

As Regards Finances.

The sale of Kilburn Stereoscopic Views affords the most lucrative, pleasant and popular vacation employment among Varsity Students. Goods appeal to the educated and uneducated, are sold in quantities suitable to the purchasing ability of rich and poor.

Exclusive territory, flexible delivery, quick, large returns and businesslike methods all combine to explain the fact that a greater number of Varsity men handle our goods successfully than engage in all other lines combined. Forty Varsity men contracted for second, third and fourth years respectively constitute a testimonial that has no equal.

Shredded Wheat Biscuits

Dentists Testify as to Its Value.

"I wish to say that I am interested in inducing people to get more of the phosphates into their bones. I am a dentist, seventy years old, and I have seen so many young people with teeth as soft as cheese, simply structures of nothing, comparatively speaking. I wish people could be educated and learn what to eat. I think Shredded Wheat comes the nearest to a perfect food." Dr. C. F. Blood, New London, Conn.
