# TERMINAL ELEVATORS RECIPROCAL DEMURRAGE

## Crain Growers Convention at Regina Asks Govern- ment to Take Over All Terminal Storehouses and Establish a System of Track Elevators—Say Railroads Have Absolutely Failed to Move Wheat.

Regina, Feb. 21—Practically the  
whole of this morning and a consid-  
erable portion of the afternoon session  
of the grain growers' convention was  
taken up with the consideration  
of the motion of J. W. Green, M.  
Moose Jaw, dealing with the ques-  
tion of government control of termi-  
nal elevators. The following was  
the resolution as read: Resolved  
that in the opinion of this conven-  
tion the whole to be operated by a com-  
mission appointed by the government,  
the railway commission and the grain  
growers of Western Canada can best be  
solved by government control of all  
terminal elevators and the establish-  
ment of a system of track elevators,  
the whole to be operated by a com-  
mission appointed by the government,  
the railway commission and the grain  
growers of the province, the whole  
to be borne by the grain trade.

The resolution passed after five  
hours' discussion.  
The following resolution was sub-  
mitted to the convention and carried  
unanimously without discussion:  
"Whereas the railway companies

operating in Saskatchewan have ut-  
terly failed to move the product of  
the country within reasonable time,  
thereby causing incalculable loss to  
the farmers. Be it therefore resolved  
that an earnest effort be made to  
procure legislation from the Domin-  
ion parliament providing for a reason-  
able system of reciprocal demur-  
rage, and that the executive take the  
necessary steps to have the matter  
put in proper legislative shape."

Regina, Feb. 21—At the grain grow-  
ers' convention yesterday President  
Hopkins stated that he had just been  
informed by the commissioner of agri-  
culture that the wheat crop of Sas-  
katchewan last year totalled 37,000,  
000 bushels, an average of 20.40 bush-  
els per acre, and an increase of 11,  
000,000 bushels over the preceding  
year. "When I stated," said Mr.  
Hopkins, that there were 37,000,000  
bushels of wheat produced, and that  
we were only cultivating five per cent.  
of the available land in the province,  
you will only begin to realize the  
possibilities of this country."

## WANT TELEGRAPH LINE EXTENDED

### Board of Trade Urges That Line be Built From Athabasca Landing to Peace River Crossing—Large Benefit Would Accrue to Edmonton.

The necessity of a government tele-  
graphic line to the Peace River has  
been ably set out in a report sub-  
mitted by a committee to the board  
of trade.

At Lesser Slave Lake and Peace  
River Landing there are commercial  
and industrial enterprises aggregating  
and investment not short of one mil-  
lion dollars, distributed among vari-  
ous trading concerns, religious mis-  
sions and private individuals, all find-  
ing constant necessity to communi-  
cate with Edmonton and other centres  
of civilization. It is also pointed out  
that Lesser Slave Lake is the head-  
quarters of a division of the R. N. W.  
M. P., a detachment of which is at  
Peace River Landing, to whom the  
proposed line would undoubtedly be  
of great assistance.

There is also the growing popula-  
tion at Fort Vermilion, Danvegan  
and the Grand Prairie settlements,  
which sections are fast filling up,  
and numerous surveyors, explorers, etc.,  
whom the line would benefit.

## PENITENT BENCH FOR FOSTER GANG

### Appeal to Liberal Members of Dominion House not to Allude to Their West- ern Land Deals—Violent Attack on Adamson, Member for Humbolt.

Special to the Bulletin.

Ottawa, Feb. 21—The Foster, Fowler,  
Bennett, Lefurgey combination was  
on the penitent bench today beseech-  
ing the Liberals to not allude to their  
western land deals. The state of re-  
pentance was produced by a demand  
of Bourassa that the allegations made  
on Tuesday reflecting on the character  
of certain members of the House  
should be ventilated without delay.  
These appeals, courteous enough, to  
enable the opposition members to  
oper an assault upon A. G. Adamson,  
the member for Humbolt, because  
he had been interested in the Galway  
Horse and Cattle Co. Herron (Al-  
berta), was put up to move a double-  
barrelled vote of censure of the gov-  
ernment and the member for Hum-  
bolt, but the attack, led by Ames of  
Montreal, who posed as an authority  
on western affairs, and seconded by  
Bristol of South Toronto, was centred  
wholly on Adamson. The debate  
dragged through the evening and ex-  
pired shortly after midnight.

