

The Quality Car You Can Afford to Own

YOU should have a Chevrolet because time is your greatest asset—and in a motorized world any man suffers a serious handicap who does not possess this great multiplier of the value of time—the automobile. And Chevrolet is the most economical of all automobiles.

You can afford a Chevrolet because of its amazingly low purchase price. This price includes complete modern equipment. Not an extra remains for you to buy. You can afford to own a Chevrolet because it costs so little to operate—less than any other car made. It takes less gasoline and oil. The tire expense is correspondingly small.

Chevrolet offers you everything that you could want in an automobile. It offers you this at the smallest original investment and at the lowest per mile transportation expense.

Come in and see the 5 handsome models and let us prove these statements true.

UPSTREAMERS ARE STILL ON TOUR
Have Given Three Entertainments at Belleisle, Round Hill, Concluding Performance at Lawrencetown.

In our last issue we had opportunity only to barely mention the Upstreamers Taxis Boys' entertainment given in Belleisle hall on Monday evening. Since the event, however, nothing but praise has come over the wire. A full house greeted the performers and from the opening chorus until the end they and the audience were on good terms. Every item was well received and when it came to the local hits (all original and composed especially for the occasion) the house fairly rocked again and again. Belleisle citizens have a reputation for entering into the spirit of "local hits" and on Monday they certainly were true to tradition. The all-round good reception accorded was particularly pleasing to

the performers as, on the previous Friday at Round Hill, they did not elicit anything like such a response to their efforts. A number of causes might have contributed to this. Round Hill was their first experience on a strange stage and away from home. However, it was a big drop from a well equipped theatre such as the Primrose, Bridgetown, to a country hall, where much improvising had to be done. On the other hand, Belleisle hall has a fine stage setting and well nigh everything needed to hand, and these things are a great help. Nevertheless, the boys desire to thank their patrons and all who kindly helped them in any way in both places.

To-night (Wednesday) they "are billed to appear in the "Gem" theatre, Lawrencetown, where they will do their level best to repeat "his success of Bridgetown and Belleisle.

The curtain will go up at eight o'clock sharp and this will be the last presentation of this particular entertainment.

PROFITS ONLY FOR UNCLE SAM

A New York despatch advises us that a loan of \$135,000,000 to Austria is about to be floated through one of the Wall Street banking houses. The despatch adds that the loan is being guaranteed to the extent of twenty per cent. each by Great Britain, France, Italy and Czecho-Slovakia. The other 20 per cent is to be guaranteed by other members of the League of Nations. The notable fact is that the one nation best qualified to sustain a loss—and whose people will share solely in the profits of the loan has not gone good for one cent of the guarantee. It all looks like a repetition of the happenings in the early part of the Great War. While Britain and her allies put up the guarantees of men and money for future world peace the United States rolled in the dollars. Today little struggling Czecho-Slovakia is guaranteeing help to a former enemy while big, rich, prosperous—United States does nothing but make sure of its profit. Uncle Sam is great, ut very canny.—Ex.

CLOSING AT ACADIA

Dalhousie has had its regular closing and Mount Allison followed next in order. The closing at Acadia commenced on Sunday, May 20th, when Dr. J. A. Huntley, now of Moncton preached the Baccalaureate sermon. Dr. Huntley has just returned to the Provinces after occupying several important pulpits in the United States. Dr. Huntley is a graduate of Acadia class of 1900. He married Miss Shaw, daughter of the late Mr. and Mrs. Robert Shaw, of Avonport. The Sunday evening address, before the Y.M.C.A., was given by Dr. Melbourne S. Reid, Professor of Philosophy at Colgate University, who graduated from Acadia in 1891. Dr. Reid and his brother, the late Dr. Elephat A. Reid, came to Acadia from the Berwick school and made exceptionally high records.

The exercises at Acadia this year attracted a large number of people, as important arrangements were made in reference to plans for the New Acadia. The decision to carry on at Wolfville where Acadia has had universal expansion and prosperity will meet the wishes of about all who have the interests of Acadia at heart. There young men and young women will continue to be taught for usefulness in life, those with any limited means, finding every advantage to qualify themselves for competing with any in the larger Universities of the United States in post graduate work.

