House of Assembly, 8th March, 1848.
Resolved: That no Bill of a private nature, or Petition for Money or relief, shall be received by the House after the fourth day from the opening of the Session, both inclusive: and that the Clerk of the House do, one month previous to the meeting of the Legislature, cause fifty printed copies of this Rule to be sent to each of the Clerks of the Peace in the several Counties for distribution, and cause the same to be inserted in the Royal Gazette, and two Newspapers in such County where Newspapers are published.

CHAS. P. WETMORE, Clerk.

House of Assembly, 7th April, 1849

Whereas the number of applications to this House from School Teachers for Grants of Money have been, from year to year increasing; and whereas it is desirable that such information should be furnished as would enable this House to arrive at just and equitable conclusions; therefore

Resolved, That this House will in future sustain no application for allowances to Teachers of Common or Parish Schools, unless it shall be certified by at least two Trustees of Schools for the Parish where such School has been taught, showing the time actually taught—the Teacher to be licensed—the cause why such Teacher was not certified to the Sessions in the ordinary way—and that such Teacher was not compelled to discontinue his or her School on account of any improper conduct.

CURES FOR THE UNCURED.

Holloway's Ointment.

AN EXTRAORDINARY CURE OF SCROFULA OR KING'S EVIL. Extract of a Letter from Mr. J. H. Biddle, 209, High Street, Cheltenham dated the 22nd of January, 1850.

To Professor HOLLOWAY.

SIR,—My eldest son, when about three years of age, was afflicted with a Glandular swelling in the neck, which in a short time broke out into an Ulcer. An eminent medical man pronounced it as a very bad case of Scrofula, and prescribed for a considerable time without effect. The disease then for four years went on gradually increasing in virulence, when besides the ulcer in the neck, another formed below the left knee, and a third year ago, besides several others on the left arm with a tumour between the eyes, which was expected to break. During the whole of the time my suffering boy had received the constant advice of the most celebrated medical Gentlemen at Cheltenham, besides being for several months at the General Hospital, where one of the surgeons said that he would amputate the left arm, but that the blood was so impure, that it that limb were taken off it would be then even impossible to subdue the disease. In this desperate state I determined to give your Pills and Ointment a trial, and after two months perseverance in their use, the tumour gradually began to disappear, and the discharge from all the ulcers perceptibly decreased, and at the expiration of eight months they were perfectly healed and the boy thoroughly restored to the blessings of health, to the astonishment of a large circle of acquaintances, who could testify to the truth of this miraculous case. Three years have now elapsed without any return of the malady, and this boy is now as healthy as he can wish. Under these circumstances I consider that I should be truly ungrateful were I not to make you acquainted with this wonderful cure effected by your medicines after every other means had failed. (Signed) J. H. BIDDLE.

CURE OF ACUTE RHEUMATISM OF FOUR YEARS STANDING.

Extract of a Letter from Mr. John Pitt, Dudley, 15th Jan., 1850.

To Professor HOLLOWAY.

SIR,—It is with the greatest pleasure that I write to thank you for the benefit I have received from your Pills and Ointment, which have completely cured me of the Rheumatism, under which I suffered for this last four years, at times I was so bad as hardly to be able to walk. I had tried every kind of Medicine that was recommended without receiving any benefit. I at last thought I would give your medicines a trial, and purchased from Mr. Hollin, Chemist, of this Town, two Boxes of Pills, and two of Ointment, and in three weeks, through them and the blessing of God, I was restored to health and am now as well able to walk as ever I was in my life. I am well &c. In this parish, having been thirty-five years in it, with an exception of ten years I served in the 24th Regiment of Foot.

(Signed) JOHN PITT.

CURE OF A BAD LEG OF SIXTY YEARS STANDING.

Mr. Barker, of No. 5, Graham's Place, Drapal near Hull, had a sore on his leg from the age of eighteen until upwards of eighty, and although for many years he had sought the first advice, in the country, nothing was found to cure them. He very often suffered most excruciating pain for long periods together, which incapacitated him from attending to his business. He had given up all hopes of getting a cure, when at last he was persuaded to try Holloway's Pills and Ointment, which he did, and in a short time he was cured, the leg was thoroughly healed by their means, and by continuing to use the Pills alone after his leg was well, he has become in health so hale and hearty as now to be more active than most men of fifty.

N.B.—The truth of this extraordinary statement can be vouched for by Mr. J. C. Reinhardt, 22 Market Place Hull, February 20th, 1850.

CURE OF A DESPERATE CASE OF RING WORM OF SIX YEARS STANDING.

