Guelph Evening Mercury

Town and County News.
The Wesleyan church in Orangeville has got a bell—the only church bell in that town.

THE ACORN FIRE.—We learn that Mr. McKee's loss by the late fire is \$7,000; insured for \$5,000 in the Gore and Western. Mrs. Dunrope's loss is about \$1,000, and is fully covered by insurance.

Good Work.—A man named Alexander Spears, of Oshawa, cradled 17 acres of fall wheat in two days, on the farm of Mr. John Carson, of Mulmur. Who can beat that?

Mr. Thomas Wood, for many years a resident of Elora and Salem, left here with his family for old England last Tuesday morning. By Mr. Wood's departure Elora loses one of her most enthusiastic citizens, and the Reform party an enthusiastic adherent.

The Maple Leaf will have an opportunity of regaining their lost laurels on Monday, and our readers will notice from our special columns. Considerable interest is felt amongst the public generally in the contest, and the Reform party an enthusiastic adherent.

The Lindley Theatre have been again to-day. They played "Van Winkle" and "Miami, the Indian Queen" to-night in the Town Hall. Judging by their former reception, they will have a good house.

DEEP KILLED.—On Tuesday night, last week, Mr. Wm. Turner, town line Arthur and Minto, had three fine sheep killed and one badly bitten by dogs. A night or two afterwards another farmer in the same neighborhood, near the town line, followed the dog home to his owner's residence.

A petition, with nearly two hundred signatures appended to it, was forwarded to His Excellency the Governor General from Elora, praying him not to prorogue Parliament until it has had opportunity of dealing with the Hunting charges against the Government. Mr. John Blair, Warden, the County, a life long Conservative, was amongst the petitioners.

THE ROYAL YEMMO JAPS.—The Town Hall was densely crowded last night with folks who had been attracted by the reputation which preceded those famous performers, the Yemmo Japs. The entertainment was a first-class one, and the feats so unparalleled that we believe our readers will thank us for a more extended notice than we have room for to-day. We shall therefore endeavor to find room for a description of some of the feats on Monday.

SOCIAL AT SUNSHINE.—On Monday evening next a social comes off in the residence and grounds of Mr. Davidson, Sunnyside, to defray the furnishing expenses, &c., in connection with the new vestry of St. Andrew's church. An admission fee of 25 cents, taken at the gate, will include tea, and the first table will be served at half-past six. Amongst the attractions will be the water table, to be seen for the moderate charge of 10c. This is the first social held in connection with St. Andrew's Church, and it is hoped that there will be a good attendance of members both of that and other churches.

MOONLIGHT, MUSIC, AND CAKES.—Last night, Friday, Mrs. Mitchell's residence and grounds on Erasmus road, were all astir on the occasion of the moonlight social given by the ladies of Knox Church in aid of the contributions to the Young Men's Christian Association bazaar fund. The party were favoured with a cloudless night, and the scene from the hill was a beautiful one—everything around clear and bright in the soft moonlight, whilst the shadows of the trees were dark and shadowy. The party at Mrs. Mitchell's numbered about 120. The refreshments provided were good and abundant, being of more than usual excellence and variety. The first table was served soon after seven o'clock, and at a quarter to eleven half a dozen stragglers sat down to yet more tea and confectionery. Lawrence's Silver Cornet Band were engaged for the evening, and played with their usual taste and ability. The affair was a pecuniary success, realizing between \$25 and \$30.

Lecture and Picnic at Elora.
Thursday last was the anniversary of the Sunday-school of Chalmers' Church, Elora. The day's proceedings began with a picnic in the park at a quarter to eleven, when the ladies and gentlemen assembled, in number about 150. Ample provision was made for the entertainment, of all, and a pleasant day was spent. The programme included singing under the leadership of Mr. McWhirter. At half-past seven the assembly gathered in the church to hear a lecture on "Canada" by the Rev. Mr. Wardrope, of Guelph. Rev. Mr. Middlemiss, minister of the church, presided, and there was a good audience. The lecturer professed his subject by some general remarks on the feeling of patriotism and love of country, so inherent amongst nearly all races of mankind. He proceeded to consider the question of why Canada should exist under a separate nationality, and next gave a description of the inexhaustible resources of our country, his predilection and vast natural wealth. A review was then given of the progress we had made during the last generation, especially in agriculture, mechanics, commerce, and in the development of our country, and in conclusion the lecturer put before his hearers the duty incumbent upon Canadians, living as they did at the formative period of a country, before which there lay such a future—the duty of elevating the social, intellectual, and moral tone of the nation.
At the close of the lecture a vote of thanks was given to Mr. Wardrope, on the motion of George Barron, Esq., and the Rev. Mr. McGee. The collection taken up in aid of Chalmers' Church was a liberal one.

