, but she was always feeble. I tried different doctors, but none of them could tell me what my trouble was. They said I was well and strong. I was examined by surgeons but they found nothing wrong, and they were pussled to know what my trouble was. I did not know what to do, so I thought this time I would try Dr. Pierce's Favorite Prescription. I took it the entire nine months and now have a fine baby girl, and I cannot praise your medicine enough for the good it did me."

"Favorite Prescription" makes weak

"Favorite Prescription" makes weak women strong, sick women well. Accept no substitute for the medicine which works wonders for weak women. Dr. Pierce's Pleasant Pellets are easy and pleasant to take. A most effective

laxative.

The Cable to Hawaii.

San Francisco, Dec. 12.-An unsuccess ful attempt was made to-day to lay the shore end of the cable to Hawaii. A strong unfavorable tide was the chief cause of the failure. The day was per-fect as to weather conditions, and the ceasion had been made the cause for a semi-holiday. Fully 25,000 people gathered at the beach, half of them school children, to witness the beginning of the cable laying. The cable steamer Silver red off the beach soon after daylight, but it was decided to delay sinia to Connect the Soudan With the hauling of the cable ashore until Monday.

Galt Hotelkeeper Fined.

Galt, Dec. 12 .- Judgment in the New Royal Hotel cases was given to-day by the Police Magistrate. F. A. Henry, the proprietor of the hotel, appeared before he Magistrate on Nov. 23, charged with 'efusing to admit a police officer in the execution of his duty, and also for keeping two bars. On the first charge a ine of \$50 and costs or three months imprisonment was imposed, and on the nd charge a fine of \$20 and costs or

WHAT IT MEANS TO YOU.

Few People Realize the Import ance of Good Digestion

Many people suffer from dyspepsia Minneapolis, Minn., Dec. 13.-Six men and do not know it. They feel mean, out of sorts neevish do not sleen tite, do not have the inclination and energy for physical and mental work they once had, but at the same time do not feel any particular distress in the stomach. Yet all this is the result of poor digestion, an insidious form of Dyspepsia which can only be cured by a remedy specially intended to cure it and make the digestive organs act naturally and properly digest the food eaten. Bitters, after dinner pills and nerve tonics will never help the trouble; they don't reach it. The new medi-cal discovery does. It is called Stuart's Dyspepsia Tablets and is a specific for dyspepsia and indigestion. It cures because it thoroughly digests all wholesome food taken into the stomach, whether the stomach is in Stuart's Catarrh Tablets by digest-

ing the food, instead of making the worn out stomach do all the work THE APPEAL IN SOUTH OXFORD. gives it a march needed rest and cure of dyspepsia is the natural re sult

When you are nervous, run down and sleepless, don't make the common mistake of supposing your nervous system needs treatment and fill your stomach with powerful nerve ton which make you feel good for a little while only to fall back farther than

Your nerves are all right, but they are starved, they want food. Nourish them with wholesome every day food and plenty of it, well digested, and you can laugh at nerve

tonics and medicine. But the nerves will not be nourished from a weak, abused stomach, but when the digestion has been made perfect by the use of this remedy all nervous symptoms disappear. Who even heard of a man or wo man blessed with a vigorous diges tion and good appetite being trou-

bled with their nerves? Good digestion means a strong nervous system, abundance of energy and capacity to enjoy the good things of life.

Stuart's Dyspepsia Tablets will cerstuart's Dyspepsia Tablets will cer-tainly set your stomach and diges-tive organs right; they can't help but do it because they nourish the body by digesting the food eaten, and rest the stomach.

You get nourishment and rest at one and the same time, and that is all the worn out dyspeptic, needs to

all the worn out dyspeptic needs to build him up and give new life to every organ and an added rest to every pleasure.
Stuart's Dyspepsia Tablets are a god send to the army of men and women with weak stomachs, weak nerves and justly merits the claim of

Many men fall by the wayside be cause of unwillingness to take hold of the timely warnings.

ing one of the most worthy medi-

cal discoveries of the time.

MR. LEWIS RESIGNS

PRESIDENT OF CONSOLIDATED LAKE SUPERIOR.

Important Developments at Yester day's Meeting in Philadelphia Loan of One Million Dollars,

(Associated Press Despatch.)

