LONDON WINS FROM SARNIA. Sarnia, Ont., Oct. 6 .- The football game here this afternoon between London and Sarnia, intermediate series, resulted in a second victory for the London lads by a score of 14 to 2. pion steeplechase at Morris Park today over the trying distance of three miles and a half. This fixture was the feature of the day's racing, and it resulted in one of the most stirring struggles of the season. Seven horses faced the starter in the champion steeplechase, the Cad being added at the last minute. It was a coveted stake, for outside of the honor of winning, it had an added money value of \$9,000, \$6,000 of which was subscribed by gentlemen interested in steeplechasing. Going up the back stretch the last time Mr. Smith, who was always second on The Cad, sent his mount to the front. First one and then another tried to go up, but he came to the last jump a length and a half before Plato. Both cleared the obstacle in safety, and an exciting drive to wire followed, in which Mr. Smith showed his

Opiates Hasten Decay of the Nerves

The Nerves Must Not Be Trifled With -Wasted Nerves Are Restored and Revitalized By Use of

DR. CHASE'S NERVE FOOD (PILLS Your physician will tell you that morphine, cocaine and other oplates

induce sleep and rest only by deadening the nerves, that such relief is only temporary, and that the use of such drugs actually hastens the decay of the nerve cells.

The nerves must not be trifled with. No one can afford to waste nervous energy, the vital forces of the body. No one can afford to neglect diseased nerves until overcome by nervous prostration, paralysis, epilepsy or insanity.

It is next to impossible to estimate the effect of disordered nerves on the organs of the body. The whole ma-chinery of circulation, respiration and digestion can only be properly carried on when force is supplied by the nerves.

Starved, exhausted nerves cause pains, such as headache, neuralgia, sciatio rheumatism, backache and aching limbs.

The beginnings of nerve disorders

are usually sieeplessness, irritability, loss of energy and appetite, a twitching of the muscles, tired brain and depressed spirits.
When you can't sleep at nights and

toss in misery, longing for daybreak to come, do not yield to the tempta-tion to use morphine, cocaine or other MACHINES opiates. They only hasten decay. Let reason rule. Get right down to the foundation of the trouble and build up the system by using Dr. Chase's Nerve Food (pills).

This great restorative is in pill form and contains the very elements of nature, which go to form new, red corpuscles in the blood, and create new nerve cells. It is worth while to remember that

Dr. Chase's Nerve Food (pills) is not a patent medicine, but the greatest prescription of Dr. A. W. Chase, author of the family recipe book. Dr. Chase's Nerve Food (pills) is an up-to-date scientific prescription which has proven itself to be a specific for all

nervous diseases. It cannot fail, if used persistently, because it actually rebuilds and revitalizes the wastel nerves. It is especially recommended for his peculiar to women, because they almost invariably arise from exhausted nerves. AILSA CRAIG.

Ailsa Craig, Oct. 6.—Rev. James Menzies, M.D., Presbyterian mission-ary, late of Chang Te Fu, Honan, China, addressed a large and interested audience in the Presbyterian Church, Ailsa Craig, on Thursday evening. The meeting was under the auspices of the W. F. M. S., being the annual thanksgiving service. The offering amounted to about \$32. Dr. Menzies is quite hopeful of the mission work in China, believing that the present disturbed condition will even-tually be followed by larger opportunities for the advancement of Christ's kingdom in that land. He credits the statements recently made in the press, that some 50,000 native Christians had sacrificed their lives, but believes that 'the blood of the martyrs will again become the seed of the church." common with many other missionaries, he speaks very warmly of the untiring efforts of Consul Fowler, of Che Foo (American), on their behalf. Dr. and Mrs. Menzies, and infant daughter are spending a short time with Mr. Menzie's parents, near Ailsa. Craig, but intend to resume the mis-

sion work as soon as the way opens. DORCHESTER STATION.

The Wilson sisters, of London; the Smith quartet, of Embro; Miss H. Cameron, of Ingersoll, and Miss Swasy, of Brampton, furnished excellent music, with Miss Ethel McCann, as accompanist. The Nilestown brass band was in attendance. Miss Rena Burke, elocutionist, of London, gave choice selections. Receipts, \$60. Rev. Two been cured by the use of Radway's Pilis. Two or three pills every night in all cases insure a natural evacuation from the bowels and the regular flow of urine. In cases where there is irritation of the bladder, Radway's Resolvent should be used with the Pills. If these organs are kept regular, life may be extended to a much longer period. By keeping the Liver, Stomach, Bowels and Kidneys in a healthy condition the blood will continue pure and dissolution checked. If Radway's Pills and Resolvent are used by the aged, life will be prolonged to the full measure of time. Another great end is secured by nourishing the body with these remedies—the faculties will remain in a healthy condition.
