WEDDINGS

RAE-STEWART

A quiet but interesting wedding took place at the parsonage Whitneyville, on Monday, April 24th, when Clinton Rae youngest son of Mr. and Mrs. John Rae of Newcastle was united in marriage to Miss Mary Stewart of Whitneyville. The Rev. G. S. Weaver performed the ceremony. The happy couple left on the express same night for Montreal where they now reside.

HACHEY-TREVORS

St. Michael's Cathedral, Chatham was the scene of a quiet but interesting event last Thursday afternoon when Rev. Father Salmond united in marriage Miss Mabel M. daughter of Mr. and Mrs. Allan Trevors, Chatham to Leonard, son of Mr. and Mrs. John F. Hachey Newcastle. The bride looked charming in a navy blue suit with hat to match and carried a bouquet of white carnations. She was attended by Miss Ella Bernard of Newcastle, who wore a blue suit with hat to match and carried a bouquet of pink carnations. The groom was supported by Mr. Mark Hachey, brother of the groom. Mr. and Mrs. Hachey will reside in Newcastle. Their many friends wish them the best wishes for future happiness.

A GOAT FOUND

A goat had to be found for the Morrissey Bridge Disaster, which is customary when governments are involved. This time the caretaker of the bridge was found to be the

one at fault. Such is the method of Liberal governments, one at Ottawa and one at Fredericton, when a Liberal steamer gets into trouble. It took a long time to find the goat and from all appearances it is going to take a much longer period in repairing the damage. Navigation has not yet been opened and it is altogether likely that it won't be until next spring when the ice goes out.

LITTLE WONDER

The Fire Hose used at the fire early last Saturday morning was not reeled up and put in the Fire Hall until the following Monday. On Saturday evening the Fire Alarm was sounded, which it is said was done for the purpose of gathering enough of the firemen together to have it put indoors. If this is the case the response was not satisfactory as the hose remained stretched throughout Sunday and Monday morning. Fire Hose costs money and should not be treated in this manner. Has there been an alarm of fire in the meantime there would

have been considerable difficulty and both in getting this hose reeled up and ready for use; and usually in case of fire there is not much time to lose. There is something wrong somewhere, but when complaints are made about excessive taxes being levied, the answer is "The Town needs the money. With such actions as this going on there is little wonder that the Town needs the money, and if it continues, more money will be required in the future

TO SUSSEX

Capt. Fred Fowle left today for Camp Sussex with the advance party from the 1st Northumberland Regiment. On Wednesday, Major E. W. Watling will leave in command of the main body of the 100 officers, non-commissioned officers and men. Camp will last until July 6th.

POOR BUSINESS

Last Winter was not a hard enough one for our community. We all thought it was but apparently some think it wasn't and to help matters out a small cheap variety show has been brought to town for a week's engagement. The town of Newcastle could do very well without such an attraction, especially this year, and our merchants who are heavy rate-payers and who have felt the business depression of this year in a marked degree will be none the better off by the coming of shows of this kind. To say the least it is poor business on the part of any of our citizens to have the community money cleaned up in a matter of this kind.

THE MORRISY BRIDGE DISASTER

The report of the Court of Enquiry into the collision of the Canadian Squatter with the Morrisy Bridge at Newcastle's Jun. 4th last has just been received.

The Court was composed of Capt. L. A. Demers' Dominion Wreck Commissioner Captain R. A. MacLean and Captain C. Mitchell.

The Court is unanimous in placing the main blame for the accident upon the bridge tender or the Provincial Government. Capt. Demers finds that the bridge operator was in fault for neglect or indifference and the damage to the bridge and the resulting inconvenience is due to his negligence. He further finds that the Bridge tender, Mr. Coughlan, is considered to be the chief factor of the accident.

Captain Demers further finds that the Pilot followed a dangerous custom in taking the ship too near the bridge, but the majority finding of the Court, represented by the opinion of Captain MacLean and Captain Mitchell, relieves the ship master and pilot of any blame whatever, and places the sole responsibility for the accident upon the bridge tender or the Provincial Government under whose instructions he was acting.

The certificates of both Master Boulton and the Pilot, Mr. Sutton have been returned.

Captain Demers in his judgment has several valuable suggestions regarding the hoisting of signals, and further recommends that the instructions to the bridge operator be more clearly defined by the Harbor Master governing the pilotage of vessels.

Briefly, the majority of the court places the entire blame upon the bridge tender. Two of the Court completely exonerate the ship Master and Pilot. Captain Demers, while holding Mr. Coughlan as chiefly at fault, censures the Pilot for following a dangerous custom, and also cautions the Master of the ship, in the result that both the Captain and Pilot's certificates have been returned.

