

YORK COUNTY AND SUBURBS

I. S. P. DECIDES TO CHANGE NAME

Independent Soldier Party Now Known as Soldier Citizen Party.

An enthusiastic meeting of the Independent Soldier Party was held in Broadview Hall, Broadview avenue, last night. George Moore, vice-president, in the chair, when the constitution of the organization was read clause by clause by J. Drummond and adopted. The name of the association after some discussion, was changed to "The Soldier Citizen Party" by a unanimous vote of the members.

The following committee were also elected: Political committee, D. Forgie; finance committee, A. G. Condie and J. Sutherland; organizing committee, J. W. Wallace; the association was controlled by T. A. Joyce and Mrs. Sutherland; entertainment committee, Jack Campbell.

Sergeant-Major McNamara, D.C.M., M.L.A., congratulated the new political party, which he felt assured would become in the not distant future a great political body.

He pointed out that the Farmers' party a few short years ago started out with a smaller membership than the Soldier Citizen Party, whose platform was upon broad democratic lines. The speaker said he was the only independent member in the new parliament and was in favor of a free trade policy. He recognized that capital had its rights as well as labor and both would have a square deal.

The selection of candidates for municipal honors was briefly discussed, but no action taken.

Regarding the majority candidacy the meeting was in favor of the Church for re-election, providing no soldier candidate was in the field.

The east-bound traffic only will be diverted at first, to find out how the congestion is relieved.

One of the earliest settlers and best-known business men in the Riverdale district, Martin McKee, J.P., died at his late residence, 450 Queen street, on Thursday, at his 79th year, and is survived by his widow, one son (married), and four daughters.

The late Mr. McKee was born in Belfast, Ireland, and came to Canada in 1852. He purchased a site in Leestville and engaged in business as a general storekeeper. Later he established a planing mill and lumber yard on his property, which he carried on for 25 years.

to Fight Fire in the District.

A special meeting of Fairbank ratepayers was held at the clubhouse, Harvie avenue, for the purpose of discussing the formation of a volunteer fire brigade for the district. A. E. Camp was in the chair. It was moved by A. Leonard "that a volunteer fire brigade for the district be formed." The motion carried unanimously.

Mr. Whites gave details of the equipment, supplied to Mount Dennis station.

It was decided that the district be from St. James street west to Centenary, and the Belt Line south to city limits, and that the location of the firehall be left over for the chief and officers to decide.

W. H. MATON IN HOSPITAL.

W. H. Maton, Dufferin street, a well-known resident of the St. Clair district, is a patient in the Western Hospital. From latest reports he is progressing favorably.

EARLSCOURT CONGRATULATES MACGREGOR.

One hundred and one telephone calls in one day to congratulate Ald. Donald MacGregor, ward six, for his stand on retaining the name of Earlscourt instead of changing it to Albany, and all coming from Earlscourt residents, is said to be a record.

At the city council meeting Ald. MacGregor secured a majority of 15 votes to 4 against any change, although 102 owners out of 143 residing outside and inside the district wanted it changed to Albany. Such a large number of calls shows the keen interest in the retention of the name of Earlscourt, which has always been jealously guarded by residents. It is said that not even Controller McBride has ever had so many telephone calls in one day over any matter of such urgent publicity.

POULTRY MEN SEEK MEMBERS.

The Earlscourt Poultry and Pet Stock Association held a meeting last night at 1228 St. Clair avenue. President R. R. Harris being in the chair. Secretary W. G. Sanderson reported on the members, and a discussion took place on the various breeds of chickens suitable for show purposes. The objective is a membership of 500, and special efforts are to be made to exceed this number.

BANKING ON BALLANTYNE

The Labor party in the northwest district is banking on Ballantyne running for mayor this year. His effort in 1919 to secure a seat in the city hall was considered very satisfactory for an unknown man, and those who disagreed with his views gave him credit for a carefully-thought-out Labor platform. A well-known local veteran, who gained some ground in the war, is another candidate for the mayor's chair. At present he is looked upon as the "dark horse" of the municipal campaign.

WARD SIX POLITICS BOOMING

Ward six politics are booming, and many local names are coming forward for both alderman and controller. To the World, O. Earl Hodgson is a name that has been mentioned. I look after its varied interests, and I intend to make a big fight for a seat in the aldermanic council. I was born and raised in Earlscourt, and have been in business there for ten years," he added.

