

Amatite ROOFING

Why Practical Men Demand Amatite

ROOFING that needs no paint every two years can't hold the market against Amatite which needs no painting. Practical men know the great advantage of a roof that needs no painting. They know what a nuisance the painting is. They know how much it costs. They know how liable they are to neglect to paint their roofs at the proper time.

Painted roofs are waterproof only where the paint is. Amatite is waterproof all the way through. Amatite is sold in the usual convenient rolls of 110 square feet with a smooth lap where the mineral surface is caulked, so as to secure a tight joint. Nails and cement are packed in the center of each roll.

Free sample and booklet on request to nearest office.

Miss Aggie Stewart has returned from Keene, N. H., and will spend a few weeks with her parents Mr. and Mrs. James Stewart.

Miss Constance Murray of Campbellton is visiting Miss Gertrude Barberie for a few days.

Miss Muriel Bate of Newcastle, N. B., is the guest of Miss Rosalie Ferguson.

W. W. Carter of Shubenubee, N. B., spent a day here last week at the Ingh Arron.

Those who attended the celebration held in Charlottetown Monday last in honor of the feast of the Assumption, were Mr. and Mrs. A. J. LeBlanc, Mr. Allie LeBlanc, Mr. and Mrs. E. R. Gaudet, the Misses Martin and Mr. E. R. Richard.

An auto party from St. John arrived at the Ingh Arron on Monday evening. It consisted of Mr. and Mrs. J. Foster Gregory, Mr. Leo F. Gregory, Mr. Oliver Gregory, Mr. George Murray, Miss Mary Murray and Miss Ada Murray.

Mr. Fred Morris spent the week end here with friends.

Mr. E. M. Keirstead of Toronto is spending a few days at the Ingh Arron.

Miss Ethel Bullman of Montreal, is visiting Mrs. R. J. Coleman.

Mr. and Mrs. H. A. Hilyard and Miss Josephine Hutchison left this morning for Gaspe where they intend remaining a few days.

DALHOUSIE JUNCTION

The local social which was given at Dalhousie Junction on Thursday evening was a complete success, not only from the financial point of view but from the social one as well. Although the "light fantastic" was not indulged in, it was a very successful evening. The programme, which had been carefully prepared, was a good one and each member received its well merited share of applause.

As a result of the occasion a temperance song marked the evening of the entertainment. This was loudly applauded.

The Rev. Mr. Coleman was then called upon to a short address in which he congratulated the members for the progress they had made and also greatly encouraged them in the good work.

Miss Hilda Stewart of Dalhousie then favored the audience with a solo. Miss Stewart was also heard from again towards the close of the programme in one of her usual interesting readings and received more applause by kindly responding to an encore.

Mr. Chisholm also greatly delighted his hearers with some violin selections accompanied by Miss Johnson of Dalhousie. It is needless to add that they were obliged to respond to encore after encore. Mr. Chisholm is an exceptional good violinist and as Miss Johnson is not lacking in musical ability, their contribution to the evening's enjoyment was by no means a small one.

The Rev. Mr. Kirk made a strong appeal for all the young men to abstain not only from strong drink but also from the many evils which especially threaten the young.

One of the most pleasing features of the evening's entertainment was a "nigger song" by Mr. James Jamieson and little daughter Jean. Jim has many of the "boy characteristics" about him yet as evidenced by the way in which he was received by those of younger years. Two dialogues, some recitations and a few popular songs were also very much enjoyed by those assembled. The programme was brought to a close by a few more selections from the violin.

Then as the sweet strains of Annie Laurie were dying away Mr. Robinson came upon the scene ready to use "all kinds of arguments" in favor of the ladies had so kindly provided. This is still a favorite with the boys as was shown by the satisfactory manner in which baskets were disposed of. The meeting came to a close with the singing of God save the King, every one declaring that it was the most enjoyable event of the season.

The members of the Division wish to thank each and every one who contributed in any way toward making the social the success that it was, especially those who came from a distance.

The sum of \$52.00 was realized.

A LAHORE paper describes a curious case of primitive justice in one of the Simla Hill States. The plaintiff and defendant were each called upon to produce a goat in court. To the goats was administered by the court sweeper, under the orders of the presiding officer, a dose of poison, each dose having been carefully weighed and made exactly equal. The suit was adjudged in favor of the owner of the animal which succumbed last to the poison, the unsuccessful party losing both goat and case.

American and Canadian Scientists tell us the common house fly is the cause of more disease and death than any other agency.

WILSON'S FLY PADS

Kill all the flies and the disease germs too.

GRAND TRUNK IS NOW RUSHING WORK

Work is being rushed this spring on the bridges of the Grand Trunk Pacific for the section of the line which follows the course of the Skeena River. The G. T. P. steamer, Prince Rupert left Vancouver with the advance guard of a large number of bridge and steel structural workers belonging to the Canadian Bridge Co. and a considerable quantity of material is to follow to Prince Rupert in the near future.

The new federal government isolation hospital which is situated on an unnamed island in one of the bays of Digby Island off Prince Rupert Harbor is now practically complete with the exception of the interior furnishings. The building is both large and handsome so that it should meet the requirements of this Pacific port for many years to come. Not a glimpse of it can be seen from the harbor as it is screened by large spruce and other coniferous trees some of which measure six feet in diameter.

The Grand Trunk Railway has decided to establish a freight terminal on the east side of Carlaw Ave. North of Queen St. in Toronto, and to this end has acquired eight acres of property for \$68,333 or \$80 a foot seven acres will be taken up by freight sheds.

A ten year contract has been entered into between the Grand Trunk Pacific Railway and the Northern Navigation Co. a subsidiary of the Richelieu and Ontario, whereby the Railway will run special trains in connection with the Northern Navigation Co.'s boats across the upper lakes, this affording a service from Toronto to the boats and from Fort William to Edmonton.

The S. S. Prince George belonging to the Grand Trunk Pacific Railway has been fitted out as an oil burner and its consort the S. S. Prince Rupert is to be laid off for six weeks in order that a similar change may be made. Both vessels will resume their regular summer schedule in April.

Orders for over 4000 cars of various classes have recently been placed by the Grand Trunk Railway to augment its present equipment these include 44 passenger coaches, 23 baggage cars, 300 box cars, and 1,000 coal cars apart from which 945 cars of all kinds have been received and put into service during the past quarter. The Grand Trunk has also ordered 1,000 freight cars from the Canadian Pacific Railway. These cars will be delivered to the Grand Trunk in the near future. Delivery of these cars to the Grand Trunk will be completed by the end of the year.

ROGERSVILLE

A grand celebration will take place here on August 31st when the monument erected to the patriots of the Canadians will be dedicated. Bleating of said monument in the morning at ten o'clock, concert at 3 o'clock. Torch light procession, illumination of monument and surroundings in evening. Special train with bands from Shediac and Moncton. Reduction of fares on all railroads.
