## THIRTY DROWNED BY SINKING OF CAR FERRY

Ludington, Mich., Sept. 9.—Thirty lives were lost today when Pere Marquette car ferry No. 18, bound from Ludington to Milwaukee, went to the bottom of Lake Michigan half way across the lake. The dead include Capt. Peter Killy, of Ludington; S. F. Seze-

panik, purser and wireless operator, whose signals of distress brought assistance to the sinking steamer and two members of the crew of car ferry No. 17, who lost their lives in an effort to rescue the crew of No. 18.

## POLITICAL TOWN OVER IN MAINE

Portland, Me., Sept. 13.—A tidal wave of democracy swept over Maine yesterday, carrying Col. Frederick W. Plaisted of Augusta, to the governor's chair and ousting the present occupant Bert M. Fernald of Poland, by a plurality of at least 6,500. Returns from 639 out of 628 election districts comprising 19 cities and 421 out of 501 towns and plantations gave: Plaisted (Dem.) 64,658; Fernald (Rep.) 56,988.

The wave overwhelmed at least two and possibly all four of the state's congressional delegation, which has been Republican since the inception of the party. The flood spread through a majority of the counties, and even extended to the legislature which next winter will choose a successor to United States Senator Eugene Hale.

In the congressional contests, Daniel J. McGillicuddy, of Lewiston, defeated Congressman John P. Swasey, in the second district. Samuel W. Gould, retired Edwin

C. Burleigh of Augusta, to private life, after 18 years at Washington, while late returns indicated the election of Wm. H. Pennell, a Democrat over Asher C. Hinds in the first district, and Congressman Frank E. Guernsey admitted at midnight that his fourth district was much in doubt.

The incoming senate is surely Democratic by a good majority and at midnight the House seemed to have the same complexion.

Col. Plaisted, the governor elect, is the son of Harry M. Plaisted, the Fusion governor of 1881 and '82, but where the father won in the election of 1880 by scant 150 votes, the son today goes up to the capital with a plurality larger than that given two years ago to his defeated Republican opponent, Governor Bert Fernald of Poland. The victorious Democrat leader is a young man in point of age, but an old hand in the political game.

Col. Plaisted was born in Bangor in 1864. His business is that of a publisher of a weekly paper.

## CARRIED THE HOST BEFORE VAST CROWD

Forty Thousand People in Montreal Eucharistic Procession was More Than Four Hours in Passing—Route was Lined by Half Million People.

Montreal, Sept. 11.—The Eucharistic procession, the crowning event of the Eucharistic Congress, took place today and was participated in by 40,000 men, and was witnessed by half a million people.

Never has any city of the new world witnessed such a spectacle and the demonstration was of such a stupendous character that it took four and a half hours for the procession to pass a given point. More than 100 bishops, three princes of the church, two prelates and thousands of priests all united to proclaim their love for the mother church and faith in the Eucharist.

The route of the procession, which was two miles and three-quarters, was through long lanes of densely packed humanity and when the fall commanding figure of Cardinal Vannutelli, bearing aloft the Host, passed by, the sight of the thousands kneeling in adoration was impressive.

The first marchers reached the sanctuary erected on the slopes of Mount Royal, long before the clang of Notre Dame's famous bells heralded the fact that the

cardinal legate, bearing the Host, had left the mother church of Canadian Roman Catholicism.

A rough computation showed that the processionists passed at the rate of 10,000 an hour. Never has Montreal or any other Canadian city witnessed such a huge gathering of people. During the past two days more than 200,000 poured into the city from all parts of the continent. The tremendous influx resulted in something approaching a food famine and hundreds waited in line at the various hotels and restaurants waiting for a chance to get something to eat.

The resources of the railways were taxed to the utmost and the dense throngs packed the stations waiting for the special trains which took them back to their homes. Until a late hour tonight the trains were leaving every fifteen minutes. Montreal tonight is invaded by hungry throngs and prices of food have soared.

The monster procession passed off without a hitch, and with the exception of a few cases of fainting the Red Cross stations along the route had ~~nothing~~ to do.