The Non-Wrest.—Mr. G. M. Yeomans, late of Mount Forest, has pitched his tent near Dufferin, on Rat road, Manitoba. Mr. John Smith, formerly of Pilkington, who left with Mr. Yeomans, has rented the Hudson Bay farm at White Horse plains, twenty-six miles from Fort Garry.

Local and Other Items.

Street preaching under the auspices of the Berlin Young Men's Christian Association has been kept up for several weeks past.

BUILDING operations in Berlin continue with unabated vigor, new structures springing up in every direction until the whole town is dotted with them.

A LABOURER on the Toronto, Grey and Bruce Railway fell from a wagon at Fordwich on Friday, and broke his neck. An inquest will be held to-day.

CLAREN DUNROPE.—As No. 8 Express was coming east from Windsor, Conductor Wallace in charge "swigged" two very suspicious looking persons in the smoking car, playing cards. He had his eye on them, and "swigged" a nice. In a few moments he noticed that he induced some of the passengers to play a game, and when they had a pile of about \$125 on the table one of the men in question grabbed the money and jumped off the train near Pelee River. Conductor Wallace at once stopped the train, hopped to where the thief jumped off, and, with the assistance of one or two passengers, succeeded in capturing him. The money was all recovered. Conductor Wallace deserves great praise for being so prompt in this case.—London Free Press.

THE GEORGETOWN FIRE.—We take the following additional particulars of this catastrophe from a Georgetown paper, the *Haltim Herald*. We regret to notice that Messrs. Douglass & Bannerman, formerly of Guelph, are amongst the sufferers.—On Tuesday morning last about 2 o'clock a fire broke out in the wood sheds of the Grand Trunk, at the station, supposed to have originated from a passing train. The alarm was quickly spread and in a short time the fire-engine, and most of the town were at the scene of conflagration. The shed at the time contained about 500 cords of sawed hard wood which was completely destroyed, together with the Georgetown store house. About 60,000 feet of lumber belonging to Messrs. Douglass & Bannerman, 100 square of shingles, belonging to Mr. Cook, a car load of bran belonging to Mr. Rose and several other things around the station. The loss is estimated at about 4000 or 5000 dollars. On Messrs. Douglass & Bannerman's, Mr. Rose's and Mr. Cook's property there was no insurance, but the Grand Trunk property was insured. Had the wind been in the opposite direction the fire would have taken the freight house, Barber Bros. storehouse and a large lot of lumber, wood, &c.

Town Council.
There were present at the special meeting of the Council on Friday night the Mayor, Messrs. Howard, Kennedy, Rich, Mitchell, McLagan, Crowe, Massie, Davidson, Hogg and Coffee.

THE EAST WARD FOLLOWS SUIT.
Mr. Davidson presented a petition from the representatives of the East Ward, asking for an additional appropriation of \$300 towards street improvements. It stated that Elizabeth street had been partly graded, but was still in an unsafe state; that in Duke street, south of the railway, the water table had been cleared out and formed; on Mary street, and from Woolwich street to Priory street, the sidewalk had been repaired; Cross street had been graded; Richardson street and Toronto street partly graded; and other streets had still to be completed. Mary and Surrey streets required more work, especially as the latter was a ward street with considerable traffic thereon; Grant, Margaret and Hooper streets required a considerable amount of work, and an expenditure of \$100, to enable persons building to have access to their houses; Elizabeth street required grading, as its state was dangerous.

The petitions were referred to the Finance Committee.

THE COUNCIL THEN WENT INTO COMMITTEE on the By-law for fixing the rate of assessment for the current year. Mr. Kennedy was in the chair.

Mr. Massie moved, and Mr. McLagan seconded, that the assessment be 1 1/2 cents in the dollar.—This was carried. Mr. Davidson moved that it be 1 1/2 cents, but had no second.

The assessment was then apportioned as follows:—County rate at three mills; public schools five mills; redemption and interest of debentures and general purposes, seven mills.

The Council resumed, and the blanks in the By-law were reported filled up without amendment.

Mr. Rich, Mitchell moved, seconded by Mr. Hogg, that the By-law be now read a third time, numbered 295, and passed.—Carried.

Council then adjourned.

Rifle Match with Galt.
Yesterday six gentlemen arrived from Galt to meet a friendly rifle match with six Guelph residents, whose names are given below. They were hospitably received and driven out to the range, where the shooting came off during the afternoon; Guelph winning by 60 points. The competitors then returned to town, and after a meal together at the Royal, and a stroll round town, the visitors drove home again. The shooting of Mr. Balkwill, of the Guelph team, was not so good as usual, in consequence of an accident he met with last week, when he was thrown from a colt and struck in the breast with his hoof, causing him a painful reminder of the occurrence at every shot yesterday:—

RUNNING MATCH.—A running match took place on Monday on Ketchum's Driving Park, Orangeville, between Wallace's b. h. "Barrie," and Witters b. h. "Tonahstone," for a purse of \$20. The race, though won by "Barrie" in two straight heats, was nevertheless closely contested. A large number of spectators witnessed the race.

