The Minister is the Minister i sufficient to advocate the interests of his constituents in Parliament in a way that will command attention and respect. As a thoroughly consistent Reformer, Mr. Watterworth is entitl-ed to the entire confidence of his party, and we feel satisfied he will re-ceive their unanimous and hearty ceive their unanimous and hearty support, should the Tories offer any opposition to his return. His claims has been appointed Collector of Cusopposition to his return. His claims upon the electors are of the strongest possible kind. A resident farmer, of unimpeachable character and exat one time a bitter opponent of the tensive municipal experience, no bet-ter representative could be desired, and]we feel satisfied of his triumphant return, let opposition appear in what-ever form it may." on Monday, but there is no possibility of obtaining returns for several days.

Dr. Maudsley to the Rescue. The eccentric Reeve of the Town-ship of Maryboro is determined that

his light shall not be hid under a there. bushel. Feeling the great responsib-ilities of his office, and fired with a It is said that Sir Geo. Cartier will ilities of his office, and fired with a come forward for the county of La-patriotic zeal to take the interests and destines of the Township he represents ber, will resign with the prospect of Embossed and plain. under his special protection, he has on more than one occasion come for-ward as its champion, and proclaim-of Blanchet, who is named clerk to ward as its champion, and proclaim-ed to the world that he has vowed a ed to the world that he has vowed a a solemn yow that he will not rest till he sees it get, as he eloquently ex-presses it, "fair play." To this end he moved a resolution at the June meeting of the County Conneil, for a petition to the Ontario Government, asking that a share of the surplus he granted to those munifeipalities in Hoh. A. Dorion arrived in Montreal Wellington which had given bonuses

granted to those mundeipalities in Wellington which had given bonness to aid in the construction of the W. G. & B. R., becames, as he chose to put it, the Government had returned it to the County of Bruce a portion of its bonus to the same road. This resolution was looked uppn as a piece of innocent buncembe on the part of the incerpressible Doctor, and being perfectly harmless in its nature, no one opposed its adoption. During the Doctor also tried to make a little capital out of this subject for his friend Drew, and charged the Local Govern-ment with injustice to this County of Bruce in the matter of these railway bonuses. He was most effectri-ally answered by the Hon. Mr. McKellar at the nomination at Arthur. That gentleman put the fore the electors. Heshowed little fore the electors. Heshowed little dealing with the County of Bruce than the way they did, for they were only acting on the provisions of a gal agreement which no Government could override or set aside. THE REASON WHY.-La Minerve is in-consolable for the defeat of Sir George Mr. Brockelbank, the Tory candid-ate in South Bruce in opposition to Mr. Wells, is the same gentleman who first opposed Mr. Blake. He is a German and a resident of the country but will not meet with much consolable for the derest of sent and go E. Cartier. How such a great and go is been so ignominious E. Cartier. How such a great and good man could have been so ignominiously rejected by his compatricits passes its comprehension, and it has been busy searching out all manner of occult influ-ences to account therefor. It now lays his defeat at the door of *Le Nouveau Monde*, which opposed him in revenge for the wet blanket he and his party threw on the Programmist movement. *La Minierve* says :---''We acknowledge it ; M. Cartier's defeat is due to *Le Nouveau Monde*, whose articles have contributed more than anything else to excite the populace in the Eastern Division. The aze-handles were furnished to the mob wrapped up in the articles phyte puissant Canon,'' who edits that paper. This is amusing at least.---Witness. etter success than did Mr. Hurdon in the late contest with Mr. Blake. McDougall has promised to give him a lift but E. B. Wood will be on hand to attend to him. satisfied with this assurance, and as we see by the proceedings at a late meeting of the Township Council of Maryboro, he has again brought up the question in the following com-munication to that body.