Philadelphia, Dec. 13.-There were three important developments in connection with the collapse of the shares of the Consolidated Lake Superior Company, which began on Thursday and continued during yesterday's opera-tions on the Stock Exchange. At a meeting of the directors of the company the resignation of President R. S. Lewis was received and accepted. His succes sor was not chosen. The directors sued a statement announcing that the last quarterly dividend of 13-4 per cent., payable December 15th, had been defer-red, and it was learned that the board had succeeded in arranging for a lean of \$1,000,000. The money will probably be paid into the treasury of the company next Monday. Mr. Lewis had been President of the corporation only since October 25, when he was elected to succeed E. V. Douglass, resigned. The loan is to be made by a number of local trust companies and banking institu-tions, with the aid of Speyer & Co. and the Morton Trust Company of New York, and the Mercantile Trust Company of Baltimore. It is to be secured by notes, presumably on the Algoma Central Railway and the Algoma Steel Company, subsidiary concerns of the Consolidated Lake Superior Company,

the market Consolidated Lake Superior preferred stock drop-ped to 33 3-4, a decline of \$64.23 a share since the decline began. Common sold at 6, a fall of \$13.50 a share during the same period. The cause of the company's financial difficulty is the existing money stringency. When the last quarterly dividend was declared the company had practically arranged for a large loan. This was to be devoted to the payment of the dividend, which amounts to about \$412,000, and to meeting certain obligations. It is said the conservative element in the directorate favored passing the dividend, rather than paying it with borrowed money. The closing of the company's steel rail mill at Sault Ste. Marie, which appears to have precipitated the spectacular decline of the stock, is said by officials to be due to the non-competion of blast furnaces, steel plants and other imp ments, the contractors being nearly two

and by the preferred stock of the com

years behind in their work F. H. Clergue, General Manager, wired the directors from Sault Ste. Marie that the rail mill had been temporarily closed because of the failure to receive pig iron, which must be secured from other sources until the company's new furnaces are ready. He announced also that he had closed a contract for a large order of steel rails at \$32 a ton for the Temiskaming Railway, which is controlled by the Ontario Government. During the past five years the company has expended \$26,000,000 for improvements

SIX MEN KILLED

Result of Wreck on Northern Pacific Near Minneapolis.

are reported to have been killed in a Fridley, ten miles from here.

HOT LAVA AND COLD MUD.

Two New Craters of Santa Maria Still in Operation.

San Francisco, Dec. 12.-Two new eraters which appeared in the Santa Maria volcano on the morning of October 24 last, and devastated a large section of Guatemala, are still smoking. From one of the craters, beneath the cloud of smoke, white-hot lava exudes in a sluggish stream, and from the other cold mud is thrown in spasmodic fash ion. This information has been brought by the steamer Acapulio, which carried 170 refugees from Champerico to San Jose. Alfred McKinnon, an American, died on the voyage from the effects of volcanic gases he had inhaled.

The Protocol Signed.

Havana, Dec. 12.—The protocol of the commercial treaty between Cuba and the United States was signed last night.

TELEGRAPH BREVITIES. Mr. William Kay, public librarian

The railway companies have difficulty i obtaining a sufficient supply of coal. The Young Conservatives of Manitoba held a Provincial convention at Brandon. The request for a re-count of the South Toronto referendum vote has been refused.

The election campaign in Natal is being waged on the railway policies of the re spective parties. Legislation is likely to be enacted fixing the period of annual drill of the Canadian militia at ten days.

By agreement Britain will build a rail way line through Abyssinia, connecting the Soudan with Ugandi territory, Six men are reported to have been killed

in a wreck on the Northern Pacific Railroad, ten miles from Minneapolis. It is reported that an English syndicat seeks a concession of 2,000,000 acres in new Ontario for colonization purposes. Hon. Sydney Fisher was interviewed by

live stock dealers suggesting the exclusion from Canada of all United States cattle. The Temiskaming Railway Commissioners have awarded the contract for steel rails for 65 miles of the line to the Clergue company. A writ was issued in Montreal agains

the Provident Savings Life Assurance Soci-

ety of New York for \$6,275 paid as war premiums on the lives of the fourth contingent, which did not see any fighting. The assistance of the Canadian grain trade is asked by the London Plour Trade Association in an effort to have the British duties on grain and flour equalizes or taken off altogether when the next British budget is announced. NURSERY NOTES.

