

To Do Ill Costs More Than To Do Well.

This might properly read, "It costs more to BE ill than to BE well." The source of all health is rich, strong blood. It is to the body what the mighty streams are to the earth. If the blood is pure, the body thrives; if the blood is weak or impoverished, then every pulse-beat carries weakness instead of strength.

Why, make the cost of living more than it need be? Purify your blood and give your constitution a chance to do its level best. The only perfect blood purifier and vigor-maker in existence is the world-famed Hood's Sarsaparilla. It brings good, perfect health. It never disappoints.

Impure Blood.—My wife suffered with pain and distress from an affection of the throat caused by impure blood. She was almost in despair when she turned to Hood's Sarsaparilla. Six bottles of this medicine completely cured her. JOHN WICKMAN, Galt, Ont.

Scrofula.—Hood's Sarsaparilla has cured me of scrofula. I was weak and debilitated but it made me strong and well. After a severe cold had caught fever. Again resorted to this medicine and it cured me. SARAH E. DEBOY, Annapolis, N.S.

FROM SOUTH AFRICA.

Three Separate Columns Still Pursuing DeWet ---Small Number of Prisoners Made.

LONDON, Jan. 5.—Earl Roberts is already immersed in his arduous new duties at the war office. He will take no holiday.

There is no further news from Lord Kitchener, who, according to a Cape Town despatch, is calling for five thousand men to guard the Rand mines. Existing in Cape Colony continues active and five hundred men will leave Capetown for the north within the next few days.

Information regarding the invasion is scanty. Col. Williams attacked the eastern invaders Jan. 1, near Middelburg, but failed to dislodge them. He has since been joined by Lieut. Col. Grenfell, and the Boers have retired. Gen. Brabant has arrived at Graaf Reinet.

Advices from Maseru, Basutoland, dated yesterday, says that three separate columns are still pursuing Gen. De Wet, but with no success beyond taking several prisoners. Cannon firing is continually heard.

All the English have deserted Ficksburg, taking their stocks of grain across the border, and the Boers have looted the town.

According to the Daily Mail's correspondent at The Hague, the directorate of the Netherlands-South African railway has applied to the Amsterdam courts for a suspension of payment.

The Daily Chronicle advises that favorable attention should be given to a movement reported by its Montreal correspondent, to induce Sir Wilfrid Laurier, the dominion premier, provided the colonial office consents, to proceed to South Africa as a commissioner to intervene with a view to the restoration of peace.

Lord Kitchener's Report

LONDON, Jan. 5.—Lord Kitchener reports to the war office under date of Pretoria, Jan. 4, as follows:—The Boers have re-appeared along the railway in the neighborhood of Rhenoster, but it is doubtful that De Wet is with them.

With regard to the situation in Cape Colony, the western commando seems to be making towards Calvin, and the eastern party appears to have broken up into small parties. Another small body crossed the Orange river, west of Allival North, yesterday.

Boers Driven Back.

CAPETOWN, Jan. 4.—Two hundred Boers have re-crossed the Orange river, going north.

WATERVILLE TROUBLE.

A Correspondent Claims That British Fair Play Has Not Been Meted Out.

To the Editor of THE GLEANER:

