W.C.T.U. MUST NOT DROP ACTIVITIES IN ANY DEGREE

Rum Rations to Soldiers Are Still Deplored; Report of Alberta Union

Edmonton, Oct. 4.—These were great days in which to live, declared Mrs. L. C. McKinney, president of the Alberta W.C.T.U., in her annual address to the convention. She went on to say that every institution and organization must give an account of itself, whether at the end of the year or at the end of the year. It is measuring up to the test and to be able to give at least an excuse for existing. She referred to the work of the W.C.T.U. and asked, "Is there need of continuing W.C.T.U. activities?" "Yes," she replied, and went on to prove that the liquor traffic in the world is not dead, and while perhaps not locally, yet there was an endless amount to do. She protested that while helping toward food conservation, foodstuffs were being used to manufacture poison. Six hundred distilleries had been recently closed in the States as a war measure, she continued, but the distillers believed them closed forever.

Mrs. McKinney waxed warm over the war cantons in Britain and said that it was directly against the will of the Canadian people that such should exist, and that it had been promised that there should be dry cantons for our boys. She deplored the fact that Arthur Mees's two books should be banned from Canada by the Canadian censor, and wanted to know by what right. She said that the W.C.T.U. was against the rum rations and that it was decidedly not alone in the matter; that Australia had protested, and the whole Presbyterian church in the U.S., A. and other bodies with strong temperance leanings protested against the British war office for giving the boys what is known to be wrong and that scientists have proved. In conclusion, Mrs. McKinney maintained that though women might do foolish things and that it would take time to adjust themselves to new conditions and surroundings, yet the women really wanted to do the right thing.

Union's Work Increasing.
The report of the corresponding secretary, Mrs. Williamson, was encouraging. She reported from some forty-five unions out of the total of sixty, with three disbanded, an increase in almost every department. This unions last year raised \$2,553.26. Thirty-nine unions raised more than \$5,000 this year and there was an increase of 149 members. Mrs. Williamson went into detail as to the activities of each union. Mrs. Craig gave the report of monies in the treasury: Receipts, \$1,631.72; disbursements, \$741.31; with a balance, \$890.41. The W.C.T.U. is the largest women's organization in the world, has had a long life of usefulness and one of great achievement, beginning in a small way in the year 1873, in the middle west, where Mother Thompson began her famous crusade for prayer against the organized liquor traffic.

At the election of officers, Mrs. Louise C. McKinney, M.L.A. of Claresholm, was unanimously re-elected president of the provincial W.C.T.U. for 1917-18 is as follows:
Honorary president, Mrs. G. H. V. Bulvea, Edmonton.
President, Mrs. Louise C. McKinney, M.L.A., Claresholm.
Vice-president, Mrs. Chester D. Gainer, B.A., Edmonton (re-elected).
Corresponding secretary, Mrs. W. Williamson, Medicine Hat (re-elected).
Treasurer, Mrs. C. G. Craig, Olds (re-elected).
L.T.L. secretary, Mrs. William Cassels, Calgary (re-elected).

RATEPAYERS MEET
The Glenarry and Killarney Ratepayers' association last night decided to recommend F. G. Bull to the Federal association as a candidate for alderman at the coming election. They also voted in favor of an extension of the school age from 14 to 16 years. A report was received from the secretary of the flower show that the show was a financial success, the total net profits being \$87. This sum has been deposited in the bank as a nest egg. A special meeting has been called, for Oct. 18 at 8 p.m. in the cottage school for the purpose of considering ways and means of securing a lot on which to build a ratepayers' hall.

Rheumatism

A Home Cure Given by One Who Had It

In the spring of 1906 I was attacked by rheumatism and inflammatory rheumatism, suffered as only those who have it know, for over three years. I tried many remedies, and doctor after doctor, but such relief as I received was only temporary. Finally, I found a remedy that cured me completely, and it has never returned. I have given it to a number who were terribly afflicted and who have been cured. I have also voted in favor of an extension of the school age from 14 to 16 years. A report was received from the secretary of the flower show that the show was a financial success, the total net profits being \$87. This sum has been deposited in the bank as a nest egg. A special meeting has been called, for Oct. 18 at 8 p.m. in the cottage school for the purpose of considering ways and means of securing a lot on which to build a ratepayers' hall.

