Queer Names and Queer Drink

In the art of concocting mixed drinks American bar-keepers claim a superiority over the entire world. "Maiden's Blush" is the favorite early morning tipple with many of our customers, who come here be fore breakfast to get something that will stir up the inner man," said the gilded palace in Philadelphia, to a reporter. "Ordinary folks call them 'Eye Openers,' 'Morning Glories,' and such other names, but the true gentleman whispers 'Maiden's Blush.' What is it? Why only a gin cocktail extra sweet, with a dash of bitters to give it the delicate tinge which one sees on the cheeks of the modest maid. But there is no accounting for tastes, and there are as many fancy drinks as there are drinkers. Now, there is the 'Racquet.' Ah! that is lovely; and a few of them will send a fellow on a racket sure enough. Will I make one? Well, in goes a little Jamaica rum, some Santa Cruz, a squeeze of lemon, some rock syrup and Delacour's soda. Now we shake
