SAVES THE TOOTH.

J. HOUNSELL, Esq., Surgeon, BRIDPORT, DORSETSHIRE, writes:—

"I consider BUNTER'S NERVINE a specific for Tooth-ache. Very severe cases under my care have found instantaneous and permanent relief. I therefore give my testimony of having used it with invariable success, and recommend its use to the Profession and the Public as invaluable to all who suffer from Tooth-ache."

A GENTLEMAN AT BRISTOL writes:—

"For six years a decayed tooth prevented mastication on the side it situated, as well as causing many sleepless nights; but having used BUNTER'S NERVINE, I am not only relieved of the most troublesome of all pains, but now use the tooth without the slightest inconvenience, and therefore confidently recommend it."