CALGARY BOYS AND GIRLS TO BE TAUGHT TO SWIM AT ONCE

Seventeen Hundred Between Ages of 10 and 14 Who Cannot Swim

Seventeen hundred boys and girls in the public schools from grades 5, 6, 7, 8 and 9 are unable to swim. Grades 5 to 8 include boys and girls from about 10 years to 14.

A census has just been completed for the purpose of the plan arranged that every boy and girl of this age shall be taught to swim. It was ascertained that of the boys and girls who could not swim 400 were boys and 300 were girls. Arrangements have been completed by the School Board and the Y.M.C.A. for the boys and the School Board and the Y.W.C.A. for the girls to teach every one of the 1,700 to swim. A final conference was held yesterday at which Dr. Scott, superintendent of schools; Miss Meredith, physical director of the Y.W.C.A., and Mr. Wallace, physical director of the Y.M.C.A., were present. Details were discussed and final arrangements were made. The first classes will be given some time during the coming week.

SOME CONCESSIONS BY RAILWAYS TO LIVESTOCK MEN

Concessions Made to Shipment of Feeders to Places With Abundant Feed

Ottawa, Oct. 4.—Hon. Martin Burrell, minister of agriculture, in an official statement issued tonight, outlined a co-operative plan which has been reached between the department of agriculture and the railways to prevent the depletion of Canadian livestock and feeding stock, insure the feeding of livestock in Canada, and result in the return of breeding and breeding stock to the farms.

The plan includes the undertaking of a re-shipment of breeding stock from areas where feed is light, to areas where feed is abundant. In other words, from western to eastern Canada.

Free Freight Policy.
A free freight policy has been adopted in connection with the transport of breeding cattle and breeding sheep. The railways will rebate twenty-five per cent of their charges, and the government will rebate the remaining seventy-five per cent. The government also agrees to pay a rebate of fifty per cent on the cost of feeding cattle, sent from Winnipeg to country points in the eastern provinces. Carriage of breeding sheep will also be sent west free of charge, and other concessions in regard to freight rates are made.

Information regarding the details of this policy may be obtained from the representative of the livestock industry stock branch at the stockyards in Winnipeg, Edmonton and Calgary.

REFORMS ON THE ROCKS
Copenhagen, Oct. 4.—German newspapers report that the project for granting additional representation to overgrown reichstag districts and for introducing the principle of proportionate representation in the large cities is on the rocks. The government, while flatly rejecting all other proposals of the reichstag main committee for the reform of the imperial constitution has promised to introduce a bill embodying this minor reform, but several federal states now object so vigorously to the bill, which should have been introduced at this session of the reichstag that its fate is doubtful.

REJECTS INVITATION

Germans Again Are Inviting Russians to Fraternize

Petrograd, Oct. 4.—The Germans on the southwestern front again are attempting to fraternize with the Russians by throwing boxes of tobacco and cigarettes into the Russian trenches and calling to the soldiers to "come out of the trenches." The Russian Volyns says, in connection with the German attempts, that "our soldiers are answering them with gunfire."

RAIDING GERMAN TOWNS

Paris, Oct. 4.—Another aerial raid over Germany was made last night by French aviators. The cities of Frankfurt and Rastatt were bombed. The following announcement was given out: "In reparation for the bombardment of Bar-le-Duc our aviators bombed Frankfurt and Rastatt."

WHICH?

"This bulk tea is the best I could buy at the price, Mrs. Brown, but I believe you will like Red Rose better."

"We use Red Rose at home and like the rich flavor. My wife says it goes further."

Hundreds of grocers are making statements somewhat like this.

They have sold Red Rose Tea for many years and have found the quality so good that they use it in their homes.

