Medill's Cholera Mixture

Is one of the safest and most certain remedies ever brought before the public. It professes to be a perfect antidote to that deadly fatal class of diseases known as Cholera, Cholera Infantum, Cholera, &c. It has been known to avert the disease when all hope of recovery seemed to fail, and bring about a speedy convalescence. It is desirable for every family to be provided with a bottle, as these come on without warning, and soon prove fatal if not checked in time. If Medill's Cholera Mixture does not act with magic effect as above stated, and prove to be the correct treatment for the above diseases, our agents are authorized to cheerfully refund the money, and if as we are sure it will, prove itself to be an invaluable article, we ask you to tell your friends about it. Crooker's Pile Pills, a certain cure for piles of any type. For sale by all first-class Druggists and Dealers in Patent Medicines.
