

## HISTORY OF THE PHILHARMONIC SOCIETY : A Record of a Hundred Years' Work in the Cause of Music. Compiled by MYLES BIRKET FOSTER, F.R.A.M., etc. With 16 Illustrations. Demy 8vo. 10s. 6d. net.

"As the Philharmonic Society, whose Centenary is now being celebrated, is and has ever been connected, during its long existence, with the history of musical composition and production, not only in this country, but upon the Continent, and as every great name in Europe and America in the last hundred years (within the realm of high-class music), has been associated with it, this volume will, it is believed, prove to be an unique work, not only as a book of reference, but also as a record of the deepest interest to all lovers of good music. It is divided into ten Decades, with a small narrative account of the principal happenings in each, to which are added the full programmes of every concert, and tables showing, at a glance, the number and nationality of the performers and composers, with other particulars of interest. The book is made of additional value by means of rare illustrations of MS. works specially composed for the Society, and of letters from Wagner, Berlioz, Brahms, Liszt, etc., etc., written to the Directors and, by their permission, reproduced for the first time.

## IN PORTUGAL. By AUBREY F. G. BELL. Author of "The Magic of Spain." Demy 8vo. 7s. 6d. net.

"The guide-books give full details of the marvellous convents, gorgeous palaces, and solemn temples of Portugal, and no attempt is here made to write complete descriptions of them, the very name of some of them being omitted. But the guide-books too often treat Portugal as a continuation, almost as a province of Spain. It is hoped that this little book may give some idea of the individual character of the country, of the quaintnesses of its cities, and of peasant life in its remoter districts. While the utterly opposed characters of the two peoples must probably render the divorce between Spain and Portugal eternal, and reduce hopes of union to the idle dreams of politicians, Portugal in itself contains an infinite variety. Each of the eight provinces (more especially those of the *alentejanos*, *minhotos* and *beirões*) preserves many peculiarities of language, customs, and dress; and each will, in return for hardships endured, give to the traveller many a day of delight and interest.

## MY LIFE IN PRISON. By DONALD LOWRIE. Crown 8vo. 6s. net.

"This book is absolutely true and vital. Within its pages passes the myriorama of prison life. And within its pages may be found revelations of the divine and the undivine; of strange humility and stranger arrogance; of free men brutalized and caged men humanized; of big and little tragedies; of love, cunning, hate, despair, hope. There is humour, too though sometimes the jest is made ironic by its sequel. And there is romance—the romance of the real; not the romance of Kipling's 9.15, but the romance of No. 19,093, and of all the other numbers that made up the arithmetical hell of San Quentin prison.

Few novels could so absorb interest. It is human utterly. That is the reason. Not only is the very atmosphere of the prison preserved, from the colossal sense of encagement and defencelessness, to the smaller jealousies, exultations and disappointments; not only is there a succession of characters emerging into the clearest individuality and genuineness,—each with its distinctive contribution and separate value; but beyond the details and through all the contrasted variety, there is the spell of complete drama,—the drama of life. Here is the underworld in continuous moving pictures, with the overworld watching. True, the stage is a prison; but is not all the world a stage?

It is a book that should exercise a profound influence on the lives of the caged, and on the whole attitude of society toward the problems of poverty and criminality.