The effect of the decision places the blame on the bridge and not on the ship or anyone attached to it. Captain MacLean in his judgment places the blame upon the Provincial Government, as it appeared at the hearing that very loose instructions were given to the man in charge of the bridge.

At the hearing before the Court here, Mr. A. Holden K. C. of Montreal, represented the Canadian Squatter, Mr. George M. McDade represented the Pilot, Mr. Sutton, and Mr. Robert Murray the Provincial Government.

NURSES ADVISE

Zam-Buk, because they have proved that it does what is claimed for it. Miss E. Dorey, graduate nurse, of 2225 Michigan Ave., Chicago, says: "I have a patient who suffered terribly with piles. Zam-Buk is the only remedy that gave her relief."

"I have used Zam-Buk myself for the same ailment, also for sores and burns, and have the greatest confidence in it."

NEWCASTLE TRIMS NELSON 5-3

Muggsy McGrath's Giants took the measure of Bobby McCoombs' Nelson Clan last Tuesday evening in the Farrell Field to the tune of 5 to 3. The locals ebbed the old pill hard and often in this game, better than they have yet done it and in the other departments played good snappy baseball. A few errors on their part proved rather costly but they soon settled down and sat tight.

Two bad throws by Heroert to first and two men caught napping at first put the locals in rather a bad kind of a hole, but they worked themselves out of it, and from then on kept out of it. A little more coaching on the players part would be advantageous.

Sullivan played a star game throughout and after a general mixup at home plate in catching his man from third, showed that he was in the game by clinging to the ball at any cost. That is the way to play the game. Once you get it, hang to it—no matter what happens.

Ryder was on the mound for McGrath's team and pitched an excellent game. He was given good support by his team and he was entitled to it. Craig stepped in at the fifth, and he had a mighty easy job of retiring Nelson in their half of the fifth and sixth. We predicted last week that the shire-town boys would give Bobby McCoombs the time of his life when this game was played and we were right. The Nelson boys, either don't know the game or they were trying to put something over. We are rather inclined to think the latter is the case. They tried to manipulate the batting order in each inning so their strong batters would be continually at bat and the weak ones renegging their turn.

However this didn't work and considerable valuable time was lost in mixing matters up in this way. Bobby wants to straighten his men out, read his book of rules and find out when he is allowed to put in pinch hitters (if he does not already know it). One of his men (Handley by name) who played Centre field was not satisfied with a decision of Umpire Atkinson, at second plate, and in consequence left his position, claiming that he would not play unless the decision was reversed. This is Baby Talk in the world of baseball and should not be tolerated by the other players. It might do in a game of rounders with a rubber ball, but it doesn't go in baseball. Cut this stuff out Bobby and your team will get along better. This is no way to secure the respect of fandom. Considerable interest is being shown this year in baseball, and we have no hesitation in saying that it is the King of Sports, but we want the game played on the square or not at all, and those who do not play it thus are going to get a roasting.

We hear that protests are in the air. Followers of Baseball don't want protests. They are obnoxious and make bad feelings among the players. There is no necessity for them and are nearly always based on technicalities. Fandon wants Baseball not Technicalities. The principle of good clean sport is what counts.

Greene umpired balls and strikes and Atkinson, bases. A record attendance was present. The line-up

INCOME TAX ACT TO BE AMENDED

Ottawa, June 22—In the House this afternoon, Hon. W. S. Fielding, Minister of Finance, introduced a bill to amend the Income Tax Act, 1917, which was given first reading.

Mr. Fielding said the Government did not at this time propose to revise the Income Tax Act fully nor to make any extensive changes.

In the bill, however, the exemption in the case of dependent children would be increased from \$200.00, the present amount, to \$300.00. There had also been difficulties in regard to the travelling expenses of commercial travellers and an amendment to the Act was proposed to remove these difficulties.

In respect to taxation of the incomes of persons residing in the United States and working in Canada, he said the United States had legislation by which the incomes of Canadians employed in that country were taxable. It was proposed to bring in a similar amendment to the Act which had been passed by the Commons earlier in the session. The amendment in question, however, would be brought into effect only upon proclamation by the Governor-in-Council.

Tuesday at Douglastown
Douglastown blanked Loggieville, winning by 8 runs. A large attendance was present to see the game, but was too one-sided to be much appreciated.

Friday at Loggieville
On Friday the Loggieville sluggers put it over McCoombs' Nelson nine by a score of 12 to 5. Loggieville is fast coming to the front and before the season is over, no doubt will have some surprises for the fans.

Friday at Douglastown
This was the postponed game scheduled to be played on June 13th, between Chatham and Douglastown at the latter place, although the same teams were scheduled to play tonight at Chatham. At present the Chatham team has no diamond, so it was decided to play off the postponed game and to night's scheduled game will be played later in Chatham. The game was very monotonous and one sided, Chatham winning by an 8 to blank score.
