Lemons.
The tiny black specks seen on al-
most every lemon are the eggs of an
insect. If the grated rind is used these
eggs become an unwholesome element
of the dish. Lemons should be dropped
into water as soon as they come from
the store, then scrubbed with a little
brush, dried with a cloth and hung in
a net in a cupboard until used.

VERY REMARKABLE CURE OF
DIARRHOEA.

"About six years ago, for the first
time in my life I had a sudden and
severe attack of diarrhoea," says Mrs.
Alice Miller, of Morgan, Texas. "I
got temporary relief, but it came back
again and again, and for six long
years I have suffered miser-
ably and agony than I can tell. It was
worse than death. My husband spent
hundreds of dollars for physicians'
prescriptions and treatment, without
avail. Finally we moved to Bosque
county, our present home, and one
day I happened to see an advertise-
ment of Chamberlain's Colic, Cholera
and Diarrhoea Remedy with a testi-
monial of a man who had been cured
by it. The case was so similar to my
own that I concluded to try the rem-
edy. The result was wonderful. I
could hardly realize that I was well
again, or believe it could be so after
having suffered so long, but that one
bottle of medicine, costing but a few
cents, cured me." For sale by All
Druggists.

Zulu Endurance.
The rate at which Zulus can travel
in an emergency is astonishing. Some
will cover as much as fifty miles in six
hours. Eight miles an hour is an ordi-
nary pace.

CHOLERA INFANTUM.

This has long been regarded as one
of the most dangerous and fatal dis-
eases to which infants are subject.
It can be cured, however, when prop-
erly treated. All that is necessary is
to give Chamberlain's Colic, Cholera
and Diarrhoea Remedy and castor oil,
as directed with each bottle, and a
cure is certain. For sale by All Drug-
gists.

Miniature Mills.

Turkiana is said to have fashioned
miniature mills "that would run them-
selves" so minute that a monk could
carry one in his sleeve, yet so powerful
that they would grind enough wheat in
a single day to make bread for eight
men.

CURES COLDS IN ONE HOUR.

Many cold cures are dangerous be-
cause composed of deadening opiates.
But fragrant, healing Catarrhoxone
cures colds in one hour and is both
harmless and delightful to use. Even
the worst colds, sneezing, sniffling
colds with running eyes are stopped
very quickly when the balsamic vapor
of Catarrhoxone is inhaled. Catarrh-
oxone acts like a charm on colds, kills
them outright, prevents their return
a few hours later. For colds, catarrh
and throat trouble use only Catarrh-
oxone. Complete outfit \$1.00, trial
size 25c. at all druggists.

Milk and Bright's Disease.

A physician suffering with Bright's
disease and weighing 155 pounds began
to restrict himself exclusively to a milk
diet, taking one quart at each meal, or
three quarts daily. Soon no traces of
his former ailment was perceptible. He
gained thirty pounds in flesh, and this
notwithstanding constant attention to
professional duties both day and night.

DIVINE OPTIMISM.

I held it rash, with him who sings
To one clear harp in diverse tones,
That men may rise on stepping-stones
Of their dead selves to higher things.

I sometimes hold it half a sin
To put in words the grief I feel;
For words, like Nature, half reveal
And half conceal the Soul within.

But, for the unquiet heart and brain,
A use in measured language lies;
The mind mechanic exercise,
Like dull narcotics, numbing pain.

In words like weeds I'll wrap me o'er,
Like coarsest cloths against the cold;
But that large grief which these enfold
Is given in outline and no more.

I hold it true, whate'er befall:
I feel it when I sorrow most;
Tis better to have loved and lost
Than never to have loved at all.

—Alfred, Lord Tennyson.

PERPETUATE CHARTER.

The Ontario Government Purchases the
Toronto Medical School Building.

At the last session of the Legisla-
ture an act was passed authorizing
the Government to purchase for \$12-
000 the building of the Toronto
School of Medicine on Gerrard street,
which, since the federation of the
universities, is no longer required.
Recently an Order-in-Council was put
through, taking over the building at
the price stipulated, as well as the
charter of the Toronto School of
Medicine. "There can be now no re-
vival of that school as a rival to the
university," said Premier Ross,
speaking of the matter. "It is be-
lieved that the property can be sold
for at least the price we paid for it
under the terms of confederation,
and probably for more than that. We
will sell it as soon as we get our
price for it."

The Toronto School of Medicine
was incorporated in 1851 by special
act of Parliament, the charter being
granted to Dr. John Rolph, Dr. Joseph
Workman, Dr. W. T. Atkins,
Dr. James Langstaff Gavin, Dr. Rus-
sell and Dr. T. D. Morrison. The cor-
poration at the time of its merger
was as follows: Dr. J. H. Richardson,
Dr. Hugh Ogden, Dr. James
Thornburn, Dr. W. W. Ogden, Dr.
Moses Atkins, Dr. R. A. Reeve and
Dr. William Oldright.

A little ceremony took
place in the office of the Minister of
Education when the charter was
formally turned over to the Govern-
ment. The nominal members of the
corporation now are: Hon. R. Har-
court, Mr. J. R. Cartwright, K.C.,
Deputy Attorney-General; Mr. John
Har, Deputy Minister of Educa-
tion; Mr. Thomas Mulvey, K.C., De-
puty Provincial Secretary, and Dr.
C. A. Hodgetts, Assistant Registrar-
General.

OUR PEDAGOGUES.