DEAR SIR—Your readers have no doubt noticed in the local papers an account of two young men sentenced each to two years in Dorchester, by the police magistrate of Woodstock, charged with having broken into John Thompson's warehouse, at the Boundary Line some time ago and having stolen therefrom some four cases of liquor, valued at upwards of forty dollars. The two accused were advised that if they owned up they would be dealt leniently with. Most of the liquor taken was returned. I think, Mr. Editor, those two men had been the most hardened rascals in the country, that for the offence committed there is not a Judge on the Bench in the Province who would have given them, had they been convicted before him, over three or six months. The party from whom the liquor was stolen sold the liquor in Carleton Co., and a prohibitory liquor law in the Act of Maine, so that in whichever place he sold liquor it was a violation of law. But in this case it appears to make a difference who were the violators. The two victims are charged with being possessed of unsavory reputations. One of the parties, Hickey, has lived here for years, and the most that could be said against him is that he sold a little liquor at times on the sly and a little American tobacco, which may or may not have paid the duty, but in that respect he may not have differed much from his accuser unless it may be that he did not sell so much of it. Only a few weeks ago two young men were in jail in Fredericton, one for entering two stores, the other for entering one. They admitted their guilt, just the same as the parties tried at Woodstock, and were sent to the county jail, one for eight and the other for six months. These two poor unfortunates, Hickey and Bolanger, through their ignorance in consenting to be tried by a man whose judgment is neither tempered by justice or equity, have to serve one of the most cruel punishments for a trivial offence compared with the two who were only sent to jail in Fredericton. Both these men have wives and small children and I think there should be some way to get these men a fair and impartial trial, and that they should be accorded some measure of British fair play at least. Thanking you Mr. Editor in advance, and trusting that you will lend your assistance to get some measure of fair play for the two poor unfortunates men above named.

I am, yours, A SYMPATHIZER OF THEIR FAMILIES. Waterville, Jan. 3rd, 1901.

Stole to Marry.

MONTREAL, Jan. 3.—W. H. McGowan of Moncton, N. B., messenger of the Canadian Express company, is under arrest, charged with stealing money from parcels entrusted to his care. He has made a confession acknowledging having taken sums aggregating \$535 from envelopes containing remittances from one bank to another. His method was by cutting the edges of the envelopes and stamp, removing the money with a bent wire and afterwards neatly sealing up the packages. The last money he took was \$100. At that time the express company was hot on his trail, and fearing discovery, he buried the money. McGowan was only married a short time ago, and says he took the money to cover the necessary expenses.

THE ONE SURE WAY

To Cure Every Form of Piles.

The only sure way to cure every form of piles, is to use a remedy like the Pyramid Pile Cure, which is applied directly to the parts affected, and its wonderful healing effects are apparent from the first application because its medicinal properties are rapidly absorbed right where needed, by the delicate tissues and sensitive membranes of the rectum. The cure is natural and easy, and almost before the patient is aware of it, every trace of piles has left him.

This is one reason why the Pyramid Pile Cure has been so uniformly successful.

It is in suppository form, applied at night directly to the diseased parts, where it is not noticed and not by the round about way of the stomach nor the harsh, barbarous method of surgical operation.

Direct applications to the seat of disease is the only common sense cure, and this is fully accomplished by the Pyramid Pile Cure.

If the voluntary testimony of thousands is worth anything then no sufferer should delay in giving this splendid remedy at least a trial as it costs but 50 cents at any drug store, and is guaranteed absolutely safe and free from opiates or cocaine so commonly found in so-called pile cures.

Nearly every druggist has some favorite pile cure of which he can make a larger profit than he can on the Pyramid and oftentimes to substitute, but when it is remembered that the Pyramid Pile Cure is the only remedy for piles that has a national reputation and is sold by every druggist in the United States and Canada, it means something; it means that no remedy could do his unless it possessed positive unmistakable merit.

The Pyramid Pile Cure has cured thousands of sufferers from the different forms of the disease, whether itching, bleeding or protruding piles.

A DESERTED VILLAGE.

(Jackville Post.) A Port Elgin correspondent of the Post telegraph says, "A few new cases of smallpox are reported in this locality. Altogether now there are ten houses affected with the disease. So far it has been of a very mild type. The village presents a deserted appearance, business being almost entirely suspended. The holiday season has been anything but gay here. But of course the only thing we can do is exercise patience and hope that our confinement will not last long. The officers of the board of health are very vigilant, and a lockup is now being prepared for those who break the rules."

Blood Disorders

are simply kidney disorders. The kidneys filter the blood of all that shouldn't be there. The blood passes through the kidneys every three minutes. If the kidneys do their work no impurity or cause of disorder can remain in the circulation longer than that time. Therefore if your blood is out of order your kidneys have failed in their work. They are in need of stimulation, strengthening or doctoring. One medicine will do all three, the finest and most initiated blood medicine there is.