THIS MORNING'S DESPATCHES
Gladstone.

Attempted Assassination.
Cholera.
Spain.
Terrible Steamboat Accident.
Buffalo Races.
Boat Race Settled.
Strike.

London, Aug. 8.—The London journals this morning announce that Lord Fred. Charles Cavendish and Sir Arthur Wellesley Peel will assist Mr. Gladstone in administering the duties of the Chancellor of Exchequer. It is probable that Sir John Duke Coleridge will be appointed Master of the Rolls, Sir George Jessel, Attorney-General, and Mr. Henry James, Solicitor-General. Mr. Wm. P. Adams, has been appointed Commissioner of Works and Buildings in place of Mr. Ayrton, who has resigned.

Nearly all the large cotton mills of Lancashire are closed in consequence of a strike of the operatives.

London, Aug. 8.—A despatch from Berlin says cholera has appeared with great violence in the military barracks there.

Madrid, Aug. 8.—Valencia has unconditionally surrendered, and General Canopus now occupies the city. The submission of Cartagena is expected to follow immediately.

Trieste, August 8.—An attempt was made to assassinate Prince Nicholas, the Hospodar of Montenegro. The Prince was severely wounded in the face.

Friedrichsburg, August 8.—The steamer *Wawassett*, running on the Potomac River between Washington and Currituck, took fire to-day at Chatham Landing, and was destroyed. Between forty and fifty lives are lost. Six bodies were found up to two o'clock—three white ladies, one child, and two coloured children.

Washington, August 8.—Doc. Kenney, bar keeper of the steamer *Wawassett*, reports that she left here at six o'clock this morning on her regular weekly trip to Jove River with 117 registered passengers and a large cargo of freight for River landings. Just before reaching Chattahoochee Landing on the Virginia side fire was discovered in the hold. The hose was attached immediately but before the men could reach it the conflagration had become general, as the fire had been burning for some time. Fire had been smouldering it is supposed for some hours and upon opening the hatches it burst forth with great fury, driving the men from the hold and completely baffling all attempts to subdue it. In an instant the wildest confusion prevailed on the vessel, the passengers becoming panic stricken and frantic with fear, very few having presence of mind sufficient to take care of themselves. The steamer was immediately headed for the Virginia shore and in a few minutes ran aground about two hundred yards from shore. At this time the flames had spread with fearful rapidity and in the excitement many jumped overboard. Several of them jumped into the water before the steamer struck. She was provided with but two small boats and in the frenzy of the moment all but three were thrown overboard and lost, by passengers who uncontrolled were endeavouring to launch her. Captain Wood, of the ill-fated steamer, and his assistants are said to have used every effort to control passengers, but without success, and for this disobedience of orders many more of them would have been saved. The vessel was well provided with life preservers, but in the panic it seems that none of the passengers were drowned. But five or six bodies had been recovered when Kenney left the scene. A few weeks ago the *Wawassett* was thoroughly overhauled and repaired. She was regarded as an excellent River boat and her boilers and machinery were in first class order.

Buffalo, August 8.—To-day's trotting was one of the most exciting and brilliant contests that has ever been known to come off here. The track was in splendid condition, and fully 20,000 persons were present. In the 2.24 race ten horses entered and eight started. Susie won one heat, St. James another, and Gloster the others, winning the race. Time, 2.24, 2.23, 2.23. In the 2.30 race ten horses entered, six started. St. James was the winner, Lady Banker next best. Time, 2.27, 2.26, 2.26, 2.24.

The cable proposed to be laid direct to the coast of New Hampshire, will now be landed on the coast of Newfoundland.

New York, August 8.—Articles of agreement for a boat race have been drawn up and signed by John A. Biglia of New York, and George Brown, of Halifax, for \$1,000 a side, the race to be rowed at Halifax on August 28th.

The Government has received no official communication from Great Britain relative to the Manitoba difficulty, and, therefore, contrary to report, has taken no action whatever in the premises.

MYSTERIOUS DEATH.—An inquest was held on the body of a woman who was found dead in her house, near Whitfield, township of Mulmur, on the 18th ult., by Dr. Armstrong and a jury. The deceased was a widow named Ann Cornell, and lived alone. She had been seen going about as usual a few days previous, and on Friday morning a neighbor on calling at her house found her dead. The body presented the appearance of strangulation. It was stated that deceased was subject to some kind of fits. A verdict of death from natural cause was rendered.