## DOMINION ALLIANCE IN SESSION

### Three Fifths Clause of the Whitney Government Causes Trouble—Pre- sident Advises That They Should Appeal to Municipal Council.

Toronto, Feb. 21—The convention  
of the Ontario branch of the Domi-  
nion Alliance, opened this morning in  
St. Paul Street Congregational church.  
Delegates were present in large num-  
ber from all parts of the province.  
The report of the executive summa-  
rized the year's advancement in tem-  
perance reform, characterizing it as  
"one of substantial and encouraging  
progress." The interview with the  
government was reviewed, and Whit-  
ney's defence of the "three-fifths"  
clause quoted. President G. F. Mar-  
ter, in his address advised that wher-  
ever the "three-fifths" clause robbed  
them of victory the people should  
appeal to their municipal council to  
raise the license fee beyond reach.  
This authority had been given them,  
and should be taken advantage of.

## DETROIT TUNNEL CONTRACT

### Butler Bros. Undertake to Have Big Bore Completed by June 1, 1909— Penalty of \$1000 a Day for Failure to Comply With Time Limit Clause.

Windsor, Feb. 21—June 1, 1909, is  
the date set for the contract signed  
yesterday for the completion of the  
tunnel beneath the Detroit River.  
Butler Bros., the contractors, are to  
receive \$1,000 per day for every day  
the tunnel is in operation before the  
time limit expires. On the other hand  
the tunnel company is to receive  
\$1,000 per day from Butler Bros. for  
every day the tunnel is not complet-  
ed after June 1, 1909. It is expected  
that the first portion of the tube  
will be laid by May 1, of this year.

## THE LEGISLATURE

Four bills passed through all the  
stages of committee of the whole yes-  
terday afternoon and are ready for  
the third reading. These were as  
follows:—

Hon. Mr. Cross—A Bill Respecting  
Young Men's Christian Association  
of Edmonton.

Hon. Mr. Holden—A Bill Respecting  
Vermilion & Cold Lake Railway Com-  
pany.

Hon. Mr. Rutherford—A Bill Respecting  
Strathcona Radial Tramway Co.

Hon. Mr. Puffer—A Bill Respecting  
Lacme General Hospital.

Clause No. 14 of the Y. M. C. A.  
bill was expunged.

The following bills were read a first  
time:—

Hon. Mr. Rutherford—To introduce  
a Bill respecting Taxation of Corpora-  
tions and others.

Hon. Mr. Finlay—A Bill Respecting  
Medicine Hat General Hospital.

Hon. Mr. MacKenzie—A Bill Respecting  
the Town of Macleod.

Hon. Mr. Cross—A Bill to Confirm  
certain Bylaws respecting the Agree-  
ment between the City of Edmonton  
and the G. T. P. Co.

QUESTIONS BY MEMBERS.

The following questions were sub-  
mitted by members:—

Mr. Robertson (High River)—What  
amounts of money were spent in the  
electoral district of High River from  
Sept. 1st, 1905, until Sept. 31st, 1906?  
Where and by whom were said mon-  
ey spent?

Mr. Holden (Vermilion)—Is it the  
intention of the government to  
change the herd ordinance?

Mr. Heibert (Rosebud)—Is it the  
intention of the government to allow  
private telephones to be operated in  
respective districts?

On the above question the minister  
of public works said the government  
were not in a position to make a  
statement and asked the member for  
Rosebud to let the question stand  
until next Tuesday.

## MACKENZIE & MANN BUY LAKE ST. JOHN RY.

### Get Ready—Made Terminals in Citadel City—Old Board and Manager Retained—Road Will be Ex- tended to James Bay Through Richest Mining Country in Quebec.

Quebec, Feb. 21—It is announced on  
authoritative sources that Mackenzie &  
Mann have acquired by purchase the  
Quebec and Lake St. John railway  
with its Quebec terminals. D. D.  
Mann reached Quebec Tuesday last  
and had a conference with the presi-  
dent and directors of the Quebec and  
Lake St. John Railway, with the re-  
sult that a deal has been practically  
settled. It is unofficially announced  
that the Canadian Northern have not  
only agreed to retain the services of  
J. G. Scott, general manager of the  
Quebec road, and his staff of officials,  
but will allow them to direct and  
continue the policy of the railway  
from Quebec to Lake St. John. This  
concession has removed all opposi-  
tion and inasmuch as the Canadian  
Northern only wanted the Quebec  
and Lake St. John railway in order  
to get into Quebec and have ready-  
made terminals, they were perfectly  
willing to accede to the Quebec peo-  
ple's demands. It is said the Cana-  
dian Northern railway interests have  
agreed not only to improve the prop-  
erty but to build a line of railway  
from Roberval, 190 miles north of  
Quebec, to James Bay, which will  
pass through the Chibougamou min-  
ing district, where discoveries of  
mineral wealth, including gold, sil-  
ver, copper, mica, asbestos and iron  
have been located and only await the  
construction of a railway for develop-  
ment. J. G. Scott, general manager,  
clothed with all powers by the board  
of directors, left for Toronto today  
to put the terms of the deal in legal  
shape, which will be later closed and  
Wm. Mackenzie has gone to England  
to confer with the bondholders in re-  
gard to the bargain.

