

July 5th, 1922.

Colonel L.S. Amery,
The Admiralty,
London, S.W.

My dear Colonel:-

I have just said goodbye to Major Furse, who leaves this afternoon to visit Dalhousie University in Nova Scotia.

Major Furse's visit to the Conference of Canadian Universities held at Winnipeg was much appreciated and I believe will result in much good. I am very glad indeed that he had the time to go right through to the coast. He is quite satisfied with the result of his visit and I believe has succeeded in completing the details of a workable arrangement.

May I offer my warm congratulations on the honour which has come to you in being made a Privy Councillor.

Cordially reciprocating your good wishes, I am,

Yours faithfully,
