GIVE THEM THE FLOWERS NOW

Closed eyes can't see the white roses,
 Cold hands can't hold them you know,
 Breath that is still cannot gather
 The odors that sweet from them blow.

Death, with a peace beyond dreaming
 Its children of earth doth endow;
 Life is the time we can help them,
 So give them the flowers now.

Here are the struggles and striving,
 Here are the cares and tears;
 Now is the time to be smoothing
 The furrows and the furrows and fears.

What to closed eyes are kind sayings?
 What to hushed heart is deep vow?
 Naught can avail after parting,
 So give them the flowers now.

Just a kind word or a greeting;
 Just a warm grasp or a smile—
 They are the flowers that will lighten
 The burdens for many a mile.

After the journey is over,
 What is the use of them, how
 Can they carry them who must be
 carried?

Oh, give them the flowers now.
 Blooms from the happy heart's garden
 Plucked in the spirit of love;
 Blooms that are earthly reflections
 Of flowers that bloom above;

Words cannot tell what a measure
 Of blessings such gifts will allow
 To dwell in the lives of many
 So give them the flowers now.

LORD BYNG OF VIMY

Lord Byng was born on September 11th, 1862 and was the seventh son of the 2nd Earl of Strathford.

It was with the 10th Royal Hussars that he started his military career in 1883. In 1898, he was promoted to the rank of Major and in 1901 to Colonel, while in the South African campaign.

While serving in the Sudan Expedition, in 1884 at El Tel and Tamai, he was awarded a medal with clasp, Khedwe's Star, and in the South African campaign, he was mentioned in despatches and won the Queen's Medal with six clasps and the King's Medal.

1902, Lord Byng took command of the 10th Royal Hussars and held it until 1904, when he joined the Cavalry School at Netheravon.

He became Major General in 1909 after having commanded the 2nd Cavalry Brigade from 1905 to 1907, and the first Cavalry Brigade from 1907 to 1909.

For the next two years, he was with the East Anglian Division and in 1912, took command of the forces in Egypt.

He married Marie Evelyn in 1902, whose books, "Barriers" and "Anne of the Marshland," published in 1912 and 1913 respectively, have been well received, and who was the oldest child of Hon. Sir Richard Moreton, K.C.V.O.

Lord Byng stepped into the great

war in 1914 and in a short time became recognized as an expert general in modern warfare.

His brilliant record with the Canadian Corps will never be forgotten in the annals of Canadian history.

"UNTO THE LEAST OF THESE"

Millions of children in the famine districts of Russia are dying by inches because of the apathy of many well-fed people who say: "Russia is a long way off and charity should begin at home. And anyway Russia deserves her chastisement."

Yes, charity should begin, but not end at home.

Why should Canadians who came through the war and its terrible aftermath better off, perhaps, than any of the belligerent peoples refuse to hearken to the piteous cries of women and children in whatever country they may be placed? The sufferers of the Volga contributed nothing to the causes which have made the Soviet a pariah among the nations of the earth. Then why should we be content to flourish in a land which flows with milk and honey while innocent babes, many of whom were unborn when the war began, are left to wither and die for the lack of the nourishment that a few pennies will buy?

The Russian famine is the concern of every man, woman and child in Canada who is moved by charitable impulses, every individual numbered among the chosen on the right hand of the King to whom shall be said: "Inasmuch as ye have done it unto one of the least of these my brethren, ye have done it unto me."

The Canadian Save the Children Fund Committee has undertaken to raise subscriptions for relief of these children. All monies raised will be spent on food and supplies purchased in Canada. There is no doubt about these reaching the children, for distribution is made through British channels, which guarantee that the children get the food. Subscriptions may be sent to Sir George Burn, Treasurer of the Save the Children Fund Committee, Elgin Building, Ottawa, Ontario, or they may be made through your local organization.

LABOR TROUBLES ON TEA PLANTATIONS

The high wages paid to workers on the tea plantations in India and Ceylon during the war, and the present scarcity of the leaf, have led to a constantly increasing price for good tea. It is rumored that the cost of producing tea, which has advanced between 12 and 16 cents a pound during the last eighteen months, will soon make necessary a general increase in retail prices.

