

Time Is Money.

But those that have the time cannot turn it into money unless they use the time profitably. Those whose time is most valuable are those who have an education and can use it. There are different kinds of education—the useful and the others. Our courses are useful.

LA GRIPPE.

I guess I have got the Grip. If you have pains in your back, at the back of your neck, headache, pains in your muscles, heavy feeling, you've got it, sure; but it's not the Grip you have to fear, it's the after effects. How common the expression is, "I have never been well since I had the Grip." How often you hear it, because it's true, once you get the Grip your system is filled with germs, and their favorite place of attack is the kidneys. Then beware when they cause backache.

Toronto, Ont., Nov. 20, 1900.
Arnold Chemical Company, Toronto, Ont.

Dear Sirs,—I had la Grippe last December, and was confined to my bed for ten days, and for six weeks following I felt out of sorts, and was distressed by a hacking cough that seemed much worse just as I was retiring at night, and it would keep me awake for hours. I lost weight and felt generally used up. I saw Dr. Arnold's Tonic Pills advertised and began taking them, and it was the most satisfactory treatment I ever had. If these germs ever attack me again, I know where to go to get relief. Hoping this slight testimonial may be of service to some fellow-sufferer from the after effects of la Grippe germs, I remain, yours truly,
(Signed) JAMES HEYDON.

The Necessity Of a Change....

It is necessary for the welfare of our being, in order to preserve our health, that we should have an occasional change.

A change of dress is as essential as a change of climate.

Means are required to accomplish either.

In the matter of dress, Fit-Reform disposes of this question, as it gives to the consumer two suits at the cost of one as offered by the merchant tailor, and thus answers one of nature's demands.

We invite inspection at our health resort.

QUARTERLY MEETING

Of the Deane of Middlesex Lay Workers' and Sunday School Association.

The quarterly meeting of Middlesex Lay Workers' and Sunday School Association was held in St. James' Sunday school, South London, yesterday afternoon and evening. His lordship the bishop held a quiet hour for the clergy from 11 to 12, when 21 clergy of the deanery were present. The bishop spoke on the five dispensations and his accustomed eloquence and fervor, and received the hearty thanks of those present and their congratulations upon the anniversary of his consecration to the episcopate. The Holy Communion was celebrated at the close.

At 3 p.m. the convention opened, with the rural dean, Rev. Canon Smith, in the chair, having with him Mr. C. H. Armitage, vice-president, and Rev. G. B. Sage, secretary, as well as the rector, Archdeacon Davis.

Deanery business and reports occupied some time, after which Rev. A. L. Beverly, of Forest, contributed a paper on "Lay Help," which was thoroughly appreciated by the audience. The discussion was opened by Dr. Crawford in an earnest address, followed by several others.

Mr. R. B. McEltheran gave an address on "What Constitutes a Good Lesson," giving many useful and practical hints. Canon Richardson opened discussion with well timed remarks, and a number of others followed.

At 6 o'clock adjournment was made to the adjoining room, where well laden tables, supplied with abundance of good things by the teachers of St. James', were waiting attention.

In the evening there were addresses by Mr. W. Hart and others, followed by an address by Mr. James Saffier, of Strathroy, on "Encouragements to Teachers," giving helpful suggestions. Mr. C. H. Armitage opened the discussion which followed, by forceful remarks.

Rev. W. A. Graham, of St. Thomas, gave a paper on "How to Retain Older Scholars," treating his subject in a way which gave satisfaction to the audience. He was followed by Messrs. Beattie and Pope, Mrs. Holmes, Mrs. Thorpe, Miss Lynch and others.

The usual vote of thanks was tendered to the ladies of St. James' and those reading papers.

PARALYSIS CURABLE.

Stricken Ones To Be Seen Everywhere
—This Form of Living Death Cured
by Dodd's Kidney Pills.

The most startling example of human helplessness is the paralytic.

The victim excites your commiseration, but resents your pity.

He of the palsied hand stifly pressing the benumbed side is to be seen everywhere we go.

The most convincing proof that this pitiable condition is the outcome of kidney disease is the fact that Dodd's Kidney Pills cure it.

Not generally recognized as a kidney disease, it succumbs to kidney treatment.

Did you ever know of a cure? Just think a moment!

If you do it must have been the work of Dodd's Kidney Pills, for no other medicine ever yet cured.

EXPLAINED.

"This," said the drug clerk, "is a most wonderful hair renewer. It's our own preparation."

"Well, give me a bottle," said the bald-headed man. "But, say, come to think of it, why don't you use it? You're pretty bald yourself."

"I can't use it. You see I'm the 'Before Using' clerk. The 'After Using' clerk is out at lunch. You should see him."