Try giving castor oil in warm weath er with plenty of sugar. The baby's lips will smack over it.

It is much easier to dress baby or the bed than on your lap. You will have both hands free and greater liberty of motion.

If the baby kicks much in his bath it will be well for the first month to bothe him with his binder on. This will prevent all danger of straining. There is nothing children love much better than small furniture, made for them. Little chairs they often have, but low tables are more rare. They

should have them also. Mothers make the memories that are to be the inheritance of their children during all our lives. What a tribute to mother love it is, when the silver haired man or woman says: "We did have such good times when we were children!"

It is always a good sign for a baby to sleep a great deal, and delicate and puny infants who sleep much becom strong and healthy children. Byen babies who are large and thriving a birth, unless they get a great deal of sleep, become weak and sickly.

Facial Mack. I have been asked about the value of medicated face masks, and have learned the efficacy of a homemad mask in a case of severest clogging and inactivity of the pores. The girl who tried it made a mask for berself from two old linen towels, worn very thin, She made her preparation of oatmeal boiled to a pulp and mixed with buttermilk. Spreading this on the towels she made two flat poultices, which covered almost all of her face except the nose, and, trying it on, she went to her room and took a nap of two

When she awoke her skin looked fresher and fairer than for a long time. and, encouraged, she persisted in the use of her wask, making a fresh one every day. At the end of a week her skin was like soft silk, and naturally she has sworn by her method ever since. This eatmeal and buttermilk, or simple bread and milk, or even oatmeal and water, cannot but be beneficial to the skin, cleansing it, whitening it and making it softer and smooth. Such is the only "facial mask" I would ever advise .- Exchange.

Many a housewife who thinks she knows the best way' to eradicate grease spots, the most common of all stains, finds that within a few weeks after treatment the garment has an unsightly ring where the spot was, This was due to the fact that when the stain was rubbed and the grease loosened, it, lacking an absorbent, spread itself into the surrounding fabric. This is the right way to remove a grease spot: Take benzine, gasoline, turpentine or, best of all, ether, and moisten a large ring around the grease spot, gradually working toward the center. When this is reached, immediately saturate two pieces of blotting paper with the spirit, place one beneath and the other on top and press with a weight. By this means the grease will be absorbed as soon as dissolved.

Tarnished Silver. An enterprising housekeeper has made the discovery that the application of the ordinary oil used in polishing hardwood floors is most effective in cleaning tarnished silver. So many of the cleaning materials used for this purpose are injurious to the hands and keep one's nails and the skin about them in a constantly dry, harsh condition that any simple suggestion like the above is most welcome. The oil should be applied with a flannel cloth and the article given a brisk rub afterward with another cloth. Candlesticks and pieces of the silver service, with beading, curves and crevices out of which it is often so difficult to remove the pastes and powders, will be found practically easy with this simple treat

Chusa With the Children. There are many conscientious fathers and mothers who make themseives and their children miserable by taking youthful foibles too seriously It is an innate propensity of a child possessed of the average good health and spirits to make older people laugh with him, not at him, but at the things that seem amusing to his own sense. and the mother who has the blithe and ready humor to enter into his fun be-

comes his most fascinating companion He heeds her rebukes end hends to her correction without ill feeling where sternness would arouse his pride and ire, for he is assured that she is ready to share all his innocent pranks and that her disapproval has no foundation in impatience or injustice.

Dining Table Centerpiece. A fern dish with a few growing plants therein is a pleasing everyday centerpiece for the dining table. It is an easy matter to procure one of these dishes, for the china and even the silver ferneries are not expensive, while shallow dishes to be found in the Japanese shops and departments are not only cheap, but are effective. At small cost these may be filled with ferns and by the exercise of a little care will furnish the ever welcome bit of "living green" in the dining room.

The Effect of Light on Dress. In choosing an evening dress we should certainly take into consideration whether it is intended for day light, electric light, gas or candle light, for all these different conditions have a great effect. Colors look totally different in gas and electric lights. The former is disguising; the latter shows every inaccuracy and nothing so much as a hadly matched color and tones which the French say "bite."

MAKES CHILD'S PLAY

RESS.

The neight of the winter season is now here. With the midwinter holidays begins the round of dances, dinners, parties and evening functions. It will be most profitable for you to see our large new stock of Evening Dress Novelties.
