

Leonard Scott & Co.

British Periodical Publications. FORWARDED by mail, under the provisions of the late Post Office Law, at merely nominal rates.

- 1. The London Quarterly Review (Overseas). 2. The Edinburgh Review (White). 3. The North British Review (Free Church). 4. The Westminster Review (Liberal). 5. Blackwood's Edinburgh Magazine (Tory). These Reports have been in successful operation in this country for twenty years, and their circulation is constantly on the increase, notwithstanding the competition they encounter from American periodicals of a similar class, and from the numerous Selects and Magazines made up of selections from foreign periodicals.

Although these works are distinguished by the political shades above indicated, yet but a small portion of their contents is devoted to political subjects. It is their literary character, which gives them their chief value, and in that they stand conspicuously far above all other journals of their class. Blackwood, still under the masterly guidance of Christopher North, maintains its ancient celebrity, and is, at this time, unusually attractive, from the serial works of Bulwer and other literary novelties, which give them their chief value, and in that they stand conspicuously far above all other journals of their class.

For any one of the four Reviews, 50 00 For any two of the four Reviews, 7 00 For any three of the four Reviews, 9 00 For all four of the Reviews, 10 00 For Blackwood's Magazine, 3 00 For Blackwood and three Reviews, 9 00 For Blackwood and the four Reviews, 10 00

THE following table will show a great reduction which has been made on these Periodicals since 1844, and the very trifling rates now charged. Prior to 1845, the postage on Blackwood was 22 40 on a single Review 1 12 From 1845 to 1851, on Blackwood 50 on a Review 10 In 1851-52 (average rate) on Blackwood 75 on a Review 10 The present postage on Blackwood, is 28 on a Review 12 (The rates are now uniform for all distances within the United States.)

Health for a Shilling!

HOLLOWAY'S PILLS.

EXTRAORDINARY CURE OF LOSS OF HEALTH, DISORDERED STOMACH, INDIGESTION AND DETERMINATION OF BLOOD TO THE HEAD. Copy of a Letter from Mr. John Lloyd, of New York, near Harlick, Merionethshire.

Health for a Shilling! I have myself of the first opportunity of informing you, that for a very long period, I was afflicted with a dangerous and frequent vomiting, attended with loss of appetite, disordered stomach, and generally impaired health. Every medicine had failed to give me any permanent relief, and at length it became so alarming, that I was really afraid of going about without an attendant.

MIRACULOUS CURE OF DROPPY. Extract of a Letter from Edward Rowley, Esq., of India Walk, Tobago, dated April 28, 1852.

DEAR SIR—I deem it a duty I owe to you and the public at large to inform you of a most miraculous recovery from that dreadful disease, DROPPY, and which, under God, was effected by your invaluable Pills. I was troubled five times within eight months, and skillfully treated by two medical practitioners, but could not get cured, until I had recourse to your remedy, and notwithstanding all I had undergone, this miraculous medicine cured me in the course of six weeks.

A DANGEROUS LIVER COMPLAINT AND SPASM IN THE STOMACH EFFECTUALLY CURED. Copy of a Letter from Mr. Bostock, Druggist, of Ashton under Lyne, dated July 31, 1853.

DEAR SIR—I have much pleasure in handing to you a testimonial of the efficacy of your Medicine. A person in this neighbourhood, with whom I am well acquainted, was afflicted for a long time with violent spasmodic pains in the stomach and liver, arising from frequent colds, smells of paint, and the effects of a stopping position, which he was obliged to assume in his business. The spasm was of an alarming character, and frequently left him in a weak and debilitated condition.

INFAILLIBLE CURE OF A STOMACH COMPLAINT, WITH INDIGESTION AND VIOLENT HEAD-ACHES. Extract of a Letter from G. Gowen, Chemist, of Clifton, near Bristol, dated July 31, 1853.

DEAR SIR—I am requested by a Lady, named Thomas, just arrived from the West Indies, to acquaint you, that, for a period of eight years, her health was so much impaired, that she was unable to perform her ordinary duties, and was afflicted with violent spasmodic pains in the stomach and liver, arising from frequent colds, smells of paint, and the effects of a stopping position, which she was obliged to assume in her business.
