The Industrial World, on account of its size and general circulation, commands itself as an advertising medium for all who seek relations with manufacturers and the wholesale trade. Its advertising rates are low when compared with those of other leading scientific and industrial publications. Care of rates sent on application.

Changes in advertisements should be ordered so as to reach the office by Tuesday morning in each week, as some parts of the paper go to press a day or two.

**TO CORRESPONDENTS.**

The department "National Industries," is set apart for the unrestricted use of those who desire to place their views on interesting topics before their brethren in the trade. Nothing in the nature of an advertisement will be printed in this department.

The publisher will be obliged to all who will kindly send in items of news or late occurrences, as such will be printed in their appropriate places.