Provost Macklem Gives Some Good Advice

The closing exercises of the Toronto
Normal School were marked by
forceful addresses to the students
from the Minister of Education and
Rev. Dr. Macklem, provost of Trinity
University.

Mr. Harcourt dwelt on the import-
ance of inculcating Christian charac-
ter in the minds of children. Added
to this was perseverance, which was
the foundation of genius, a high aim
and tenacity of aim. The habit of
reading should also be inculcated,
and the direction of pupils in the
selection of literature was most im-
portant.

Provost Macklem said that teachers
were looked to just as preachers to
foster higher ideals and assist in the
formation of character. That the
Canadian youth required training in
manners was hardly open to ques-
tion. The average boy knows little
of respect and nothing of reverence.
The Bible Society meeting in Mas-
sey Hall, of which they were thor-
oughly ashamed, proved there was
much to be done. The lack of good
manners ran like a thread through
our whole social system.

"Each of you should become such
a book to your pupils that in future
life they will keep you on the shelf
of memory," said the speaker in re-
ferring to the inspiration which each
should give to the scholars. "Suc-
cess was impossible without discipline
and true success was achieved easily
and naturally and not forced. Tact
was the greatest possession, and it
was comprised of joy, love, faith,
meekness, confidence and moder-
ation."

In conclusion he impressed upon
the graduates high ideals, broad sym-
pathies and unflinching hopefulness.
Narrowness was always weakness,
while broadness meant strength; and
they should always keep in touch
with the best and greatest in the
movements of the world.

A Successful Canadian.

Dr. Adolf Lehmann is a Canadian
who has met with success in India.
A native of Simcoe County, Dr. Leh-
mann was graduated from the On-
tario College of Agriculture, Guelph,
in 1889, and later went to India.
Five years ago the Maharajah of
Mysore decided that his Government
should take up the question of sci-
entific agriculture, and to this end,
Dr. Lehmann was appointed to estab-
lish the department and to be its head.
The appointment was for five years,
and when the term elapsed a few
months ago he was re-appointed for
a similar term and given a year's
furlough. The other day he was at
the Parliament Buildings renewing
acquaintance with Mr. C. O. James,
Deputy Minister of Agriculture. Dr.
Lehmann said that there were very
few Canadians in Mysore, a fact
which caused the doctor some sur-
prise. He thought that Canadians
would do good work in the Indian
Civil Service. The examinations had
to be taken in England, but the ap-
pointments were very lucrative, rang-
ing from \$2,000 a year up as high
as \$20,000.

Grim Relics.

A prison sale is held annually in
Paris. The articles offered for sale
are the clothes of murdered people,
the instruments with which the crimes
have been committed and the effects
which have belonged to the deceased
prisoners. Articles which have been
taken to the prefecture of police and
have not been claimed are also sold.
The proceeds go to the Paris alms-
house. Unclaimed jewelry is usually
bought by ordinary brokers, but the
articles which have belonged to crim-
inals, especially those who are nota-
rious, are bought at high prices.

JUSTIFIED IN
WHAT HE SAYS

Why J. J. Perkins Owes his Life
to Dodd's Kidney Pills.

Doctor Had Given Him up and he was
Hopeless and Desperate Before the
Great Canadian Kidney Remedy put
Him on His Feet.

Tyndall, Man., August 1.—(Special)
—When a man has had Kidney Dis-
ease: when the doctor has given him
up; when that man takes Dodd's Kid-
ney Pills, begins at once to recover
and is soon a well man, that man is
surely in a position to say that
Dodd's Kidney Pills saved his life.
That is the experience of Mr. J. J.
Perkins of this place. Speaking of
his case Mr. Perkins says:

"For two years I was troubled with
my kidneys and at last became so
bad that the doctor who was attend-
ing me gave me up and said I was
incurable.

"I continued to grow worse. I was
unable to work and was becoming
destitute when to please a friend I
tried Dodd's Kidney Pills.

"The first box did me so much good
I felt like a new man and after
taking five boxes I was completely
cured."

Dodd's Kidney Pills cure the kid-
neys, and cured kidneys cure Dropsy,
Rheumatism, Heart Disease and all
other diseases resulting from impure
blood.

The Leopard and the Kid.

To illustrate how perfectly he had
the animal under control Professor
Reich of Berlin once put a live kid in
the cage with a leopard. Then the
professor fixed his glittering eye on
the savage beast and yelled that he
should remain quiescent. There was
something wrong with the thought
transference, for the leopard imme-
diately changed his spots and so did the
kid. A bleat, a growl and a crunch,
and the illustration was ruined.

weak, irritable condition. Ferrozone

"I fell into a state of nervous ex-

tried Ferrozone and was quickly ben-
efitted. I can recommend Ferrozone
to anyone suffering from over-
wrought nerves and sleeplessness."

The Best

The Chatham Business College

CHATHAM, ONT.

It is unquestionably Canada's greatest business
school.
No other school gets such RESULTS.
It is now current talk throughout the coun-
try that the student who wants the best train-

attend this school.

250 students is placed in year 1900

1902
1903
1904

If these were placed in pecuniary positions
worth \$3 or \$4 per week, the showing would not
be worth space in this paper but it takes to
tell it. But when the salary averaged \$500 per
annum, a few of them over \$1000, the public
should know that no other business school in
Canada publishes such lists and gets such
results.

Many of our former graduates are now com-
manding salaries from \$2500 to \$5000 annually.
WHY SO? BECAUSE THEY WERE THE BEST!
