THE PEOPLE'S PASTIMES.

WHAT IS GOING ON IN SPORTING CIRCLES ALL THE WORLD OVER.

Hanlan Mysteriously Backs Down.
SAN FRANCISCO, Dec. 29.—Hanlan lately offered a thousand dollars to any man on the coast who would outrun him in the Madison Cup in the West. He has now accepted. Hanlan now asks the latter to release him from his engagement, but won't state why.

Princess Wins at New Orleans.
NEW ORLEANS, Dec. 29.—The winter meeting of the Louisiana jockey club commences here to-day.

Sullivan Eclipse Burns as a Runaway Bully.
LEADVILLE, Dec. 29.—Sullivan, speaking of Paddy Ryan's withdrawal, said to an interviewer, "poor Paddy's withdrawal does not surprise me. He never meant to stand before me, because he knows I could knock him up in two minutes. He has proved himself a cur and the people will see it. I shall go to Frisco all the same and possibly arrange a match with the Australian champion. I will offer him a thousand dollars to stand before me four rounds."

Wm. Strong and the Briggs Tournament.
Our friend of the Hamilton Tribune says the money in the Strong-Cockburn match was withdrawn from the stakeholder by mutual consent. If to yield up your pocketbook with a pistol at your head is to give up voluntarily, then were the stakes drawn by mutual consent, but not otherwise. Much correspondence took place between the stakeholder and Cockburn's backer, and then a letter came saying under pain of a threatened suit Strong had given up his, but Cockburn's \$100. Of course Cockburn did not choose that the remainder of the money should be left in the stakeholder's hands forever and a day, and then, and not until then, did he take it down.

Plunger Walton is a dead bird. His bets and training expenses remain unpaid in England. The first thing he will do is "warned off" and then the short-lived notoriety of the plebeian "plunger" will be a thing of the past. Plunging does not pay.

Dan Mace sold to Gen. R. A. Alger. A wealthy lumber merchant of Detroit, the lay gelding Bay Dick by Hower's Hinge, record 2:24, for \$2000. The horse formerly owned by Mr. W. H. Vanderbilt, who tried to drive him and Maud S. together as a team.

As police headquarters Saturday night the much-talked-of racing match between Sergt. Caslock, 10th Royal Grenadiers, and Follenham Mills came off. The stakes were \$10 a side, best three out of five. Mills won with the greatest ease in four straight pulls, nearly throwing his opponent over his head.

A pigeon match at Eglington between T. Holt,ington and J. T. Smith at 2:15 birds, 2 birds rise, for \$25 a side, on Friday was a very close one.

A Queen set, won because invited several friends to his place Saturday afternoon to see a couple of ferrets get away with a couple of rodents. The latter made the appearance in the ring and the ferrets were let loose. The invited guests got a great laugh on the host before the fun was over, for the ferrets were especially dirty into their corner and got the worst of it every time.

A movement is talked of among shooters to increase the length of the season to 21 matches from 21 to 31 yards. It is a good idea and should be acted upon. It would give the bird a better chance for its life and lead to an improvement in the skill of the shooter. A thorough sportsman invariably feels a keener sense of pleasure when the fulfillment of his object requires some skill. As this is now in Canadian matches, the distance is too short, the guns too formidable, and the quantity of shot too excessive.

Some time last June Mr. Pierre Lorillard's steam yacht Radha was run down by a ferryboat belonging to the Pennsylvania railroad company, and Mr. Lorillard received a splinter in the leg. For the injuries received to himself, Mr. Lorillard now sues the company for \$25,000, alleging that his doctor's bill was \$1000, and for the injuries to his yacht he claims \$7419. The owner of Iroquois and old Parole evidently hopes to get back, with interest, the \$17,000 gave his employees in Christmas presents.

Our Grandchildren.
I thought their daughters that "stick in time saves nine." A pill in time saves not only nine, but oftentimes an incalculable amount of suffering, well. An occasional dose of Dr. Pierce's Little (Little Sugar-coated Pills), to cleanse the stomach and bowels, not only prevents disease but often breaks up existing diseases when taken in time. By druggists.

Ladies of fashion start their happiness to feed their vanity, and their love to feed their pride. —Colton.

A. D. Weeks, Druggist, of Uxbridge, says he never sold any pill that gave such universal satisfaction as the National Pills, and adds, "I sincerely believe them to be the best in the market, and can safely recommend them to my customers."

Let a man be never so ungrateful or in-human, he shall never destroy the satisfaction of my having done a good office. —Seneca.

AYER'S Cherry Pectoral is recommended by physicians of the greatest eminence on both sides of the Atlantic, as the most reliable remedy for colds and coughs, and all pulmonary disorders. It affords prompt relief in every case. No family should ever be without it.

