CALGARY ALL THE WAY.

Manager Carney and his aggregation of ball players returned to Calgary on Monday, and the Baseball Commission immediately commenced the sport writers on the baseball situation, past present and future.

In an interview, he stated that everything was going along lovely, and that the second series for the 1910 pennant, like the first series, was clinched for Calgary. While on the subject, he played twenty games, winning thirteen and losing seven, which is a very creditable performance.

Flanagan, who was out of the game through an injury caused in the Calgary-Saskatoon match, Pete Starbridge and Flanagan collapsed during a fly-ball. Both were laid out for the day, and Jim has not yet got over the effects.

"Whinnip has a great team at the present time," said the Calgary manager, Manager Bowland, who now manages the Maroons, is a good leader. He was recommended to the Winnipeg club by Carney on their first trip to Manitoba. Flanagan is a ball player. He is only a little fellow, but has speed to burn on the bases and can steal on the base of his own accord.

Carney does not think that Edmonton or Whinnip has a chance this year. Calgary can win most of their home games, and the final series between Calgary and Edmonton should result in the locals getting the long end. With his team in good shape, Bill is certain that Calgary will get the series from Deacon White.

Bill stated that he has had several offers for Calgary players, but none of the deals has been clinched yet. Next week there will be some in Calgary from Minneapolis, Milwaukee and Chicago and then there will be something doing.

FIVE BIG LEAGUES.

Alberta—When it is all boiled down and three big teams which have been playing thousands and thousands of dollars for Deacon White, Moose Baxter and other colts of the league come along with the money it will be found that there has been a lot of hot air reaping, but talk about the men in this league that have been drafted for the big leagues. It is said now that Skeels, the savage who flung a fair ball for Regina, who was bought at a truly enormous price by Detroit has not been sold at all. He is on the market and that the ambitious Whinnip team has a chance of nabbing him. There is some difference between Whinnip Maroons and the Detroit Tigers. And that is what is likely to happen all along the line. If five men in the whole league are drafted by the big ones it will be some surprise. If five men in the whole league are drafted by the big ones it will be some surprise.

TO GO BARNSTORMING.

At the close of the baseball season in the Western Canada League the Edmonton team will go on a barnstorming tour of the Dakotas and Minnesota. It will be under the management of Pitcher Delmar and during September and October about thirty games will be played with league and independent clubs in the States visited. The team will go under the name of the Edmonton Club, although all the players will not be from the present Edmonton team. The team will be called the "Edmonton All-Stars." Moose Baxter will play first base; Romy Walters, second; Jack Brennan, third; Morse, shortstop; Joe Lynch, pitcher.

PETE MORSE SOLD TO ST. LOUIS NATIONALS

St. Louis, Mo., Aug. 16.—I have sold Shortstop Pete Morse today to Roger Bresnahan, Manager of the St. Louis National League team, for \$1,500. Morse is to remain with Edmonton until the close of the Western Canada League season.

DEACON WHITE.

If you river is sluggish and out of tone, and you feel full, bilious, constipated, take a dose of Chamberlain's Bismach and Deacon Tablets tonight before retiring and you will feel all right in the morning. Sold by all dealers.

BROOKINS HAD A NARROW ESCAPE

Daring Aviator Averted Serious Catastrophe by Facing Risk of Fearful End

MAYOR GAYNOR STILL IMPROVES RAPIDLY

New York, Aug. 13.—The following bulletin was given out this morning: "6:15 a.m.—Mayor Gaynor passed a good night. He is cheerful and his condition is very satisfactory."

"(Sec.) BRILLITZ STEWART." One of the hospital physicians added the following statement to the information contained in the 6:15 bulletin: "The mayor's condition is the best today that it has been since the shooting. He speaks well and is cheerful. There is nothing to cause alarm. Two weeks is the period which he must remain in the hospital. No whiskey nor liquor has been administered to the mayor since he was admitted to the hospital. He was offered a glass of champagne yesterday but declined. The bullet is lodged in the tissues and is easily accessible. It could be extracted in a minute's time if necessary, but the operation is regarded as unnecessary at present and would only add a new channel of possible infection. The wound has been dressed only with chloride of mercury, and no antiseptic has been introduced into the wound."

Trace of Penitence. Interest centres on the mayor's condition, but Gallagher, now professing a trace of penitence for his deed, commanded further notoriety from his cell in Jersey City this evening. An anonymous letter, vulgarly couched and threatening the life of Commissioner William H. Edwards, who blows felled Gallagher to the deck of the Kaiser Wilhelm Der Grosse, started a perturbation which, generally the communication is attributed to a crank. Although it predicted for Big Bill a fate similar to the mayor's, the former football player was unconcerned. Two young girls who declared that they overheard an intoxicated policeman indelicately remark on Monday night that the mayor would be shot either on his departure for or on his return from Europe, furnished the foundation for another police inquiry, but nothing tangible had developed tonight. The mayor has been drastic in his police betterment crusade, and he has many enemies on the force.

