IT LEADS ALL.

No other blood-purifying medicine is made, or has ever been prepared, which so completely meets the wants of physicians and the general public as

Ayer's Sarsaparilla.

It leads the list as a truly scientific preparation for all blood diseases. If there is a lurking taint of Scrofula about you, AYER'S SARSAPARILLA will dislodge it and expel it from your system. For constitutional or scrofulous Catarrh, AYER'S SARSAPARILLA is the true remedy. It has cured numberless cases. It will stop the nauseous catarrhal discharges, and remove the sickening odor of the breath, which are indications of scrofulous origin.

"Hutto, Tex., Sept. 28, 1882.

ULCEROUS SORES "At the age of two years one of my children was terribly afflicted with ulcerous running sores on its face and neck. At the same time its eyes were swollen, much inflamed, and very sore. Physicians told us that a powerful alterative medicine must be employed. They united in recommending AYER'S SARSAPARILLA. A few doses produced a perceptible improvement, which, by an adherence to your directions, was continued to a complete and permanent cure. No evidence has since appeared of the existence of any scrofulous tendencies; and no treatment of any disorder was ever attended by more prompt or effectual results.

Yours truly, B. F. JOHNSON."

Scientific and Useful.

PUDDING SAUCE.—Beat one egg, the white to a stiff froth, the yolk to a cream, and mix it with one cup of pulverized sugar. Add boiling water till the sauce is of the consistency of boiled custard. Flavour with lemon, vanilla, or with any other extract.

CRACKER PUDDING.—Soak four crackers in one quart of milk, add the yolks of three eggs, three tablespoonfuls of sugar, and a pinch of salt. Flavour and bake the same as custard; when cooked spread with canned fruit or jelly, put on a meringue made from the beaten whites of the three eggs. Set away to cool.

INDIAN PUDDING.—One quart of milk, half a teacup of chopped suet, and five teaspoonfuls of Indian meal. Scald half the milk and stir in the meal. To the remainder of the milk add one egg, one tablespoonful of flour, one small teacup of molasses, one small teaspoonful of ginger, and one cup of raisins; mix together; bake slowly two hours; serve hot.

A STRANGE DISEASE.—There is scarcely a symptom belonging to chronic complaints but that is common to the liver dyspeptic, and he often feels as if he had every disease in the catalogue. Burdock Blood Bitters cures the worst form of Chronic Dyspepsia.

AMBER PUDDING.—One half pound of butter in a saucepan; add to it six ounces of loaf sugar finely powdered; mix well; then add the yolks of three eggs well beaten, and as much chopped and powdered candied orange peel as will give colour and flavour to the mixture. Line a pie-dish with paste, and when filled with the above, put on a cover of paste and bake in a slow oven. It can be eaten hot or cold.

SCALLOPED FRESH FISH.—This is an excellent way to use the fragments of a boiled fish. Take a pint of milk; put in it a piece of butter the size of an egg, and two tablespoonfuls of flour; let it boil a minute, and then add three eggs, previously well beaten. Put layers of fish, shredded and sprinkled with pepper, salt and nutmeg, alternately with layers of the sauce already made, until the dish is full; cover the top with bread crumbs, and bake twenty minutes. Serve hot.

IVY POISONING.—For dogwood or ivy poisoning the following is said to be an infallible remedy. Boil wood ashes enough to make a strong lye; wash the poisoned parts in this; let it remain a few minutes, and wash off in lukewarm water; when dry, anoint with grease. Repeat this process as the poison develops itself, and one or two applications will cure the most obstinate cases. It acts like magic.

THE CHOLERA.—Possibly the Cholera may not reach our locality this season. Nevertheless, we should take every precaution against it. Dr. Fowler's Extract of Wild Strawberry is a sure cure for Cholera Morbus, Colic, Cramp, Diarrhoea and Dysentery.

FARMER'S FRUIT CAKE.—Soak three cups of dried apples over night in warm water; chop slightly in the morning, and then simmer two hours or more in two cups of molasses until the apples resemble citron. Make a cake of two eggs, one cup sugar, one cup sweet milk, three fourths cup butter, 1 1/2 teaspoonfuls soda, flour to make a rather thick batter, spice in plenty; put in the apples and bake in a quick oven. This is very nice.

SURPRISE EGGS.—One dozen eggs, hard boiled; one teaspoonful of vinegar, three small pickles, chopped; one teaspoonful of made mustard, ham, lobster, or chicken, chopped; season with salt, pepper, and melted butter; a little chopped celery; cool the eggs in cold water and remove the shells; cut lengthwise, not quite through; take six of the yolks, chopped meat, celery, vinegar and seasoning, and mix well together; fill the boiled whites with the mixture, carefully closing again. Garnish with celery leaves or parsley.

A WASTED SALAD HERB.—One of the best salad herbs goes to waste as a weed and pest of the garden. Children know enough to eat sour grass with its tender acid leaf. French cooks number it among the most excellent field salads, and doctors say it is soothing for the blood, preventing rheumatic and gouty disorders. It ought to be brought to market by the bushel, for every field has patches of it and it is better than spinach or sorrel for purged and *bonne femme* soups, or it may be stewed with sugar in porcelain as a delicate order of pie-plant.

Scott's Emulsion of Pure COD LIVER OIL, WITH HYPOPHOSPHITES.

Dr. O. KILLING, of Oakland, Cal., says: "I have used Scott's Emulsion in my case and found it a most valuable preparation, and have since used it extensively in my practice with very surprising results to myself and patients."

YOU HAVE

BRIGHT'S DISEASE OF THE KIDNEYS.

The above symptoms are not developed in any order, but appear, disappear and reappear until the disease gradually gets a firm grasp on the constitution, the kidney-poisoned blood breaks down the nervous system, and finally pneumonia, diarrhoea, bloodlessness, heart disease, apoplexy, paralysis, or convulsions ensue and then death is inevitable. This fearful disease is not a rare one—it is an every-day disorder, and claims more victims than any other complaint.

It must be treated in time or it will gain the mastery. Don't neglect it. Warner's SAFE Cure has cured thousands of cases of the worst type, and it will cure you if you will use it promptly and as directed. It is the specific for the universal