Most grocers naturally like to make an extra profit on their bulk tea, but they cannot help recommending Red Rose Tea because they know it's worth the price.

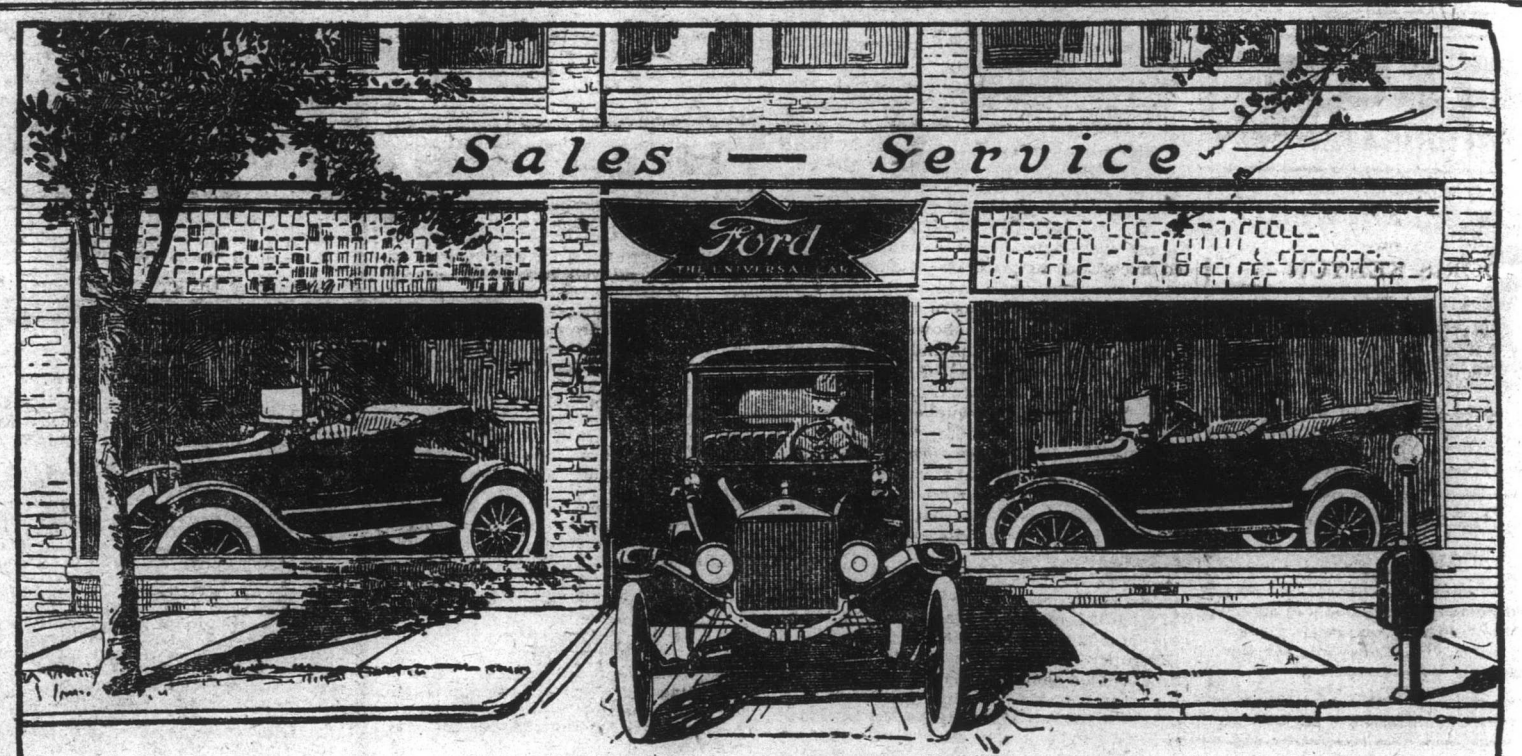

They know it goes further because it consists chiefly of the teas from Assam in Northern India, the strongest, richest teas grown anywhere in the world. Red Rose tastes better and goes further.