June, 10th of November, 1849.

One of the most eminent Surgeons in Lima (the Capital of Peru) had a child covered with Ring-worm for more than 6 years; in vain he exhausted all his art in his endeavours to effect a cure. Not succeeding, he consulted among his brethren, the most celebrated medical practitioners of the City, but nothing was found to do the child service. When he was persuaded by Mr. Joseph F. Huggins, the English Chemist and Druggist, residing at No. 74, Calle de Paezco, to try Holloway's Pills and Ointment, which was done, and after using six large Pots of the Ointment, with a proportion of the Pills, the child was radically cured, to the surprise of the whole medical profession. The name of the parent, from motives of delicacy, is withheld.

The Pills should be used conjointly with the Ointment in most of the following cases:—

Bad Legs, Bad Breasts, Boils, Buns, Bites of Mouchetoes, and Sand Flies, Fistulas, Coco-Bay, Gout, Glandular Swellings, Lamago Piles, Rheumatism, Scalds, Sore nipples, Chiege-toot, Chilblains, Chapped hands, Corns (soft), Cancers, Contracted & Stiff joints, Elephantiasis, Sore throats, Skin diseases, scurvy, Sore heads, Tumours, Ulcers, wounds, Yaws.

Sold by the Proprietor, 244, Strand, (near Temple Church) London, and by all respectable Vendors of Patent Medicines throughout the Civilized World, in Pots and Boxes, at 1s. 1-2d. 4s. 6d. 1s. 2s. and 3s. each. There is a very considerable saving in taking the large sizes.

N.B.—Directions for the guidance of Patients are affixed to each Pot or Box.

ODELL & TURNER, St. Andrews.

*CAUTION!—None are Genuine unless the words "Holloway's Pills and Ointment, London" are engraved on the Government Stamp, pasted on every Pot and Box; with the same words worn in the water-mark of the Books of directions wrapped round the medicines.

Should unprincipled Vendors recommend parties asking for Holloway's Pills and Ointment not to buy them, but to take something else in their stead, they do so only for the purpose of getting a greater profit by what they wish them to purchase.

GREAT AGRICULTURAL WORK!

THE FARMER'S GUIDE TO Scientific and Practical Agriculture

By HENRY STEPHENS, F.R.S.E., Author of the "Book of the Farm," Editor of the "Quarterly Journal of Agriculture," &c., &c.

Assisted by JOHN P. NORTON, A.M., Professor of Scientific Agriculture in Yale College, New Haven, Author of Agricultural Prize Essays, &c., &c.

This highly valuable work will comprise two large royal octavo volumes, containing over 1400 pages, 18 or 20 splendid steel engravings, and more than 600 engravings on wood, in the highest style of the art, illustrating almost every implement of husbandry now in use by the best farmers, the best methods of ploughing, planting, haying, harvesting, &c., &c., the various domestic animals in their highest perfection; in short, the pictorial feature of the book is unique, and will render it of incalculable value to the student of agriculture.

This great work is the joint production of two of the most talented agricultural scholars of the day; the one eminent as an author and editor in Great Britain, and the other as a Professor in Yale College. Both are eminently practical as well as scientific men, and all they say may be relied on as the result of profound research, tested and sustained by practical experiment. The contributions of Professor Norton are chiefly designed to adapt the British portion of the book to this country, and thus to make it an Anglo American work, giving to its readers all the really useful agricultural knowledge at present attainable in either country.

The work is divided into four departments, distinguished by the four seasons of the year commencing with Winter, and Prof. Norton's notes will be published as an appendix to each part. The first chapter treats of the following subjects, under the head of

INITIATION

On the best of the existing Methods for acquiring a thorough knowledge of Practical Husbandry.

On the Difficulties to be encountered in learning Practical Husbandry, and on the Means of overcoming them.

On the Different kinds of Farming.

On the Persons required to Conduct and Execute the Labor of the Farm.

On the Branches of Science most applicable to Agriculture.

On the Institutions of Education best suited to Agricultural Science.

On the evils attending the neglect of Landowners and others to learn practical Agriculture.

On observing the details and recording the facts of Farming by the Agricultural Student.

Terms of the Work.—The American edition, the first number of which is already issued, will be published in semi-monthly parts of 64 pages with an English steel engraving in each number, of which there will be about 32 in all. PRICE, 25 CENTS per Number.

CLUBBING.

Three Copies will be sent to one address for \$15: 5 copies for \$6. Cash in all cases to be remitted direct to the Publishers, and not through Agents.