## AMHERST MEN SERIOUSLY, IF NOT FATALLY, INJURED

Amherst, N. S., Sept. 13.—About 30 citizens this morning were aroused by a terrific explosion followed immediately by the fire alarm. So far as can be ascertained workmen in the Rolling Mills department of the Canadian Car and Foundry Co., threw water on the hot slag which caused the explosion. Russell

Jones, brother of I. C. R. policeman Jones, and a man named Carter were seriously injured, the fine fire of hot slag striking them in the face. It is feared Carter will at least lose his eyesight, while both are considerably disfigured, the slag being burned in their faces.

## COMMERCIAL MEN'S DAY AT ST. JOHN FAIR

St. John, N. B., Sept. 12.—Commercial travellers' day at Dominion Exhibition was most successful one marked as it was by three new features of interest. The Royal Canadian Dragoons made their first appearance and pleased the crowd with their musical ride.

Gen. Baden Powell visited the grounds intending to review the corps of boy scouts from Halifax, but for some reason the latter did

not arrive and the hero of Mafeking merely inspected the live stock. In the afternoon he addressed a large meeting in the opera house on the purpose of the boy scout movement and left again for Montreal this evening.

Knights of the grip played a ball game on the exhibition grounds and St. John was defeated by the outside men, 10 to 7.

## ST. VITUS DANCE

A Striking Example of Its Cure by the Tonic Treatment.

St. Vitus dance is the commonest form of nervous trouble which afflicts children, because of the great demands made on the body by growth and development, and there is the added strain caused by study. It is when these demands become so great that they impoverish the blood, and the nerves fail to receive their full supply of nourishment, that the nervous debility which leads to St. Vitus dance.

The remarkable success of Dr. Williams' Pink Pills in curing St. Vitus dance should lead parents to give their children this great blood-building medicine at the first signs of the approach of the disease. Pale, listlessness, inattention, restlessness and irritability are all symptoms which early show that the blood and nerves are failing to meet the demands made upon them. Mrs. A. Winters, Virden, Man., says: "When my little girl was six years old she was attacked with St. Vitus dance. Her limbs would jerk and twitch. Her speech became affected, and at last she became so bad that she could scarcely walk, and we hardly dared trust her alone. She was under the care of a doctor, but in spite of this was steadily growing worse, and we feared that we would lose her. As Dr. Williams' Pink Pills had cured her older sister of anaemia, I decided to try them again. After the use of a few boxes, to our great joy, we found they were helping her and in the course of a few weeks more her power of speech fully returned and she could walk and go about as well as any child, and she has been well and healthy since. When illness came to any one of our family now, we never call in a doctor, but we use Dr. Williams' Pink Pills, and they never disappoint us."

## FAKIR AT FAIR

WAS ARRESTED

But Allowed to go on Promise to Stop Operations at the Winter Port.

St. John, Sept. 9.—An Austrian named Kitz was arrested on the exhibition grounds this morning for working a gambling game at which a man named Maher claimed to have lost \$37. It was a game of chance that the fakir was using, with the advantage a great deal in the favor of Kitz. The police magistrate ordered Kitz to hand over the money that he had received from Maher, and on the condition that he would "quit" the

DO YOU STILL PAINT YOUR ROOFS?

Thousands of farmers still count the cost of painting their ready roofs as a necessary part of their annual expense. Many of them are making trouble for themselves in the future by laying roofs which require constant attention.

There is a modern and better way of treating the roofing problem. Amattite roofing has come upon the market during the last few years and has proven a success. Amattite is like any other ready roofing (sold in rolls with nails and cement free, etc. ready to lay), except that it has a mineral surface which needs no painting.

It is just as easy to lay Amattite as any other roofing and just as cheap. The difference is that after you have laid your Amattite roof, you can leave it alone. The mineral surface is thoroughly durable and requires no painting.

If you do not know about Amattite, we advise you to investigate it. You can get a booklet about it and a free sample by simply addressing the nearest office of the Carrington-Paterson Mfg. Co., Ltd., St. John, N. B., Halifax, N. S.