DEATH OF MRS. DAVID TANTON

The death of Mrs. David Tanton, occurred Monday night, March 20th, in Victoria Hospital, London, where she was taken the Friday previous for treatment. The deceased was Cora Alberta, second daughter of Mr. and Mrs. W. J. Wight, of London, formerly of 2nd con., Bosanquet, and granddaughter of Mr. and Mrs. Wm. Wight, Sr., Bosanquet. She had been seriously ill for nine weeks with neuritis and suffered greatly. She was born on the 2nd con. of Bosanquet, Sept. 14, 1894, and lived in Bosanquet until seven years ago, when she married David Tanton of West Williams and since then has lived in West Williams. The bearers were six neighbors; John Roland, John Caves, Lawrence McIntosh, Robert Fraser, Chas. Clarke and Robert Dale. A duet was sung by Miss Caves and Miss Nicholson. The friends and relatives who attended the funeral from a distance were the father and mother, sisters and brothers above mentioned with the exception of Mrs. H. Jackson who was unable to attend. Mr. and Mrs. Frank Wakefield, Port Huron; Hubert Jackson, Sarnia; Mr. and Mrs. J. E. Hill, Stewart Wilson and Mr. Joe Morrison, of Brantford. Interment took place in Arkona cemetery.

HALL'S CATARRH MEDICINE

Those who are in a "run down" condition will notice that Catarrh bothers them much more than when they are in good health. This fact proves that while Catarrh is a local disease, it is greatly influenced by constitutional conditions. HALL'S CATARRH MEDICINE is a tonic and Blood Purifier, and acts through the blood upon the mucous surfaces of the body, thus reducing the inflammation and restoring normal conditions.

DEATH OF WM. LOOSEMORE

The death occurred at his home on Monday, March 27, of William Loosemore, in his 87th year, following a brief illness.

Deceased was born at North Molton, Devonshire, England, September 21, 1835, and after the death of his wife came to Exeter, Ontario, with his seven children, subsequently moving to the township of Brooke where he lived for about 30 years. He afterwards resided in Inwood for a year and then moved to Glenoe. The surviving members of his family are Peter and William, of Eddy's Mills, and Mrs. John McMillan, Miss Mary Loosemore and Mrs. George Westcott of Glenoe. He also leaves eleven grandchildren and one great-grandchild.

The funeral service was conducted at his late home, Victoria street, on Wednesday morning, by Rev. T. J. Charlton, rector of St. John's church after which interment was made in Alvington cemetery. Six nephews of the deceased acted as pallbearers.

OF PASSING INTEREST

The French scholar Marcell is propounding the theory that the human race will eventually die of thirst. Some of them look as if they are doing that already.

Two million tons of shipping are idle in United Kingdom ports, and the position of American shipping is even worse. At the same time shippers complain that the rates are too high.

To avoid multiplicity of litigation, an Indiana man charged with having married eleven different women, has requested his victims to merge their claims and bring action as a syndicate.

An interesting item in the Ontario public accounts shows that last year 1973 was refunded to purchasers of marriage licenses who apparently changed their minds on the steps of the altar.

Figures show that the birth rate among the Indians in the United States is exceeding that of the death rate, and the tribes are advancing along various lines of health, business and education.

The adoption of the new Adolescents Act by the city of London in September next will mean that 15 additional teachers will have to be employed, a larger truant staff will be necessary, and the total expenditure engendered will amount to about \$15,000 a year.

Talking about trusts—it is said that the country newspaper is the biggest trust on earth. It trusts everyone, gets cussed for trusting, mistrusted for cussing, and if it busts for trusting, gets cussed for busting. There is only one way to bust the trust—pay your subscription.

The Bible Crusade Society is now preparing a giant Bible five feet high written by hand. Two thousand people have contributed to making it and twelve goat skins make up the cover. It is mounted on a motor car with pulpit and platform and sent on a tour through England, later coming to America.

It is stated that five well-known New York financiers will establish a floating "booze palace," to be anchored outside the three-mile limit and to and from which a special ferry will be run. The promoters have been assured by lawyers that the project is within the law, and already business men have made application for ferry tickets amounting to several hundred thousand dollars.

The civic authorities of Calgary are aiming to have 10,000 trees planted in the parks and on the streets of that city in 1922. Other cities and towns on the prairies have also planned tree-planting campaigns. This planting of trees in urban communities, along with the millions of trees now being planted annually on prairie farms, will in a few years make a great change in the aspect of the Prairie provinces.

There is now considerable speculation about tariff changes in the coming Canadian budget. The general presumption is that they will be in a downward direction and it is rumored they will affect the duties on agricultural implements, on machinery used for productive purposes in mines and fisheries, on boots and shoes and some articles of food. The revisions are not expected to be large for the moment, but they will be brought forward as an earnest of the intention to carry out a thorough revision as soon as some investigation of the whole fiscal system by Fielding has been possible.

If one be troubled with corns, he will find in Holloway's Corn Remover an application that will entirely relieve suffering.
