MEN! YOU WILL SURELY BE INTERESTED

In the July Sale Specials on This Page; for They Mean Exceptional Qualities in Much
Wanted Men's Wear at Money Saving Prices.

The past few days has illustrated the old adage once again, namely: "Everything comes to him who waits." The warm summer wave long awaited by crops and holidayers has at last arrived. And just as the little sprouts in answer to the warm invitation of "Old Sol" spring up almost over night into blossoming plants, so, the felt hat and heavy spring clothing giving place, the "summer man" blossoms forth in his light cool summer "togs." If your summer wardrobe is not complete enough for such a quick change, have a look at these values and it will not for long remain in that condition.

NOW IF IT'S A HAT YOU LACK

How about these Sennit Boaters featured on this the third day of the July Sale of men's hats at Half Price, 75c?

For many men there is no hat that will ever quite take the place of the conventional straw boater. Those offered above are made from a good quality sennit straw, and are shown in shapes that are as attractive as to weight as they are for comfort and appearance. In addition to these features is the fact that the special reduction made for quick clearance today is offered at an opportune time—for the hottest part of the present season is yet to come, and those who purchase these good quality hats now will gain the benefit of their light weight in the hot weather, and also will have made a substantial saving. Sizes 6 5-8 to 7 1-2. Today, sale price, each, 75c.

Men's Chip Straw Hats, Each, 79c.

These hats are made in fedora and negligé shapes, with flaring brims. As they are very light in weight and durable, and have a brim just the right width to ensure protection from the sun, they would be ideal for farm use or outing wear, or would make a good work hat. Sizes 6 5/8 to 7 3/8. Today, sale price, each, 79c.

Children's Straw Hats, Each, 79c.

Here is an opportunity for early shoppers today to secure a hat for the children, made of Canton straw; these hats are in rah! rah! or sailor shape, with curling brim, and are trimmed with plain blue ribbon with bow at side. Some have name bands. Sizes 6 to 6 1/2. Today, sale price, each, 79c.

Main Floor, James Street.

Men's Outing Shirts Reduced to 98c And Other Warm Weather Needs For Men and Boys

An offering such as this, at the height of the season, should not be overlooked. The lateness of the season is responsible for this offering, and should you want some comfortable outing shirts, buy them now at a big saving. Included are shirts in white duck or a fine quality soisette, all with attached collars, some being reversible, and made in coat style with yoke, breast pocket and single band or double cuffs. Sizes 14 1/2 to 18. Reduced price, today, 98c.

MEN'S COMBINATIONS, ATHLETIC STYLE, \$1.19.

These are a special purchase from a Canadian manufacturer. All in athletic style, knee length and without sleeves, and are made from fine quality corded, striped or checked madras, fancy nainsook or mercerized cotton, well made. Sizes 30 to 46 in the lot. Specially priced, suit, \$1.19.

Men's Porous Knit Combinations, remnants from former sales, including suits in natural shade, with long sleeves, and in ankle length; also in white are suits in athletic style, knee length and sleeveless; all in porous knit and with closed crotch. Sizes 34 to 42 in the lot. Today, per suit, 79c.

Boys' Bathing Suits, in one piece with skirt, and fastening with 2 buttons on shoulder; of finely woven cotton, in navy blue only. Sizes 22 to 32, 50c.

Boys' "Sport" Shirts, in plain or corded white cotton shirting, with low "sport" collar, that also fastens close to neck; made in coat style with pocket on breast and imitation soft double cuffs. Sizes 12 to 13 1/2. Today, 75c.

Men's and Boys' Soft Collars, several styles in pique, madras or repp, including close-fitting or cutaway fronts, in stand-up, turn-down style, in such makes as "Arrow" and "Tooke." Sizes 13 to 16 1/2 in the assortment. Today, 3 for 50c, or, each, 18c.

Silk Half Hose Reduced to 69c

An attractive collection of Men's Silk Half Hose is another item of interest. These are full fashioned and are made with high spliced ankles, lisle thread fine ribbed cuff and sole, toes and heels extra spliced with lisle. In the assortment are plain colors, stripes and clox patterns, and in the lot are sizes 10, 10 1/2 and 11, but not all sizes in each color. All are greatly reduced in price, and some less than half usual selling price. Per pair, 69c.

Main Floor, Yonge St.

Another Great July Sale Value!

Men's Two-Piece Summer Suits, Special, \$9.25

Just the suit for comfort and style in the hot weather, and there are 150 only at this exceptional price! They're made up from soft-finished tropical weight tweeds, in a large assortment of patterns and colors, including greys, browns, and some homespun effects, in stripes and mixed patterns. The coats are cut in three-button sack style, with natural width shoulders and close-fitting collars. Some are only quarter lined, others half lined with lustre to make them cool and comfortable for summer wear. The trousers are fashionably cut in outing style, with belt loops, cuffs, 2 side, 2 hip and watch pockets. Made from materials purchased a considerable time ago, these suits could not be duplicated at this present low price, and hence it is advisable to come early to take advantage of this rare value. There are sizes from 35 to 46, and some stout men's models are in the lot. Not more than one suit to a customer. Today, sale price, per suit, \$9.25.

