THE SAFETY OF "FRUIT-A-TIVES"

May Be Taken For Years

The Ideal Remedy For Young and Old

Nature's gifts do us good, if used judiciously. We eat bread from babyhood to old age without ever tiring of it. We drink water, year in and year out, with the greatest benefit to our health. So too, we eat fruit in season and are better for the change of diet. This is true, because such things are the natural foods and drink of mankind. It is for this reason that "Fruit-a-tives" may be used for years in correcting some ill of the body. As is well known, "Fruit-a-tives" is made of the juices of apples, oranges, figs and prunes. Just as fresh fruit may be eaten at every meal, so "Fruit-a-tives" may be taken every night for 20 years or more with the greatest benefit. The absolute safety of "Fruit-a-tives" has been a great factor in its success. Those who suffered with chronic troubles such as Constipation, Dyspepsia, Rheumatism, etc., naturally took a number of boxes of "Fruit-a-tives". As they became better, they found that instead of being compelled to increase the dose as in most medicines, they were decreasing it, and gradually taking fewer doses. See a box, 6 for \$2.50, or trial box, 25c. At dealers, or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

BLACK CAPE. The crops around here are looking well and the rains of the summer have had very good effect upon them for they never looked better and the prospects for an abundant harvest are very promising.

The hay is much over the average and on new land is extra heavy. The crops are all good except on old ground where hay has been cut for many years. The wet weather has forced along the undergrowth and kept the grass growing. Grain is also looking well. The potato crop will be so good on account of the bad seed that was planted. The apple crop is also poor.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, constantly failing to cure with local treatment pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, Ohio.
