FULL GOVERNMENT DEPOSIT FOR THE SECURITY OF POLICY-HOLDERS.

The Company offers to the insured the choice of six classes, viz: Ordinary Life, Endowment, Semi-Annual Investment, Return Premium Investment, Reduced Endowment and Commercial.

The SEMI-ANNUAL PLAN combines in one policy the benefits of Life Insurance with that of an investment, should the insured live to the completion of the term, 10, 20, or 30 years, as he may elect. He has the option of withdrawing the entire cash value at the end of such period.

The RETURN PREMIUM PLAN is a clear and definite contract, guaranteeing a return of all premiums paid, in addition to the full face of the policy in the event of death during the term of years selected. Should the insured live till the completion of the period selected by him, the return will undoubtedly be a very satisfactory investment at the required rate. This plan is offered to the insured.

The COMPANY'S PLAN affords protection at normal cost, being about one-half that of ordinary plans during the years that Life Insurance is especially needed. A few of the advantages of this plan are: 1. It is a most desirable plan for the young and middle-aged, as it provides for the support of the family in the event of the insured's death. 2. It is a most desirable plan for the aged, as it provides for the support of the family in the event of the insured's death. 3. It is a most desirable plan for the wealthy, as it provides for the support of the family in the event of the insured's death.
