# Niagara Falls Philatelist, NIAGARA FALLS, SOUTH. 

Voluse 1.
Number 2.

## OUR SECOND NUMBER.

We are happy to greet our faiends with our Second Number. We trust we shall always be on hand at the time stated, causmg no disappuintment to our many Subscribers. We trust this number will be more interesting than the preceeding, and as each future numbor is presented to our readers, it will be found more instructive and useful.

We hupe all interested in Philately will cheerfully aid us, by sending in ther subscriptions at once. This will be the last number sent unless fou conclude to subscribe. We can safely say, considering the amount of matter, ( 10 pages), the character of its contents and the place of publication, the N. F. P. is by far the cheapest periudical of the kind published. A large space will be devoted to reading matter, and a sufficient amount for advertising; and as it will be sent to almost every part of the wurld, it will be the true medium to satisfy all who wish to avail themsel;es of the adcantage of advertising. The extremely luw rates will enable any to send us an 'ad.'

You may rest assured that you will receive the twelve numbers in the yoar; therefore have no fear to trust us with your subscriptions, but to make it a grand success we must have a sufficient number of subscripticns and 'ads.' Du nut mant, but pitch in and give us all the help you can.

In writing us be particular in adding the 'South' to Nisgara Falls.
We will send all Publishers two copies of the N. F. P., and trust they will remit to us the same number of theirs

The Philatelic Dep't of the "Gossip," Ottawa, hasing been discontinued, we have made arrangenents with the publishers to furnish their subscribers with thus paper, and alsu will finish therr stamp adrertisements in our next aumber.

The Cuited States Postoffice Department abuut the 15th September, will change the culn of the 10 cent stamp frum bruwn to green, and the 3 cent stamp from green $\omega$ vernilliun. The designs will remain the same. The color of the 2 -cent stamp on the stamped eurelupes will be changed from red to green, the 4-cent from green $w$ carmine, the $\bar{J}$ cent frum bruwn to dark blue, the 30 -cent frum black $\psi$ brumn, and the 90 -cent frum carmine to purple. The designs will be the same escept that the heads un the one, two, four and 5 -cent stamped envelopes will bo re-engraved, and will have a slightly diffirent appearauce frum the uld ones, and the untamentat.on aruuid them is also shghtly different. The Department desires to have the culur of the stamps on the stamped envelupes correspond as nearly as prossible $\pi$.iS that of adhesive stamps, and that was che main reason for the changes.
