

**Transport 2000 — A Plan to Maintain the Double-Spine Transcontinental Passenger Rail Service—An Analysis of the economic impact of bi-level equipment—August, 1981—Cont'd**  
Tables—Cont'd

- Occurrence of Defects on CN Supercontinental in 1975 (# XI), **18A: 15, 32**
- Passenger Capacity of Single-Level and Bi-Level Cars and Resulting Revenue Seats Available Per Car Mile (# XIV), **18A: 16, 17, 36**
- Payback Period for Rebuilding and Re-equipping Options and Savings in Annual Operating Costs Between 1984 and 2003 (# XII), **18A: 16, 32**
- Peak Revenue Passenger Capacity Operated Between Calgary-Vancouver and Jasper-Vancouver in 1975, 1980 and 1984 with Bi-Levels (# XV), **18A: 18, 36**
- Short Cost Development for Bi-Level Cars (# VI), **18A: 13, 28**
- Tabular Summary of Study Highlights (# I), **18A: 20**
- Western Transcontinental Comparison of Conventional and Bi-Level Equipped Train Output Units and Operating Costs for Peak, Off-Peak and Full-Year Period (# VIII), **18A: 14, 30**
- Western Transcontinental Number of Conventional Cars Operated and Seating Capacity Provided for the Off-Peak Season Compared to the Number of Bi-Level Cars Required to Provide Equivalent Seating Capacity (# III), **18A: 12, 13, 14, 22**
- Western Transcontinental Number of Conventional Cars Operated and Seating Capacity Provided for the Peak Season Compared to the Number of Bi-Level Cars Required to Provide Equivalent Seating Capacity (# IV), **18A: 12, 13, 14, 24**

**Transport 2000 Canada**

- Flights, transfer from Dorval Airport to Mirabel, **18: 33**
- Historical background, purpose and finances, **18: 13-4; 18A: 1**
- Railway passenger service
  - Canadian Transport Commission
    - Costing Order R-6313, criticism, **18: 28, 32, 40**
    - Inquiries, hearings and recommendations, **18: 6, 7-8, 14, 17-9, 43, 44**
  - Cutback program, July 27, 1981
    - Alternatives, evaluation, **18: 10, 26-8, 41, 42-3, 44, 46-7**
    - Opposition to, **18: 35**
    - Routes, impact analysis, **18: 8-10, 11, 33, 36, 41**
  - Definition as a public transportation system, **18: 26-8**
  - Double-spine transcontinental service with bi-level equipment, plan to maintain, **18: 29-30; 18A: 1-51**
  - Energy efficiency, **18: 7, 15, 21-2, 30, 31-2**
  - Essential services, **18: 43**
  - Foreign countries, **18: 15, 16, 20-1, 25-6, 30-1, 34**
  - Government policy statements, evaluation and comparison with policies of foreign countries
    - High speed trains, **18: 16, 17, 21-2, 30**
    - Inter-city and commuter service, ridership, **18: 19-22, 30**
    - Rationalization, **18: 17-9, 35**
    - Transportation evolution, **18: 15-7, 24-5**
  - Historical background, **18: 5-6**
  - Meeting, Ottawa, October 26, 1981, **18: 10-1**
  - National rail transportation policy, **18: 28**
  - Public consultation, **18: 28-9**
  - Transport Canada policy, **18: 17-8, 42-3**
  - VIA Rail Canada Inc.
    - Equipment, **18: 5, 6, 16, 17, 28, 34**
    - Legislation proposed, **18: 6-7**
    - Letters to the Honourable Senators Frith and Smith, **18: 6**
    - Ridership, **18: 7, 21, 26**
- Statistics quoted in *The Last Straw*, **17: 40-1**
