### St. John's General Hospital.

Notice.

The large and increasing number of visitors to the General Hospital of Sunday afternoons has become a great inconvenience and results in conditions detrimental to the well-being of the patients. Relatives of patients who are seriously ill can at all times obtain permission to see them, but it has become necessary to restrict the general admission of visitors on Sunday afternoons in future to those who have previously obtained tickets. These tickets may be secured upon application at the Hospital any time during the week, but will not be issued on Sundays. Intending visitors will therefore have to obtain tickets not later than Saturday afternoon. Children will not be permitted.