RUNNYMEDE CLUB ACTIVE.

The work of the Runnymede Community Club is progressing very favorably in the district, and the president of the club is certainly making itself felt. Many improvements are now under way, and it is evident that more work will be done in the district.

D. Brunton, J.P., president of the club, is supported by a good working executive, who have been instrumental in having a largely-signed petition against the smoke emanating from the C.P.R. roundhouse at St. Clair avenue and Runnymede road, and which is now ready for presentation to the railway board.

Mayor T. L. Church of Toronto has promised to address the Community Club at its next meeting on Thursday evening, Dec. 11, when a number of other subjects will also be taken up.

Following a conference with a committee of operators, the governor announced postponement of the negotiations and stated that personally he considered the prospects for settlement good.

The all conferences were held behind closed doors and no statements as to the proposals for a compromise were made public. This is about 6 per cent over Secretary of Labor Wilson's proposal which the miners indicated they would accept and 11 per cent more than the federal government's proposal which the miners rejected.

IMPERIAL BONUSES MAY BE DELAYED

Ottawa Announces It Will Be Necessary to Get Over-Sea Reports.

Ottawa, Dec. 5.—That the payment of the imperial bonuses to former members of the imperial forces, as provided for by an order-in-council recently passed, may take some time, is indicated by a statement handed out this evening through the militia department. The statement points out that in order to determine the gratuity to which applicants may be entitled, it will be necessary to obtain certain information from the imperial authorities. In the most favorable cases this investigation may take sixty days, and in the difficult cases, six months. The statement follows:

An order-in-council has been passed authorizing the payment of war service gratuities to former members of the imperial forces, who were bona fide domiciled in Canada at the outbreak of the war, who returned to Canada after discharge from such forces and who are bona fide domiciled and resident in Canada at the date of application for gratuity.

The expression "who returned to Canada after discharge" is extended to and includes officers, and other ranks, who hereafter return to Canada, who did not leave Canada, or who returned to Canada before discharge.

Place All On Equal.

The main purpose of the regulation is to place all on an equal basis. The imperial forces in the service were provided for as their service had been in the Canadian forces. Applications of those entitled, under these regulations, must be submitted before the 1st of July, 1920.

Forms of application and full information may be obtained from the paymaster-general, Canadian building, Ottawa; the assistant directors of pay services in the militia district, and the various branches of the imperial veterans in the Great War Veterans' Associations.

The all conferences were held behind closed doors and no statements as to the proposals for a compromise were made public. This is about 6 per cent over Secretary of Labor Wilson's proposal which the miners indicated they would accept and 11 per cent more than the federal government's proposal which the miners rejected.

MONARCHICAL CAMPAIGN POSSIBLE IN GERMANY

London, Dec. 5.—A German despatch received here tonight says the German government agrees with the recent statement of Phillip Scheidemann, former foreign secretary, that a successful monarchial campaign against the government is possible, and that the activity of the monarchists is due to the severity of the entente in handling German questions.

"An understanding on disputed points and a speedy ratification of the peace treaty would, however, take the wind out of the sails of the reactionists," says the despatch, "and also paralyze the agitation of the Independent socialists against an understanding with the entente."

The wireless says that the government has decided to preserve the Kaiser's tomb as a monument to art and convert it into a museum.

DRIVER CLAIMS TO HAVE ALIBI

Inquest Into Death of John C. Lawson Brings Perplexing Evidence.

Evidence given by the various witnesses at the inquest last night on the death of John C. Lawson, a returned soldier, who was struck and killed by a motor car at the corner of York and Adelaide streets on the night of Nov. 27, was of a very baffling nature.

According to the evidence submitted Lawson was walking down York street with three friends to catch a King street car. At the corner of Adelaide he stepped off the curb with one of the party and was struck by the motor, which threw him to the ground and ran over his body. No warning had been given from the car and only one member of the party saw the auto clearly, which he said was going at a good speed. The car did not stop, but put on more speed and continued along Adelaide street west.

Police Give Chase.

P.C. Greenies happened to be at the corner of Adelaide and York streets at the time of the accident, and jumped on the running board of a car driven by Thos. Chadwick, 883 Bathurst street, and gave chase. P.C. Greenies testified to having pursued the car, which he alleged had struck Lawson, along Adelaide street, which he said was going at a good speed. As the car turned down Peter street it was lost sight of. Applications of those entitled, under these regulations, must be submitted before the 1st of July, 1920.