No one loves to tell a tale of scandal but who shies to hear it. —Lafayette.

Mr. W. J. Guppy of Newbury has used Burdock Blood Bitters in his family with good effect, and says that Rev. J. R. Smith has used it, and speaks of it in high terms of praise. It is the great blood-purifying tonic that acts upon the bowels, the liver, the kidneys, the skin, and the blood.

Self-control is promoted by humility. Pride is a fruitful source of uneasiness. It keeps the mind in disquiet. Humility is the antidote to this evil. —Sigourney.

Cures toothache and neuralgic pain as flash, removes any pain instantly, the cheapest and quickest application known. Will suffer with toothache, neuralgia, headache, rheumatism, lumbago, sciatica, sore throat or acute pains of any kind when you can go to F. T. Those beings are only fit for solitude who like nobody, are like nobody and are liked by nobody. —Zimmerman.

The great source of consumption and many wasting forms of disease is Scrophulous lurking in the system. The true specific for this condition is found in Burdock Blood Bitters; this medicine purifies the blood and builds up the enfeebled frame.

NORTH AMERICAN LIFE ASSURANCE CO.

Incorporated by Special Act of the Dominion Parliament.
FULL GOVERNMENT DEPOSIT.

Hon. A. MACKENZIE, M.P., Ex-Prime Minister of Canada, President.
Hon. A. MORRIS, M.P., and J. L. BLAIR, Esq., President Can. Landed Credit Co., Vice-Presidents.

The special features of this Company are its Tontine Investment and Semi-Tontine Investment Policies, and its Commercial Endowment Policy.

ITS TONTINE AND SEMI-TONTINE INVESTMENT POLICY.
Combine in one form the greatest number of advantages attainable in a Life Assurance policy. They appeal at once to the intelligence of all who understand the principles and practice of Life Assurance. All policies, whether on Life or Endowment rates, are subject to no higher charge in Premium Rates in taking the "Tontine or Semi-Tontine Investment" form. The extra benefits of this class are conditioned only on the continuance of the policy for a certain specified term or Tontine period of 10, 15 or 20 years, and are payable only in the event of the death of the insured himself. Two things most desirable in Life Assurance are the CERTAINTY OF PROTECTION in case of early death, and PROFITS if LONG LIFE. These are combined in the Tontine and Semi-Tontine Investment policies of the North American Life Assurance Company.

WILLIAM McCABE, Esq.,
Managing Director,
North American Life Assurance Co., Toronto.

Dear Sir:—As requested by you, I have examined your "Book of Estimates" in relation to Tontine Savings Fund Policies, as issued by your company.

The assumed rates of mortality, interest and expenses upon which the estimates of probable results have been based, are less favorable than the experience among Canadian Companies would have justified, while the estimates of surplus are far within the results actually realized by other Companies issuing Tontine Policies, and hence may be anticipated with confidence. In brief, these estimates are, in my opinion, both safe and conservative.

Very Respectfully Yours,
SHEPPARD HOMANS,
Consulting Actuary.

COMMERCIAL ENDOWMENT POLICY.
This new plan of assurance yields maximum assurance for minimum outlay. The great protection of life insurance is furnished for payments called for only as death occurs. Your money is not paid until you are dead. You pay as you go and get what you pay for, as in fire insurance. This plan places reliable Life Insurance within the reach of the masses at an estimated cost of about 50 per cent of the lowest ordinary life rates. It is the best plan for those who want insurance only, and the easiest for agents to work.

Himalaya (the shade of snow from the Sanscrit "hims," snow, and "alaya," abode) is the most elevated and stupendous system on the globe. The tea plant can only flourish in the high mountains of the Himalaya at an elevation of 5000 feet, but the best is produced at from 2000 to 3000 feet above the sea, and the best only is sold by the Li-Quor Tea company at 29 cents per lb.

More hearts pine away in secret anguish for kindred sufferers, than from any other calamity in life. —Young.

An Old Soldier's EXPERIENCE.
"Calvert, Texas, May 8, 1883."
"I wish to express my appreciation of the valuable qualities of

Ayer's Cherry Pectoral as a cough remedy.

My father, General Churchill's army, just before the battle of Vicksburg, I contracted a severe cold, which terminated in a dangerous cough. I found no relief till on our march we came to a country store, where, on asking for some remedy, I was urged to try AYER'S CHERRY PECTORAL.

It did so, and was rapidly cured. Since then I have kept the PECTORAL constantly by me, for family use, and I have found it to be an invaluable remedy for throat and lung diseases. —J. W. WHITELY.

Thousands of testimonials certify to the prompt cure of all bronchial and lung affections, by the use of AYER'S CHERRY PECTORAL. Being very palatable, the youngest children take it readily.
