"No Eye Like the Master's Eye.

You are master of your health, and if you do not attend to duty, the blame is easily located. If your blood is out of order, Hood's Sarsaparilla will purify it.

It is the specific remedy for troubles of the blood, kidneys, bowels or liver. Heart Trouble—"I had heart trouble for a number of years and different medicines failed to benefit me. I tried Hood's Sarsaparilla and three bottles completely and perfectly cured me." Mes. C. A. FLINN, Wallace Bridge, N. S.

A Safeguard—"As I had lost five children with diphtheria I gave my remaining two children Hood's Sarsaparilla as they were subject to throat trouble and were not very strong. They are now healthier and stronger and have not since had a cold.' MRS. W. H. FLECKER, Pembroke, Ont.

There Is Sallow Complexion, Fullness About the Stomach and

By a careful consideration of the following symptoms you can decide for yourself if your liver is torpid or inactive. The liver is the largest organ connected with the digestive system, and as a filterer of bile from the blood is to a very large extent responsible for the health of the whole body. A sense of fullness and oppression about the stomach, a pale, sallow complexion and pain in the shoulders and

back are among the first indications of

a disordered liver. Then there comes indigestion, wind on the stomach, headache, coated tongue, a bitter taste in the mouth, depression of spirits and despondency. The bowels become irregular, and constipation and looseness alternate. The bile left in the blood by an inac-

tive liver poisons the blood and causes liver spots, blotches and pimples. So great is the influence of the liver over the health of other organs that physicians have called the liver the governor or controller of the body. The prescription from which Dr. Chase's Kidney-Liver Pills are prepared was perfected by the doctor in his immense practice, and has proven the greatest liver regulator ever discovered. It acts directly and promptly on

the liver, making it active and vigorous as a filtering organ. At the same time it regulates and tones up the kidneys and bowels and sets the whole filtering and excretory system in healthy working order. Notwithstanding the fame of Dr. Chase's Kidney-Liver Pills throughout this continent, you will never fully realize and appreciate their value until

you have actually used them, and only

then can you fully understand why they have such an enormous sale.