Forms of application and full information may be obtained from the paymaster-general, Canadian building, Ottawa; the assistant directors of pay services in the militia district, and the various branches of the imperial veterans in the Great War Veterans' Associations.

FRENCH VESSEL SUNK OFF NOVA SCOTIA COAST

Sydney, N. S., Dec. 5.—The French steamer Colmar, Capt. Simon, was reported sunk in latitude 44.33 north and 69.56 longitude west, according to a wireless message received by Vincent Mullins, local agent of the marine department, at midnight to-night. The steamer, Missisquoi, was standing by and had succeeded in rescuing fifteen members of the crew, but twelve other members of the crew were adrift in an open boat and had not been picked up when the wireless message was received from the Missisquoi.

The scene of the foundering is on the Nova Scotia coast, somewhere between Canso and Sable Island. No details beyond those above mentioned were given.

ITALIAN SENATE CHEERS FOR KING

Tittoni Says Italy is Genuine Democracy Without Touch of Plutocracy.

Rome, Dec. 5.—"A union of all the best citizens in an imperative duty," said Tommaso Tittoni in a speech delivered on his assumption of the presidency of the senate today. "Concord in the senate would be setting an example for the country, thereby inducing the latter to consider the irreparable losses caused by suicidal abstention from voting." He continued, after alluding to the small number of constitutional electors who went to the polls in the last general election.

"The work of the peace conference was slow and uncertain, not always coherent and not always considerate enter the war or of their legitimate enormous sacrifices." Signor Tittoni added. "This attitude of the peace conference produced discontent and unrest, which has been especially felt in Italy, whose war aims found the greatest opposition."

Signor Tittoni was interrupted by cheers for the King when he said: "Let me express the deep loyalty of the senate to our august sovereign."

Italy, a true and genuine democracy, without the least touch of plutocracy," he continued, "is animated only by ideals of equality and justice. Viva the King! Viva Italy!"

The entire senate arose and joined in the chorus.

The socialist deputy Misiano, who before his election to the senate, was absent from the country, was condemned by an Italian military court to be shot for desertion, and who for a time had been imprisoned in Germany on a charge of participating in revolutionary movements, made his first appearance in the chamber today. When asked to take the oath he said:

"I swear, wishing for a social revolution soon."

Some socialist deputies applauded this utterance, but the remainder of the chamber booed.

THE BRUTE.

The other day a woman entered the office of Lou Guernsey and asked him to be her lawyer in a divorce case. She said she had been married only a day.

"Married only a day, and you want a divorce?" gasped Guernsey incredulously.

"Yes," insisted the woman, and explained:

"When my husband came home from the office I was crying. He asked me why and I said, 'Oh, John, I baked a lovely cake and put it out on the porch for the frosting to dry, and the dog ate it.'"

"And John said, 'Don't cry, dear, I know a man who will give us another dog.'"

DISCUSS ABOLISHING POLICE COMMISSION

Declare This Was Advocated at Secret Conference of Kitchener Aldermen.

Kitchener, Dec. 5.—(Special).—The special council meeting called to meet in the city hall this afternoon at two o'clock for the purpose of reviewing the incidents which occurred on Monday night, and resulted in an abrupt end to the proceedings, failed to materialize, as there were not sufficient aldermen present to make a quorum. Mayor Gross called the meeting to order at three o'clock, after waiting an hour. He stated that while there was no quorum he wished to state that the purpose of the meeting was to talk over the incidents of Monday night last, and he regretted that the aldermen had not responded to the call for the meeting. The meeting promptly adjourned. There were about six war veterans on hand to watch the proceedings.

Hold Secret Conference.

As soon as the aldermen left the council chamber they went into a secret conference behind closed doors. From what can be learned they discussed the question of abolishing the police commission as a protest in a manner in which the police handled the mob on Monday night. It was insisted following the conference by one of the aldermen that the police commission would be one of the principal issues before the new city council to be elected in January. The same alderman also stated that the police alderman and Alderman Bowman, who were the quarry of the mob on Monday night, were unusually quiet at the secret conference. The veterans are causing a close watch on every move made by the council.