A Sensation at the Police Court

CHARGE OF INDECENT ASSAULT.
Saturday, August 9.
Lot Roe, barkeeper at Parker's Hotel, was charged before G. Elliot, Esq., J. P., and the Mayor, with committing an indecent assault upon Barbara Waugh, of Galt. The facts of the case are shown by the following evidence. The complainant is a tall, hard-featured woman of between 30 and 40 years, respectively dressed. She gave her evidence with quietness and composure, never raising her voice above an ordinary tone; the only signs of agitation being an occasional quivering of the lips.

Barbara Waugh stated that she was at Parker's Hotel on the night of Thursday last, in company with Mr. John Fraser. She fell ill in the afternoon, and got worse towards evening. She retired to her own bedroom at about eleven o'clock. Mr. Fraser knew that witness was sick, and visited her room three times during the night to see if she needed anything and if she was better. The candle was lit each time that he came. She had been once to tell him that she was no better. Defendant came in to witness' room about daybreak. When she saw him she ordered him back. He said if the old man was allowed to come in here he would come too. He then came up to the bed and seized her by the arms, holding her down. She told him to get out of there, or she would knock him out with her own hands. He would not get up, and she told him that she would kick her out of the house in the morning, and would tell the old man had slept with her all night. He offered her \$4, and she understood it was for an improper purpose. She told him again to go away, and he shortly afterwards left. About ten minutes afterwards, as soon as she felt able to move, she went to seek Mr. Fraser, and told him what had happened. She could not find him at first. She distinctly identified prisoner as the man who came into her bedroom.

Cross-examined.—Prisoner was about five minutes in her room. Mr. Fraser had left her room about half an hour previously. Did not remember prisoner telling her subsequently to get out of the house. Prisoner was partly dressed when he came to her room. She did not shout or cry when prisoner laid his hands upon her, but tried to shake him off. She was partly sitting up at the time, and prisoner pushed her down and tried to get into the bed. Rose that morning about eleven o'clock, and after sitting a while came over to the police court to see the Mayor, in order to bring this charge, and saw the Clerk of the Police Court.

John L. Fraser—as Parker's hotel on Thursday night with Barbara Waugh. She was sick, and took no tea. She retired at 11 or so, still sick. Witness occupied a room almost opposite, and told her if she became worse to let him know. She did let him know. He put on his pants and vest, and went to her room. He lighted his candle, and gave her a glass of water. Found her candle burning. Bathed her forehead, and felt her pulse. She seemed weak and low. He went again to see how she was, and found her no better. Felt rather alarmed about her, and went again at about four o'clock. Found her a little better, and went back to his own room and got into bed. A while afterwards, Mrs. Waugh came to his room, seeming much agitated. She went to another room previously by mistake. She told him that defendant had been in her room, and threatened to force her into bed. Witness told her to get up and let her see what she was doing, and she would see about it. Subsequently he asked witness up to their sitting room, and asked for the bill after some conversation. Defendant said it was \$2, and witness said he thought it too much. He then asked prisoner what he was doing in the lady's room, and he replied, "I was doing no harm; you were there." Witness said he had a right to be there to wait upon her, as she was ill. Defendant admitted that he had been in her room, but denied any indecent conduct. After a few more words had passed, he became wrathful, and got up and shook his fist in Mrs. Waugh's face. Refused to pay the bill, and the luggage of the two was left there in consequence. Witness came over at about eleven o'clock to the Police Court.—"Mrs. Waugh is a professional fortune-teller and I travel with her as her protector. She is a widow. We live in Galt. She does sewing and fancy work. I live in Gilmorris, and am a distant relative of hers. I work on clocks and watches."

At the conclusion of the evidence Mr. McMillan came in, having been sent for by the prisoner.

The prisoner pleaded Not Guilty, and the Magistrate committed him for trial.

Mr. McMillan applied for an order for bail on behalf of the prisoner, which after some discussion was granted; himself in \$200, and two sureties in \$200 each.

The offence being an indictable one, no evidence for the defence could be brought before the Bench. In fairness to Roe, therefore, we give his version of the case, which is that Fraser had been in the woman's room all night, and left it when he heard Roe moving about nearby; that Roe went into the room because he suspected something wrong, was only there a few minutes, and did not go near the bed; and that the information would not have been laid against him if there had not been the dispute as to the bill.

Fires in Woodstock.
Special Despatch to the Evening Mercury.
Woodstock, Aug. 9.
Agent the annual muster of the 22nd Battalion, the good people of Ingersoll have decided to supplement the pay of the men by one dollar each if the camp should be located near that town. This certainly is spirited, and will be appreciated.

Last night the barn belonging to Mr. Gilbert Matheson, near this place, was destroyed by fire, and no cause can be assigned so far except malice. Mr. Matheson had all his wheat stored, and his insurance of \$200 will be a loser to the extent of \$600.