## HYMAN'S NOMINATION WAS UNANIMOUS

London, Feb. 21—At a meeting of  
the Hyman family, which completely  
filled Hyman hall, Hon. C. S. Hyman  
was nominated to contest the by-  
election to be held in London. There  
were several speeches which stirred  
the audience to applause, and from  
all view points it was a success. An  
announcement of importance was  
made by Chairman Geo. C. Gibbons  
that Hyman could not be present in  
London during the campaign. It was  
explained that he was still in a con-  
dition of health which did not war-  
rant his entering into an active cam-  
paign at present. Speeches were made  
by Chairman Gibbons, J. M. McEvey,  
Senator Coffey, ex-Mayor Rumball, T.  
H. Pardon and others. Hyman's  
nomination was unanimous.

## REAL ESTATE IS MUCH TOO HIGH

### So Says President Gushing in his An- nual Address to the Board of Trade —The Workers of the City are at a Disadvantage.

Present prices of real estate in Ed-  
monton are away in advance of what  
they should be, is the opinion of re-  
tiring President A. T. Cushing of the  
Board of Trade and this offers one  
of the chief obstacles to the introduc-  
tion of industrial enterprises into the  
city.

Mr. Cushing, in his retiring address  
to the board yesterday urged active  
steps be taken to discourage further  
speculation in real estate and the  
consequent artificial advance in prices.  
"There may be some justification,"  
he said, "on business grounds for  
high valuations in the business  
sections but generally speaking resi-  
dential property is much too high."

As a proof he cited the loan compa-  
nies who refuse to advance the usual  
percentage on present valuations. As  
a consequence, he said, the mechanic,  
the business or the professional man  
finds it difficult to build up a home  
for himself and his family and the  
workers of the city are thus at a great  
handicap to the advantage of the  
speculators who will not be here when  
the tide turns.

"In regard to much of the so-called  
suburban property," Mr. Cushing con-  
cluded, "it will be agreed that it is  
worth but a small fraction of the  
prices asked and paid. These prices  
would scarcely be justified in the real  
suburbs of a city with ten times the  
population of Edmonton. Numbers of  
wage earners are certain to lose their  
savings when the inevitable drop in  
prices comes. Business of all kinds  
will be seriously affected, and the  
general results will be detrimental to  
the interests of the community in  
every respect."

London, Ont., Feb. 21—Mrs. Bessie  
Dodge, wife of Malcolm G. Dodge,  
of the London street railway, jumped  
from the third story window of the  
maternity ward of Victoria hospital  
this evening and was killed. Dr.  
Ferguson says Mrs. Dodge was a vic-  
tim of temporary insanity, induced  
by illness.

## RESIDENCE FOR WORKINGMEN

### Manufactures Association Has a Million Dollar Proposition Which Aims to Supply Every Workman With a Home—Say Cheap House Problem Will be Solved Immediately.

Toronto, Feb. 21—The Toronto  
branch of the Canadian Manufactur-  
ers' Association this afternoon put  
the workingmen's house proposition  
into practical shape. A statement was  
presented worked out on an actuarial  
basis, and if the required capital can  
be secured, building will commence at  
once. The proposed company is to  
be capitalized at \$1,000,000; and if 25  
per cent. of this amount can be ob-  
tained the officers of the association  
say the cheap house problem will be  
solved immediately. A large amount  
of the required capital has already  
been secured. Arrangements are now  
being made to have the best financial  
institutions in the country underwrite  
the debentures of the company when  
\$250,000 is obtained.

## Bread, Cake and Confectionery

Always Fresh

There are two ways of making  
confectionery. One is to cheapen  
quality and cut prices, the other  
to make an article better than  
others are making it.

That's the agreement we have  
for our goods. It will pay you  
to pay to quality.
