Our first impulse, is to extend to your Excellency a warm and joyous welcome to the Town of Gurloh. Coming as you do at a time, perhaps the most aurpicious in the history of our parish, we hail your adventitious visit with especial delight. Our undying fidelity to the illustrious successor of Peter could not induce a more spontaneous—a more genuine feeling of love and reverence for the Venerable Pontiff than this occasion has awakened in our hearts. All naworthy as we are of the pivilege of creeting a temple for the worship of the living God, we feel encouraged and strengthened by the belief that it is the humble ones of this world who are made the instruments for the accomplishment of His glory. With this feeling uppermost in our minds, we will have the happiness to-day to eitness the imposing ceremony of laying the corner stone of the grand edifies which we have commenced to build, and we will have the consolation of knowing that from the foundation to the pinnsele, the structure will risunder the special benediction of Christ's Holy Vicar, our well beloved Plus IX. How cheering it would be to the aged prelate at the Variant could he but witness the evidences that you have witnessed, of the growth of our holy faith in this far distant land. But a few days ago a magnificent where was dedicated by your Excellency, in a neighboring city, and to-day, you will invoke the blessing of God, and the special protection of Mary Immaculate, on one destined to be even more magnificent. We regard asa particular favor from the Holy See, and also from your Excellency, this visit, which you have so kindly and so willingly accorded us, and we pray the Almighty to grant you many days in the service of His holy others on the four holy faith in this far distant land. The members of the St. Patrick's Catholio Benefit Society, of Guelph most humbly and respectfully beg leave to express the joy and gratitude which fill their hearts on the auspicious cocasion of beholding, in our midst, the Delegate of our Holy Father, the Illustrious Pope Pius IX., Vicar of Christ, whose glorious Pontificate is alike remarkable for the extraordinary number of years he has occupied the chair of St. Peter, and for the magnitude of the benefits he has conferred on the Church and mankind, by promulgating those great dogmas of our Holy Faith, the Immaculate Conception of the Ever Blessed Virgin Mother of God, and the Infallibility of the Apostolic See; and by exposing and condemning the pernicious error of this sceptical age. We sympathize deeply with our Holy Father for the injustice inflicted upon him by being deprived of his rightful possessions; for the persecution he has to endure, for the affliction he feels at the great evils now rife in his dominions, which had enjoyed those inestimable and singular May it please Your Excellency shim by being deprived of his rightful possessions; for the persecution that the presentions of the file of the fi

The Mayor stated that under By-law 241 he could not receive the motion, but that if the Council was unanimous on the question, he had no objection to it being put.

Mr. McLegan said he objected to the motion being put to the Council.

Mr. Elliott stated that according to Parliamentary practices rules of order could be suspended for the purpose of reconsidering any matter, and he thought it was nothing but right and just that the matter should be reconsidered, as asked for by the public. The motion merely asked for the reconsideration of the matter.

Mr. Dunbar coincided with the remarks of the previous speaker.

The Mayor stated that he would put the matter to the Council and if they were unanimous to have Mr. Hart's motion put he would be willing to do so.

Mr. Elliott called for the yeas and nays on the question, but the Mayor stated that it was then too late as he had called for other business.