GALLAGHER GETS REASON.

Gallagher's statement, made this evening, was his first frank talk concerning the crime. "While I will not say that I am sorry," he said, "I now hope the mayor gets well. But I wanted to teach the high officials to respect the rights of subordinates. I consider that I had to shoot the mayor as a lesson to the country. I did what I did for a personal principle and was not prompted by any anarchistic belief. I am sorry that Commissioner Edwards was wounded. For I was only aiming at the mayor. But even the thought of killing him had not been long in my mind. In fact, I reached no decision until I bought a newspaper yesterday morning. The newspaper said Gaynor was going to sail for a vacation. So I hurried over to the 23rd street ferry and inquired my way to the Kaiser Wilhelm Der Grosse. My wrongs have proven more than I could bear. Over and over I sized up my hard situation in life, and contrasted it with that of some other men, and I decided to make an extraordinary short run to avoid a collision with some trees. This turn caused my machine to make an unexpected spiral. Desperately fighting to regain control, Brookins drove the craft toward the grand stand, but as he hovered over the agonized crowd packed in narrow seats he realized he could not master the runaway aeroplane. Conscious that it would plunge among the helpless spectators unless he could force it still further, Brookins determined to risk his own life in order to save many others. Fitting the aeroplane at a still greater angle, he caused it to swing clear of the grand stand, but just as he seemed to have a fighting chance to regain his equilibrium a gust of wind turned the aeroplane completely over and it crashed to the ground, pinning a number of people who could not escape underneath."

PARTIES WELL BALANCED.

Prince Edward Island Legislature Stands 16 to 14. Charlottetown, P.E.I., Aug. 13.—The bye-election took place in the Cardigan district Wednesday. The result was a narrow margin between the two parties in the legislature, but strong interest in the contest. The opening of polls found both parties hopeful. Both candidates are new men and the final result leaves Dewar, Conservative, 499, and Horatio Nelson, Liberal, 469, a majority for the Conservative of the district. This leaves the political situation practically unchanged. Cardigan district remains Conservative and the strength of the parties in the legislature is: Liberals 16, Conservatives 14.

Hotel Keeper Fined \$300.

Nelson, B.C., Aug. 13.—Arch Brennan, hotel keeper of Sheep Creek, was fined today by Magistrate W. H. Bullock Webster, three hundred dollars for selling liquor without a license, or the alternative of nine months' hard labor. It was his first offence. This is the first case under the new act passed at the last session of the legislature.

\$50,000 Fire in Toronto.

Toronto, Aug. 16.—Fire today in the factory of the Payne Manufacturing Co. on Bay Street did \$50,000 damage. The loss covered by insurance.

Australia's New Land Tax.

Melbourne, Aug. 16.—Premier Fisher moving the second reading of the land tax bill, said he anticipated a million dollar revenue therefrom during the year.

DROPSY Given up by Doctor

"I had dropsy, and was told by my family physician that there was no chance for me. My family also gave me up. My limbs and body were swollen one-third larger than natural, water collected around my heart and I had to be propped up in bed to keep from smothering. I took Dr. Miles' Heart Remedy. This was in 1902, and I am now able to do any kind of work on my farm. My cure was certainly marvelous."

L. TURLEY CURD, Wilmore, Ky.

Dr. Miles' Heart Remedy has been wonderfully successful in relieving heart trouble. Its tonic effect upon the heart nerves and muscles is a great factor in assisting nature to overcome heart weakness.

ALPINE CLUB PARTY SCALED MOUNT BABEL

The camp of the Canadian Alpine Club in the glacier-hung Consolation Valley, at the edge of the timberline, north of Laggan, broke up a few days ago, and one of the members of the club who took part in the mountain climbing, H. W. Allan, of Montreal, was in Edmonton Saturday, a guest at the King Edward Hotel.

"The camp was eminently successful," said Mr. Allan to the Bulletin on Saturday, in the course of an interview. "It was attended by about 150 mountaineers from all parts of Canada and a number from England. Mount Babel was the highest mountain peak in the Canadian Rockies, was another member of the camp."

First Ascent of Mount Babel.

"The camp had full equipment of guides including Konrad King, the celebrated Austrian guide. The C.P.R. loaned all their guides to the party. The route was the mountain of Laggan station, close to the world-famed valley of the Ten Peaks. From many of the summits reached by members of the party magnificent views were to be had. "The chief climbs made during the camp were Mount Babel, 10,600 feet; Mount Babel, 10,400 feet; Mount Temple, 11,625; Mount Fay, 10,200; Mount Babel, 10,500; and Mount Babel, 10,900 feet. The ascent of Mount Babel was the most difficult of the party. No one having reached the summit before. This mountain was scaled during the early stages of the camp. The route started to make an ascent of the second of the Ten Peaks, one of the most difficult climbs of the region, but owing to a blinding snow storm, the party was obliged to have been out about half a day, were prevented from making the summit, although getting within two hundred feet of the peak. "One of the most noteworthy ascents of the season was that of Mount Assiniboine by the Langstaffe, the mountain, made the summit of this giant before coming to the Alpine camp."

