ST. THOMAS STREET RAILWAY SYSTEM DEMORALIZED THRO SURGING BASEBALL CROWDS

feeming Millions Flock Forth From Pinafore Park, and While Both Cars Are Used, Company Is Unable to Care for the Traffic-Ottawa Scribes Wax Warm in Praise of the Tecumsehs, So Our Official Dopster Is Moved to Biblical Quotation—Senators Are Doing Some Great Stickwork— Pipes From Supporters of Our Rivals.

The following clipping from the St. Thomas Times is very amusing, particularly to those who have waited some hours for a street car in that city: "The street cars were not equal to the task of getting the crowd home after the game."

The cars would have great difficulty in accommodating a "crowd" of one hundred people. The cars would have great difficulty in accommodating a "crowd of one hundred people.

Here's another from the same paper, referring to the game Monday afternoon:

"There were 2.000 fans present yesterday afternoon. If the same crowd had been present in London or Hamilton, it would have been advertised as 3,000. St. Thomas is still the best ball town in the league."

Why, pshaw! The crowd at an afternoon game on a holiday in London would attract an attendance of nearly 7,000 if calculated the same way as is in use in St. Thomas. As to St. Thomas being the best ball town in the league, we do not dispute that, as all the other places in the circuit are cities.

Ottawa Fans Not Cock-Sure Yet.

The Ottawa papers realize that the Senators have not as yet landed the pennant, and the scribes in that city are constantly reminding the fans that the present series with London is the most important one of the season.

The attendance at the games should break all records for the Canadian League, and much of the credit for this will be due to the papers who are frequently publishing statements to the effect that the London team has been greatly strengthened for the visit to the capital. Here is one:

"Tomorrow afternoon at Lansdowne Park the most important series that the locals have yet faced will be opened with the London Cockneys as the attraction, and on the result of the four games with the Londoners will practically depend the Canadian League championship."

"The Maroons expect several hard encounters with the visitors, as two or three new faces will appear on the London line-up when they play here tomorrow. In their present stride, however, Louie Cook's braves should experience no trouble in vanquishing the aspirants to the Canadian League honors."

The reason for the present position of the Ottawa team at the top of the standing in the league race can be easily understood by a brief glance at the batting averages of the regular Ottawa players while on their last road trip.

Boosts From Bye-Town. The Ottawa papers have been giving the London players great press notices lately, and in spite of some mean people who will say that it is for mercenary purposes; and to attract people to the games there this week, we take it in the way that it is given.

Herewith are several from the Ottawa

Free Press:

He played with London last year, and was under the seasons and was sold to the seasons." and was sold to Cincinnati. He played with London last year, and was under reservation, but refused to report till recently because of salary trouble.

"Linneburn is reputed to be the fastest man in the league." At the Irish picnic in London last week he put it all over the Ottawa bunch in baserunning contests. Ottawa fans are also anxious to look over Gilhooley. Lendon's shortstop, whom the scribes up west say is faster than Schwind. He was procured from Ningara University early in the season.

Tally in Ninth.

Berlin, Aug. 14.—A wild throw by First Baseman Hessberger to third base in the ninth inning allowed Guelph to score the run which won for them today's game by a 3 to 2 score. Guelph got two runs in their first inning on four hits. The Bees got sixteen runners to base, chiefly through the Leafs' misplays and Manager Barret's club. Kubat let the visitors down with two hits, one being a clean single to right from Speer's bat in the fifth, and the other a scratch infield hit poked by other a scratch infield hit poked by through the Leafs' misplays and Manager Applegate's wildness. It was a game of lost chances, however, for the Bees failed to connect safely with runners on the bags. A pass to first, a hit and an error gave the locals a run in the first, and in the seventh they added another on a pass and a single. Craven, the infielder of the locals, was in the spotlight.
