Christmas.

all the joy the season brings, and may each in the enjoyment of his or her own pleasures not forget those less fortu-

We commend to the attention of our readers the letter from "Ratepayer" in another column. Such letters we are always glad to give a place. We think our correspondent has hit the nail squarely on the head. The people of the county, those who pay the taxes, should certainly have a direct voice as how the public money is to be laid out. Our correspondent's proposed method of getting the opinions of the people on such matter; we believe to be an excellent one and one that will give every satisfaction. Let us have public meetings in every ward so that the meetings in every ward so that the people will be able to instruct their representatives as to what their desires the letter from "Ratepayer" in of King's is pre-eminently an agricultural of the whole of the in habitants, of whatever calling on profession, being more or less directly clience, and in the first half year there were 276 convictions for drunkenness. This year, under Limited High License, and in the first half year there were 276 convictions for drunkenness. This year, under Limited High License, and in the first half year there were 276 convictions for drunkenness. This year, under Limited High License, and in the first half year there were 276 convictions for drunkenness this way very valuable opinions could be discussed. In the six months beginning May 1st, and the six which it was claimed it would diminish or remove. Lawrence in 1888 had No License, and in the first half year there were 276 convictions for drunkenness. This year, under Limited High License, and in the first half year there were 276 convictions for drunkenness. The six months beginning May 1st, and the six which it was claimed it would diminish or remove. Lawrence in 1888 had No License, and in the first half year there. Of its three townships, Cornwalls, Horon the 276 convictions for drunkenness of the six months beginning May 1st, and the six which it was the six which time the license year which where on the six months beginning May 1st, and the six which it was there on the six w

the Jiseember issue whetted farmers' carporatations for big results in the potatote class. They are not disappointed, for the grand prize goes to a crop of 738 bushele 25 pounds of the Dakota Red, grown on one acre of strong clay ploam, in Arossook county, Mc, manured with a ton of special potato fertilizer. The twelve prize-mining crops averaged 325½ bushels per acre, and the first 100 bushels per acre, and the first 100 distribution of 500 the such special are all the more remarkable when we remember that the average product per acre in the whole United States the past year was only 76 bushels of potatoes. These prize crops were all grown at a large cash profit, showing that is o-called high-farming is the most profitable. The American Agriculturis for June 100. They had been out 21 days and profit, showing that is o-called high-farming is the most profitable. The American Agriculturis for June 100. They had been out 21 days and profit, showing that is o-called high-farming is the most profitable. The American Agriculturis for June 100. The control of the past year's experience, thousands of progressive farmer, will co-operate in this renewed attempt to make farming more thanks of the past year's experience, thousands of progressive farmer, will co-operate in this renewed attempt to make farming more thanks of the past year's experience, thousands of progressive farmer, will co-operate in this renewed attempt to make farming more thanks of the past year's experience, thousands of progressive farmers, will co-operate in this renewed attempt to make farming more thanks of the past year's experience, thousands of progressive farmers, will co-operate and hay for their stock, and a summer of the postor of the past year's experience, thousands of progressive farmers, will co-operate in this renewed attempt to make farming more profitable.

woe," the edict went forth, "In the sweat of thy face shalt thou eat bread," temperance legislation a statute making pleasures not forget those less fortunate. In this season of "peace on earth, goodwill toward man," let not the poor and unfortunate be forgotten. "Love one another" was the injunction of Him whose birth we now celebrate, and let us show our obedience to His command by sharing our bounty with those whom He has seen fit to trust in some measure to our charity. Again we wish all our readers a very Merry. "Influsivals"

Let the People be Heard.

We commend to the attention of our readers the letter from "Ratepayer" in another column. Such letters we are always glad to give a place. We think our respondent has hit the nail our correspondent has hit the nail our respondence of the edict went forth, 'In the sweat of thy face shalt thou eat bread," and ever since honest toil has been beened and ever since honest toil has been blessed with the fruits of the soil, and to the farmer's hands are we who toil not in the fields indebted for our daily bread. It is fitting that representatives of all the professions should meet here to night around the farmers' table in honor of the Centenial Anniversary of our grand old Colonica Societas, inasm much as ours is the oldest Agricultural Society in the Dominion, and because and under Limited High License drunk of the singuing, the presson and the attendant evils would be remarkably diminished. But to the surprise of the sanguing, the pressure of the municipality or the sell intoxicating liquors as a beverage, and limiting the number of licensed dealers in any community to one for each thousand of the population. In Boston, however, one is allowed for every 500 of the population. One year ado many believed that the solution of the liquor, problem had been reached and under Limited High License drunk great change talk every little interest in how the validing the number of licensed dealers in any community to one for the fields indebted for our daily bread. It is fitting the number of licensed dealers in any community to one for the fields indebted for our daily bread. It is fittin
