

JAPAN CANNOT HAVE TWO WAYS

Must Make Up Her Mind Whether She Will Be

ALOOF FROM NATIONS

Or the Avowed Champion of All Pan-Asiatic Ideas.

Special Cable to The World. Copyrighted by The Toronto World and N. Y. World.

LONDON, June 23.—The London Times prints this morning a long letter from Admiral Mahan, U.S.N., in reply to an article published by that journal from the pen of Sir Valentine Chirol, of May 19, on the subject of Japanese immigration to the United States. It will be noted by those interested in Canadian immigration that the admiral says like conditions exist in Canada.

The admiral asserts that Chirol's article implied the endorsement of Japan's claim for free immigration of her subjects into territories of other great powers, with accompanying naturalization and the proceeds to come but this. His main contention is that while America is able and probably will remain able to assimilate the European emigration owing to their descent from a common civilization, "There are those who greatly doubt whether in view of the different foundations of these Japanese of this 20th century, and of the recognized strength and tenacity of character of the Japanese people, emphasized by strong racial marks, they could be so assimilated."

A Color Question.

He denies that the question at issue is one of color and entirely rejects the assumption that the American race is superior to the Chinese or Japanese. "It is," he declares, "the recurrent problem which confronts Germany in Poland, Austria in her Slav provinces, Canada in her French population, South Africa in the Boers. America doubts her power to digest and assimilate the strong and tenacious racial characteristics which distinguish the Japanese, which are the secret of much of their success and which if I am not mistaken would constitute them continually a solid, homogeneous body, essentially and unchangeably foreign."

Clear Analysis.

In an editorial, The Times describes the Mahan letter as "The clearest analysis that has yet been written on the American attitude," but declines to accept his interpretation of Chirol's article, the purpose of which it says was not to pronounce a final verdict. It quotes a letter written by Mahan himself ten years ago, in which he admitted the validity of Japan's claims, but says "we do not doubt Admiral Mahan correctly interprets the feeling of a bulk of his countrymen and we are not disposed to question the weight of the reasons he submits. It is tolerably clear that the opposing forces are essentially irreconcilable, and may some day present very explosive elements, but meanwhile the issue is not urgent and there is time to inquire whether Japan has a sufficiently plain idea of what she really wants. On one hand she demands recognition because her people are no other Asiatics; on the other hand her publicists are not assenting that to Japan is assigned the leadership in the claim of colored race against the non-colored."

"These two sets of claims are mutually destructive. Japan cannot have it both ways. This problem becomes acute, she must make up her mind whether she wishes to present herself as aloof from the other Asiatic races, or as the avowed champion of Pan-Asiatic ideals."

WIFE OF PREMIER TO STAY AT WORK

But Will Give Her Salary to the Shorthand Writers' Fund.

Special Cable to The World. Copyrighted by The Toronto World and N. Y. World.

LONDON, June 23.—The Morning Post prints a Copenhagen despatch which says: "Members of the new radical cabinet, which took office yesterday, refuse to wear uniforms or decorations or accept the title of excellency. The wife of the premier, Mr. Zahle, who is a lawyer, is the official parliamentary shorthand writer, and she intends to continue this work. She is the first woman to hold this position and her salary is \$22 a year. While her husband is the premier, she will present her salary to a shorthand writers' fund."

JUDGE MORGAN NOT ANXIOUS TO RETIRE

Whether Judge Morgan must retire or not under the new statute, he is not worrying. At 73 he feels that he is quite qualified to act for many more years, and declares that if he is retired he will not spend his days in idleness.

"It seems absurd for the government to compel me to retire on full salary and pay another man with less experience and no higher mental ability to do my work."

"I believe the intention of the act was merely to fix an age limit at which they could use their discretion about asking for a judge's resignation."

WORTH INQUEST ADJOURNED.

Coroner Dr. J. M. MacCallum opened an inquest on the body of Harold G. Worth at Cobblecreek's undertaking parlors, East Toronto, yesterday afternoon. No evidence was taken, the inquest being adjourned until next Wednesday.

Special Cable to The World. Copyrighted by The Toronto World and N. Y. World.

LONDON, June 23.—The Belfast correspondent of the Morning Post says that Harland and Wolff are about to build at least six vessels for a combine about to be formed of several leading English shipping companies interested in the South American chilled meat trade, for the purpose of fighting the American beef trust in the British markets. These vessels are to be of special design for use in the Panama Canal.

INCREASE OUTPUT OF ISLAND PLANT

Capacity Next Spring Will Be One Hundred Million Gallons Daily.

Mayor Hocken has announced that the waterworks plant at the island, which now supplies 40,000,000 gallons of water per day to the city, is to be increased to a 100,000,000 output, probably by next spring.

Commissioner Harris and Dr. Haastings, M.H.C., will probably report before long that the experiment at West Toronto with a combination of mechanical and slow sand filtration is an unqualified success. This will likely assure the adoption of that process in the extension of the plant at the island. However, tenders will have to be called for, and this will admit of consideration of all processes.

STRAWBERRY RUSH JUST COMMENCING

Large Shipments to Local Market Will Be Made Today.

Advices have been received by the wholesale fruit dealers that this week will be the biggest week in the year from a strawberry viewpoint. The fourth commandment put a stop to the picking on Sunday, but early yesterday morning the work was taken up again and at nightfall the railway stations in the Niagara peninsula were entrenched in berry crates piled high all over the platforms. These shipments will arrive in the city today and fruitgrowers say that they are the best berries that will be shipped this season.

The rains of last week are responsible for the pickup in the crop. Early in the week the berries which reached the city were often small, green and dirty. The rain, however, came just in time to save the crop and the season will not be had as first anticipated.

It is expected that the local sales will be heavy today and tomorrow. By Thursday, however, the rush will be over. The prices, it is expected, will run from 12 cents to 20 cents a box, according to quality.

WON'T PURCHASE SITE FOR WOMEN'S HOME

Property Committee Decide to Postpone Proposed Hundred Acre Deal.

Ald. Wanless proposed in the property committee yesterday that when the city architect's department is reorganized a branch be formed from which may be purchased plans and specifications for buildings that will conform to the bylaw. He contended that the plans would be put thru much more quickly and that the workmen would benefit. He asked for a report upon it from the city architect, but it was voted down.

Commissioner Chalmers recommended against the purchase at present of 100 acres of land for a women's industrial farm. This was generally agreeable.

Ald. Wanless offered a motion that in view of the property commissioner being given additional duties, he be relieved of charge of the markets, and that it be transferred to the streets commissioner. The vote was unfavorable.

HEATED AIR EXPLODED CAUSING WALL'S FALL

Montreal Fire Chief Issues Statement—Civil Funeral for Victims.

MONTREAL, June 23.—(Can. Press)

—That the wall which fell during a fire here yesterday in the sash factory of Izveire and Sokakzin and killed four firemen and injured five others, was blown out by an explosion of heated air, was the statement issued by Fire Chief Tremblay this morning. The fire itself, which did damage now estimated at \$150,000, was started, it is believed, by a cigaret butt carelessly hung into a pile of shavings.

All the injured men were reported doing well this morning.

A civic funeral will be given the dead firemen on Wednesday, and services will be held in the Roman Catholic and Presbyterian Churches they attended.

A benefit in aid of the Montreal firemen's benevolent fund, which was to have been held last night, has had to be cancelled, but the newspapers have opened their columns free for acknowledgment of subscriptions.