THE T. EATON CO. LIMITED

COMPANY YIELDS TO MEN'S DEMANDS

Strike of Telegraphers is Averted at Last Moment by Amicable Agreement.

A settlement was effected yesterday between the G.N.W. Telegraph Company and its operators at the last moment, with the result that the strike set for 10 a.m. did not materialize. At 9:55 George D. Perry, general manager of the company, and Charles E. Hill, vice-president of the union, appeared in the main operating room at the Scott and Wellington streets offices and secured a postponement for an hour, and at 10:30 Mr. Hill issued a statement that the strike was off, and that the company had yielded to the demands of the men in every particular. Thomas Taylor and George Thompson, over whose dismissal the dispute arose, have been reinstated to their former positions with full pay for lost time. Before the settlement reached Ottawa, Montreal, Winnipeg and outlying centres, the men had already quit work. In Montreal one minute after ten, only three operators remained at their keys, but the news when received, quickly brought the men back to their posts. According to an interview given by Senator Robertson in Ottawa shortly after the settlement had been announced, the company's hands were forced. When asked if the government had taken any action to bring about a settlement, he said: "We told the company that if they did not take back the operators concerned, we would assume control of the G.N.W.

Telegraph Company, which we own anyway.

The following statement was handed out to the press shortly after the settlement had been arrived at by D. B. Hanna, an official of the company. "The difficulty between the Great Northwestern Telegraph Company and its employees has been amicably settled, and the two men concerned have been reinstated. There appears to have been considerable misunderstanding between the interests concerned, but a further discussion this morning of the whole case has led to the reinstatement of the two men and, as a result, it is expected that a better condition of affairs will obtain between the company and the men generally." Through the whole discussions the union men have held to one point and that was that the first step to a settlement would be the reinstating of the two men. Thomas Taylor is a veteran of the South African War and was a member of the Canadian Mounted Rifles. George Thompson has been an employee of the G.N.W. for a great number of years and his wife is also an employee of the company.

Board of Arbitration Begins Hearing for Civic Employees

The board of arbitration which is investigating the dispute between the city and its employees met yesterday in court room No. 1 in the city hall. Commissioners Wilson and Harris were present in the city's interests. Judge Coatsworth, the chairman, announced to the reporters that the board had decided to hold its sessions in private; only those actually concerned in the hearing would be admitted. When asked if the government had taken any action to bring about a settlement, he said: "We told the company that if they did not take back the operators concerned, we would assume control of the G.N.W.

CONVENTION DELEGATES TO ATTEND EXHIBITION

Crowds of convention delegates will largely swell the number of exhibition visitors during the two weeks of the big fair, the dates for several important gatherings having been fixed for Toronto during the exhibition period. Chief Smith of the Toronto fire department, Chief Armstrong of Kingston and Chief Franz of Woodstock, yesterday visited the Canadian National Exhibition grounds and selected several acres in extent to the west of the Dufferin street gates. The convention of Canadian fire chiefs will be held from Tuesday, August 27, to Friday, August 30, and 800 to 400 delegates are expected, including a number of American chiefs. The business meetings will be held on the grounds. During the four days there will be various demonstrations of fire fighting apparatus including the latest motor equipment, engines, smoke helmets and sprinklers. All the demonstrations will take place on the space allotted to the convention at the north side of the grounds, except the water throwing and pumping tests, which will be conducted on the lake front. The firemen's convention is but one of several important meetings to be held at the exhibition. The lumbermen of the province are arranging for the holding of their first convention here, while a large gathering of representatives of the Canadian machinery trade will also be held in Toronto during the big fair. The members of the Canadian Gas Association will spend a couple of days here during the first week of the exhibition on their way from the annual meeting at Montreal. The district representative of the Ontario Government will hold a series of conferences on the grounds and talk over with officials of the Ontario department of agriculture the work of the year.

CAB DRIVER WINS APPEAL.

Carleton County Man Not Guilty of Proseuting. The conviction of Clement Quinn of Ottawa, who was tried before Judge Gunn of Carleton County, on a charge of procuring young girls, has been quashed by the appellate division Justice Clute stated that as no offence had been sufficiently charged, the indictment was bad. Chief Justice Meredith was of the opinion that as accused was a cab-driver and drove the girls and men to convenient spots that was not procuring, nor what the provisions of the code aimed at.