Acadia has never failed in any financial aim on Forward Movement which it has undertaken. Under its new President it will move forward with more hope and brighter prospects than ever before in its history. The Acadia spirit is strong in the Maritime Provinces and also feels the hearts of its friends and supporters in the Alumni Associations of New England and elsewhere. Its financial needs will be overcome by the sacrifice of many of its loyal supporters. Soon the new buildings will be rising from the ashes of the old and Wolfville ere long will greet one thousand students yearly at the various institutions.

BAIL REFUSED TO NICHOLLS
Application on Behalf of Upper Clementsport Man Accused of Attempted Murder Falls Before Judge McKenzie.

At Supreme Court Chambers Mr. Justice MacKenzie heard application for bail in the King vs. Nicholls, of Upper Clementsport, charged with attempted murder. Mr. Doty, in support of the application, stated that the prisoner was a respectable man of substance in the community who had never before been charged with a criminal offence and who, if he had committed the alleged offence, was under the influence of liquor and asked that bail be granted. The Attorney General personally opposed the application and contended that the evidence showed that the accused, after kicking his wife around the kitchen, discharged a shotgun with effect at his step-son, who interfered, and then pursued the wife and step-son up the road, discharging the gun. Mr. O'Hearn strongly pressed the court not to release the accused on bail as he claimed that in cases of violence of a serious nature bail should not be granted. The Attorney General also pointed out that the accused could be tried at Annapolis on June 12th next. Mr. Justice MacKenzie said he concurred in the suggestions of the Attorney General and dismissed the application.—Chronicle.

CHINESE TROOPS LOOT A TRAIN

Shanghai.—Members of the Chinese government gendarmerie boarded the train from Peking to Shanghai, attacked officials, beat their Chinese servants, who resisted, seized everything on the tables despite the protests of foreigners and held possession of the train for several hours, it was learned when the train reached here.

A GOOD ANSWER

A farmer who was carrying an express package from a city mail order house, was accosted by a local merchant: "Why didn't you buy that bill of goods from me?" he asked. "I could have saved you the express, and besides you would have been patronizing a home store, which helps pay the taxes and build up this locality." With characteristic frankness, the farmer replied: "Why don't you patronize your home paper and advertise? I read it and didn't know you had the goods I have here, nor do I ever see your name in the paper inviting me to come to your store."

MRS. HILAIRE BOUDREAU DROWNED NEAR WEYMOUTH

A sad drowning accident occurred at White's Cove, Tuesday, when Mrs. Hilaire Boudreau met her death off the government wharf. It appears the unfortunate woman, who has been demented for some years, wandered away from her home early in the morning and went to the wharf and jumped off. A crowd of thirty-five men searched the woods and the shore all day until about three o'clock when they discovered her body. Besides her husband the deceased leaves four children, two daughters, one in St. John and one in Boston and two sons, Leo of Boston, and Henry at home. Mrs. Boudreau was about 78 years of age. Interment at St. Bernard's.—Courier.

A Girl's Face Is Her Fortune

Because it is the greatest of all womanly charms, a skin which is fresh, smooth, and alluring with the radiance of health, predicts a happy future. Don't be content to have a lifeless, sallow and blemished complexion—begin at once to remedy these defects. Every girl can have a beautiful attractive skin if she will only learn to give it proper care. Thorough cleansing with a fine mild soap once a day, is the secret. Cold cream is beneficial when applied to a clean skin, and rouge and powder are harmless beautifiers—but—start fresh every day on a clean foundation. Keep your skin active and it will be clear, fresh, youthful and attractive. Soap to be thorough need not be harsh. The mildest toilet soap is the most thorough of cleansers, as you will know after you try Palmolive. Its mildness and thoroughness are due to the same source—the scientific blending of Palm and Olive oils, the natural cleansers discovered thousands of years ago in ancient Egypt and made use of by Cleopatra. Palmolive freshens, livenes and stimulates the skin, leaving it delightfully fresh and rosy. You can buy Palmolive Soap at all first-class dealers.