An Advancing Glacier.

"It was generally conceded by members of the club who have climbed in the Alps, the Tyrols and the Himalayas that for variety or scenery the Canadian Rockies cannot be surpassed. The bare rock, snow, timber, water and glaciers all combine to make scenes of wonderful grandeur. One of the glaciers of Consolation Valley is the Wankhemann, said to be the only advancing glacier in the region. All others are said, from observation to be receding."

The Camp Lasted Nearly Two Weeks.

After the camp was finished a number of the members went into a sub-camp in the Yoho Valley, while a number of others went to the Alpine Club House at Banff. The camp will probably be held in the Selkirk next year, and when the railway accommodation has been provided it will probably go to Jasper Park at the entrance to the Yellow Head Pass."

Optimism in the South.

Mr. Allan, who is the western inspector for the Phoenix, of Hartford, visited in the south of the province and says that he was splendidly surprised at the optimism prevailing in that part of Alberta. "There are some places there was no crop at all in other places a very fair crop would be reaped, on the whole coming up to what would be considered a very good crop in Minnesota or the Dakotas."

A WIDE EXPANSE OF SNOW-WHITE WATER

A Strange Phenomenon was Encountered by the Barkentine Aurora on a Voyage From Callao, Peru, to Port Townsend, Washington.

Port Townsend, Wash., Aug. 16.—Capt. H. Samuelsen, master of the barkentine Aurora, on arrival yesterday from Callao, Peru, reported to the Branch Hydrographic office here that on the morning of June 19, while in latitude 11 degrees south and longitude 80 west, the vessel's course brought her into an area of snow-white water. The expanse was so large as to require nearly an entire day's sailing to traverse.

Its merging with the natural ocean was sharp and definitely defined in fact, creating a marvellous scene of marine beauty. Investigation with every means available failed to show the phenomenon to be due to submarine volcanic eruption or other upheaval.

A bucket filled with the milk-white liquid when left an hour on the bar-ber's deck resumed a normal sea-water color. The officers of the Aurora sighted a derelict ship's lifebuoy on the track of vessels in the San Francisco-Toronto trade, and report encountering a strong uncharted tidal current in 11 degrees, 15 minutes north latitude, 130 degrees, 47 minutes west longitude.

LAUREL LEAVES FOR COAST.

Will Be Met by Premier McBride at Vancouver.

Golden, B.C., Aug. 15.—After resting at Banff on Sunday, the premier and party proceeded westward this morning.

The Premier showed keen appreciation of the mountain scenery and atmosphere. At frequent stops he alighted to shake hands with many of the residents but was not in a talkative mood today and made no speeches except a brief parting one here.

The party arrived at Vancouver at noon. Premier McBride will greet Sir Wilfrid and a great provincial government reception of the touring party will be given on Saturday on Wednesday.

LACK OF PURE BLOOD The Cause of Most Illness—The Cure, Enrich the Blood Supply.

Any illness caused by lack of blood will be benefited and cured by a course of treatment with Dr. Williams' Pink Pills. These Pills increase the red matter in the blood and enable it to carry to every organ and tissue an increased supply of oxygen, the great supporter of all organic life.

This has been proved by cures in thousands of cases not only in Canada but in all parts of the world. More people today owe health and happiness to Dr. Williams' Pink Pills than to any other medicine. One of these is Mr. James Starr, of Galahad, Alta., who says: "A few years ago I became ill and very weak. Some days I would have a hot dry fever and on others would be bathed in a cold sweat. I grew weaker and weaker until I could do no kind of work, and was finally confined to my bed. I tried several doctors, who cost me considerable money, but did me no good, as I was still getting weaker and weaker. I asked the last doctor who attended me to tell me frankly if he could cure me, and he told me my case was so complicated that he did not think he could help me. I told him I had heard a great deal about Dr. Williams' Pink Pills and asked if he thought they would help me. His reply was: 'Well, they won't do you any harm and they may do you some good.' I bought a half-dozen boxes at once and began taking them. After taking three boxes there was no doubt they were helping me, and I continued using them for some time longer. With the result that I am now strong and hearty and capable as good a day's work as any man in my neighborhood."

These Pills are sold by all medicine dealers or may be had by mail at 25 cents a box, or six boxes for \$2.50 from Dr. Williams' Medicine Co., Brockville, Ont.