AMERICANS IMPROVE POSITIONS ON MARNE

With the American Army on the Marne, July 16.—The American troops on the bend of the Marne, the Fossey region, improved their positions during the night. At one place they drove the enemy across the river. The number of prisoners taken by the Americans was increased. Otherwise there had been no change in this sector. The artillery fire continued all along the line through the night.

NO MORE SOLDIERS.

No more soldiers will be sent this year to northern Ontario for settlement on the government lands, under the scheme inaugurated last fall. About one hundred were sent out this spring and summer and are now established on their farms. Carpenters have been busy erecting suitable buildings. Hon. G. H. Ferguson, minister of lands, forests and mines, stated yesterday it would be impossible to handle any more soldiers this year, altho the department has still a large number of applications on hand.

CRITICIZES ALLIES; GETS THREE MONTHS

For a breach of the order-in-council forbidding the expression of sentiments calculated to prejudice the cause of the allies, Thomas Foster was sentenced in the police court yesterday to serve three months on the municipal farm. According to the evidence of the prosecution, Foster, who is an employe of the Matthews-Blackwell Company, was in the habit of beguiling the noon hour by running down the British and criticizing England's part in the war. "From your conversation I would judge that you are either German or at least pro-German," one of the bystanders had remarked. "Yes, I am German, and proud of it," the accused was alleged to have replied. "Then why do you stop in Canada and get your living here when you hold these opinions?" his questioner had continued. "The accused was alleged to have replied to this inquiry by denouncing the British as "No damn good," and by prophesying that "the allies would be blown to hell." Defended by Charles MacDonald, Foster stated under examination that he had been for 15 years in this country and that he was of Jewish nationality.

SPECIAL MEETING PRESBYTERY.

The Toronto Presbytery held a special meeting yesterday, when two calls were considered. Rev. W. G. Rose of Boston Church, accepted the call to Delaware and Caradoc Churches, both in the London Presbytery, but will remain in his present charge until December 5. The other call was from Belmont Church to Rev. J. Hughes Stewart of Long Branch, which Mr. Stewart accepted, and will preach his farewell sermon at Long Branch next Sunday.

SELLERS NEEDED THE MONEY

Purchasers Wanted Goods But Did Not Get Them in Time.

Judge Morson in the division court yesterday reserved judgment in the case of Mildner & Co., who were suing A. Allender & Co. for a refund of \$100. The plaintiffs purchased five tons of lightweight burlap from defendants at 15 cents a pound on C. O. D. terms and defendants claimed that the delivery was not taken in the time stipulated, and so, needing the money, they resold the goods to another party at 15 cents a pound and then incurred a loss of \$200. They counter-claim for \$100 and asked that this offset the claim of the plaintiffs. Defendants held that the terms C.O.D. meant that plaintiffs were to come and get delivery of the goods from their warehouse.

PENSIONS GRANTED.

Applications for pensions for teachers were heard by the superannuation board yesterday and 23 were granted, bringing up the total of pensions granted to date to 58. The pensions range from \$55 to \$1,000 a year. The members of the board in session yesterday were A. H. U. Colquhoun, deputy minister of education; Dr. Put-land, inspector of schools, and Principal Gray, of the Oakwood Collegiate.

TRACKS WILL BE MOVED.

An amicable agreement has been arrived at between the Toronto-Hamilton Highway Commission, the York Radial and the villages of Mimico and New Toronto, whereby certain trackage at Mimico and New Toronto will be moved. The matter was given further consideration at a meeting of the Ontario Railway and Municipal board held yesterday at the parliament buildings.

BOYS ARE ALL READY TO HARVEST FLAX CROP

Boys for from six to eight canals of lads who are willing to pull flax are now available in Middlesex and Lambton Counties, according to Harold C. Hudson, inspector of labor agencies of the trades and labor branch of the provincial department of public works. There are thirty boys camped at Tilbury, and a camp was opened at Alverston Monday in charge of S. Grish, school teacher, of Toronto. The boys at Alverston are all Toronto boys. The boys range in ages from 15 to 19 and are living under canvas and are working on a generous acreage basis of from \$12 to \$15 a week, out of which they are expected to pay their board. A large number more boys are required, at least 100 from Toronto district. J. A. Miller of the provincial employment bureau is in charge of the shipping of the boys to the various camps.

DOZEN MUNICIPALITIES APPLY FOR FREE WOOD

Owing to the scarcity of coal in Ontario this year the Hydro-Electric Commission is trying to secure more power for industrial purposes so as to release more coal for domestic use. In a few weeks the new pipe line of the Ontario Power Company will be ready and this will provide an extra supply of 40,000 horse power. About a dozen municipalities in the province have made enquiries regarding the cutting of wood in Algonquin Park offered as a free supply by the government and half a dozen have already started cutting wood for use this winter. It is probable that several more applications will be received at the department of lands, forests and mines.
